Furnishing is Easy

This remark applies to furnishing done in the Jacobs way. Our's extensive knowledge of the requirements of the country enables us to supply the most suitable class of furniture for each individual's requirements. Our well equipped workshops enable us to reduce the manufacturing costs to a minimum. The excellence of the articles we turn out is recognised by all and sundry throughout the Colony. Furniture made by Jacobs, always realises good prices when offered for re-sale and it should be borne in mind that this is a very important point in this country of frequent leave and home going. When you buy Jacobs furniture you buy also the Jacobs guarantee of quality and good workmanship. Our stocks of timber ensure seasoned wood in every job we turn out, our close supervision of all jobs coupled to the fact that we employ only the best of highly-trained craftsmen in all stages of manufacture enables us to live up to this guarantee. In the matter of style our furniture is pre-eminent, we can make any selected design correct in every detail. We specialise in period designs and have considerable experience in making them true to type. If you are furnishing or adding individual items to your house let us quote you for whatever you want. Remember we only make one class of furniture. "The Best."

CHAMPION Dependable for Every Engine.

50,000,000 for FURDS as Standard Equipment

There can be no greater proof of Champion's durability than the fact that Champions have been standard equipment on Ford Cars and Trucks for 13 years and on Fordson Tractors since they were introduced.

Any article of equipment must consistently maintain the very highest standards to retain the confidence of the Ford Corporation.

That Champion has done so for 13 years is simply another proof that Champion is the better truck. This is what Ford means when they say they will use only the best.

ECONOMY and DEPRECIATION

It is far more economical to suffer the heavier depreciation on a smaller value than the same proportion of depreciation on a larger value. For supervising the labour on your Estate or for your business purposes in Town, it is very considerably more economical to use a Motor Cycle and your Car for pleasure runs.

CONSIDER THIS.

Running expenses of a Motor Cycle are almost negligible when compared with car upkeep.

IS YOUR FARM A BUSINESS PROPOSITION?

If so, you study production costs, and therefore should be able to appreciate the economy and

THE CROSS-WORD PUZZLE.

On the feature page today every day a series of cross-word puzzles, which are given in progress in the columns of the E. A. Standard for almost a year. The feature has proved to be an extremely popular one and the puzzles are being continued throughout with the intention of making the puzzles more difficult than those of the past.
