Always Dependable In The World's Rough Places

Where motor car dependability is most vital Dodge Brothers Motor Cars are most highly prized. These cars maintain regular schedules over the roughest terrain of Mountaineers, the desert to Baghdad and a thousand other places too severe for cars less sturdy.

Many Dodge Brothers Motor Cars have travelled more than 200,000 miles each. One hundred thousand mile records are common. Of the 1,500,000 Dodge Cars manufactured in the last 11 years, over 90% are still in use.

"CANADIAN FARM" LIGHT TRUCK

WITH ALL STEEL BODY AND ALL WEATHER HOOD, SELF STARTER, INDEPENDENT LIGHTS AND 7 TYRES.

£190 RUCKWELL MODEL 210-3000

Being the age of economical transport, many things are accepted and omitted not looking that would have been possible a few years ago. The Ford truck had been the most important factor in this development in carrying large produce loads. In fact without this important means of transport many farms in the East would still be underplanted.

THE FORD LIGHT TRUCK IS THE LAST WORD IN DEPENDABLE AND ECONOMICAL TRANSPORT WITH THE COMFORT OF A PASSENGER CAR.

Something new in Motor Car Performance

The smoothness and quietness of the Greatest Buick Ever Built defies description.

This remarkable motor car is vibrationless and noiseless beyond belief—an accomplishment that startled the motor car industry.

We hope someone else tells you that some other motor car also is vibrationless

For them you may be induced to drive the two cars and compare them.

And you will appreciate better the amazing smoothness of powerflow at every speed; which now belongs to Buick.

Drive the other car, then drive Buick, before you spend your money?

Something new in Motor Car Performance

The smoothness and quietness of the Greatest Buick Ever Built defies description.

This remarkable motor car is vibrationless and noiseless beyond belief—an accomplishment that started the motor car industry.

We hope someone else tells you that some other motor car also is vibrationless

For them you may be induced to drive the two cars and compare them.

And you will appreciate better the amazing smoothness of powerflow at every speed; which now belongs to Buick.

Drive the other car, then drive Buick, before you spend your money?

THE BIG NAIROBI SHOW IN 1937.

First List of the Classes.

ALL EAST AFRICAN

The Agricultural and Horticultural Societies of Kenya have decided to hold the 1938 Nairobi Show (opened on Wednesday, December 28, 1938) and the 1939 and 1940, 1937. Every effort is being made to make the Show an East African Show and to include exhibits from every part of the East African continent.

An initial list of classes follows: **Major**—Wheat, and various fruit products to be published before the commencement of the Farming course. At the same time a very urgent appeal is made to all Farmers to hold their own show, current crop, sufficient produce to enable them to compete in the classes mentioned. It is further stated that there is no advantage in any of these classes and that it is only the former holding exhibits in these classes that will have classes set for them.

The Agricultural and Horticultural Societies of Kenya have decided to hold the 1938 Nairobi Show and an advisory committee has been appointed to represent the agriculture and produce of the Colony and to advise on the more progressive and to be held. The Society therefore on every farmer to help them to make the commencement of the exhibition a show worthy of and representative of the Agricultural Industry of East Africa.

It is still necessary that exhibitors should be registered in the local list, exhibition will be held in the public from 10 a.m. to 5 p.m. and the other Free List will be held back till 8 a.m. to 5 p.m. on 29th.

from a different form or holding in this case the names of the Farms or holdings must be clearly stated on the entry form)

Something new in Motor Car Performance

The smoothness and quietness of the Greatest Buick Ever Built defies description.

This remarkable motor car is vibrationless and noiseless beyond belief—an accomplishment that startled the motor car industry.

We hope someone else tells you that some other motor car also is vibrationless

For them you may be induced to drive the two cars and compare them.

And you will appreciate better the amazing smoothness of powerflow at every speed; which now belongs to Buick.

Drive the other car, then drive Buick, before you spend your money?

Prohibition at the Deep Water Pier.

For the last few days (Wednesday 19th, Thursday 20th, Friday 21st, Saturday 22nd) the prohibition of liquor at the Deep Water Pier, apparently as long as a mile, has been strictly enforced. It is at London or Paris with all the usual paraphernalia and only the land up to the pier is open to the public. People are expected to do their shopping at the pier and only the land up to the pier is open to the public. Trucks That Do The Work

When men and equipment are put to the test, it is power, strength and reliability that count.

These are the very qualities most desirable in commercial hauling for any business. Give Graham Brothers Trucks or Buses hard jobs that take unwavering endurance and they do the work. They do it at low cost throughout their long lives.

Graham Brothers Trucks with Drive Shafts in the Commercial Class cost 11% of the cost of other trucks.

Always Dependable in the World's Rough Places

Where motor car dependability is most vital Dodge Brothers Motor Cars are most highly prized. These cars maintain regular schedules over the pathless wastes of Mesopotamia, the desert to Baghdad and a thousand other places too severe for cars less sturdy.

Many Dodge Brothers Motor Cars have travelled more than 200,000 miles each. One hundred thousand mile records are common. Of the 1,000,000 Dodge Cars manufactured in the last 11 years, over 90% are still in use.
