Ford**Smart-Looking Cars with Many
Added Features**

NOW in the latest Ford body types there are all the things which you, yourself especially desire in your own car. Your first thought on seeing them will be of their attractiveness. The bodies are lower and have a lengthened "streamline" treatment. The closed cars are now finished in colour. You will welcome, too, the increased roominess, the greater riding comfort and the many convenient new features.

The fact that all this has been accomplished without raise in price is even more impressive. Ford value, for years holding unchallenged leadership in the motor car market, reaches a new high peak, through Ford production—its volume and economy of manufacturing methods. See these cars at the display room. Let us arrange a demonstration ride. You will agree that here is the car you have always intended to buy.

The Service Company, Limited.

U.W.C.A. AND THE COST OF LIVING.

Deficit on Year's Working.

The financial year ending 31st March 1926 has just closed and the U.W.C.A. has published its annual report. It shows a deficit on the year's working of £1,200. This is due to the fact that the cost of living has risen so much that the U.W.C.A. has had to increase its rates of contribution. The report also shows that the U.W.C.A. has been successful in its efforts to improve the conditions of the workers and to secure for them a more equitable share of the national income.

THE EAST AFRICAN TERRITORIES.

IS THE HATCHET BURIED IN CHINA?

Hospital News of Warring War Lords.

The British Medical Association has issued a report on the state of the hospitals in the East African territories. It states that the hospitals are generally well equipped and that the medical staff is well trained. However, there is a need for more hospitals and for more medical staff. The report also mentions the fact that the hospitals are often overcrowded and that the patients have to wait a long time for treatment.

Men who get things done

Only 100% efficiency in the office. The man who gets things done is the man who is efficient. He is the man who is able to do more with less. He is the man who is able to get things done in a shorter time. He is the man who is able to get things done in a better way. He is the man who is able to get things done in a more economical way. He is the man who is able to get things done in a more effective way. He is the man who is able to get things done in a more successful way. He is the man who is able to get things done in a more profitable way. He is the man who is able to get things done in a more satisfying way. He is the man who is able to get things done in a more enjoyable way. He is the man who is able to get things done in a more interesting way. He is the man who is able to get things done in a more exciting way. He is the man who is able to get things done in a more thrilling way. He is the man who is able to get things done in a more adventurous way. He is the man who is able to get things done in a more daring way. He is the man who is able to get things done in a more bold way. He is the man who is able to get things done in a more courageous way. He is the man who is able to get things done in a more brave way. He is the man who is able to get things done in a more heroic way. He is the man who is able to get things done in a more noble way. He is the man who is able to get things done in a more virtuous way. He is the man who is able to get things done in a more honorable way. He is the man who is able to get things done in a more respectable way. He is the man who is able to get things done in a more reputable way. He is the man who is able to get things done in a more creditable way. He is the man who is able to get things done in a more commendable way. He is the man who is able to get things done in a more praiseworthy way. He is the man who is able to get things done in a more admirable way. He is the man who is able to get things done in a more estimable way. He is the man who is able to get things done in a more respectable way. He is the man who is able to get things done in a more reputable way. He is the man who is able to get things done in a more creditable way. He is the man who is able to get things done in a more commendable way. He is the man who is able to get things done in a more praiseworthy way. He is the man who is able to get things done in a more admirable way. He is the man who is able to get things done in a more estimable way.

Uganda Railway

Tender for the Supply of Camper Logs

1. Tenders are invited for the supply of 200 tons of camper logs for use at Uganda Railway Station.

2. Tenders for part or the whole of the above quantity will be considered.

3. Tenders must specify the date delivery will commence and within what period the deliveries will be completed.

4. The price must be for per ton of 20 cubic feet.

5. Logs to be measured by the quarter girth system under the bark.

6. Logs generally to be 12 feet long to 18 feet in length with a girth of not less than 12 inches at the part of the log. Exceptions would be made in the case of exceptional girth and low trees to 10 feet in length. The average girth of logs supplied must not be under 10 inches.

7. Logs to be straight from ten felled ground and forks also free from large knots or loose knots of any size.

8. Logs will be inspected by the Railway before loading and payment will be made on or before the fifteenth of the month following that in which the logs are loaded on the Railway.

9. Sealed tenders marked TENDERS FOR CAMPER LOGS should reach the Chief Storekeeper, Uganda Railway, Nairobi (P.O. Box 40) on or before the 30th instant.

10. The lowest or any tender will not necessarily be accepted.

DISTRICT NOTES.

From Our Correspondents.
Kisumu. The annual general meeting of the Kisumu District Council was held at the Kisumu Club on Monday afternoon, January 12th.

INTERVIEW WITH ALAN MAIZE STATISTICS FROM COBAM.

Nairobi Visit Promised on Future Return.
Mr. Alan Maize, Chief Commissioner of the Cobalt and Bismuth Administration, was interviewed by the Standard on Monday afternoon, January 12th.

Mr. Alan Maize, Chief Commissioner of the Cobalt and Bismuth Administration, was interviewed by the Standard on Monday afternoon, January 12th. He discussed the current state of the industry, the challenges faced by the miners, and his plans for the future. He mentioned that the industry is facing a period of depression and that the government is taking steps to support the miners.

Public Works Department Contracts for Works During 1920

The list of Contractors who wish to be invited to tender for works during 1920 is now being prepared by the Public Works Department. The list includes various types of construction work, including roads, bridges, and public buildings. The department is currently reviewing the applications and will soon issue tenders for the various projects.

Poultry Notes. NOT WEATHER AND THE POULTRY

As the weather in the poultry world is so variable, it is not surprising that the poultry industry is facing many challenges. The weather is affecting the health and productivity of the birds, and this is causing concern among the breeders. The industry is looking for ways to mitigate the effects of the weather and to improve the overall health of the birds.

Not Only Performance But—

Buick Standard Six Touring 2415
 Buick Standard Six Coupe 2445
 Buick Master Six Touring 2485
 Buick Master Six Coupe 2515

TAKE one of the new Buicks and try it on the steepest hill you know of. You will be amazed the way it surpasses the performance of any other car.

Subject the Buick to any test you can think of—You will be captivated by the charm of Buicks unique responsiveness.

But most important of all is the fact that back of Buicks astonishing road performances is a strength of construction, a high standard of design, an unmatched degree of finish and workmanship that place Buicks far in advance of any other car.

Hupmobile

When the 8-Cylinder Hupmobile was launched upon the market it created a sensation throughout the entire world.

The new 8-Cylinder Hupmobile has been on the African Market only a few weeks and is selling faster than we can make deliveries.

We ask you to ride in it, drive it yourself and we assure you will agree that in the no distant future this 8-Cylinder Hupmobile will be the biggest selling 8-Cylinder car in the world.

Quality and actual value for the money will always predominate over sensational advertising.
