POUGH FOR LESS!
Sentinel Roadless Tractors
 PRODUCT OF **Sentinel Wagon Works, Ltd.**
 SHREWSBURY, ENGLAND.
 Simple Rugged Efficient Economical.
 Sentinel Tractors and Wagons burn coal, wood or boiler, delivering superheated steam at 200 lbs. pressure to probably the most economical and powerful steam engine, for its weight, ever built.
 The engine develops 50.70 B.H.P. according to quality of fuel used, on a water consumption of about 3 gallons per Brake Horse Power Hour.
 Sentinel Roadless Tractors are capable of a draw-bar pull of up to 6 tons at starting. Weight provided, approximately 8 tons. Plough capacity, 8 to 15 furrows depending upon nature of ground and depth of ploughing.
 For use with these tractors we recommend Messrs. J. & H. McLaren's ploughs, designed and built to stand the punishment.

CONFERENCE OF GOVERNORS.

Outline of Important Agenda under Discussion.

AIR ROUTE, LABOUR, SETTLEMENT.

Opening Speeches by Sir Edward Grigg, Sir C. Bowring, Sir Wm. Gowers, Sir Donald Cameron, Mr. A. C. Hollis and Mr. Ljyal.

The Conference of Governors of East African Territories opened at Government House, it is held on Tuesday.

The main business of the meeting and importance of the items which will be discussed in the published tabular statement are the first items to receive consideration will be the question of the Rhinoceros Airways and the establishment of wireless communication in the East African Territories.

The Conference held its first meeting on Tuesday morning when an opening speech of welcome was delivered by His Excellency the Governor of Kenya.

Following the opening speeches the business of the conference will appear before the members of the Conference of Governors to discuss their method of work and they agreed that it would be advisable to model their deliberations very largely on the lines of the Conference of 1921 and 1923.

The question of wireless communication was considered and a provisional programme of work was agreed upon relating directly with various matters which had been previously discussed in detail.

The following are the main items for discussion at the conference: (1) COMMUNICATIONS.

(2) THE QUESTION OF THE RHINOCEROS AIR ROUTES AND THE ESTABLISHMENT OF WIRELESS COMMUNICATIONS IN THE EAST AFRICAN TERRITORIES.

(3) THE QUESTION OF THE ESTABLISHMENT OF WIRELESS COMMUNICATIONS IN THE EAST AFRICAN TERRITORIES.

The Fashioning Machine.

The new machine is a beautiful one... it is especially constructed for the purpose of making dresses...

With pieces are often set into the fabric... the slightly pressed out as in being...

Only for the very young and slender in the making... the machine will give results to the utmost...

Individuality.

Our women are just to that dress... they no longer a uniform and one...

Fashions are much more varied... than they have been in the past...

To achieve this there are some... that must be studied by the women...

The dress for the winter... must be made of heavy materials...

The dress of the past... was a simple affair...

A group of garments from a... family of dress which will be suitable...

Waterproofs... Four-inches... Internationally recognized as the world's finest...

Holeproof Hosiery

Never Forget that the exquisite appearance of Holeproof Hosiery—the lovely new colour, the lustrous fabric, the soft—

is in one part of its superiority. Note that in Holeproof, it is in no other. There is quality to match beauty. Amazing ability to wear—to withstand laundering.

Ask your dealer. Look for the Holeproof trademark. Wear this famous Milwaukee brand for style—and economy, too.

THE COLONIAL SECRETARY.
The Hon. E. D. Brooke, Colonial Secretary, said that he had made, he said to the recruiting of the Government of Kenya.

They thought there might have been a misunderstanding of Mr. Burke's position to that matter. They did not grant the Government of Kenya the right to exercise jurisdiction but when they were told that they should have men who were to Kenya—hence they believed that they should have men who were to remain here, and they thought that the question as to whether they should be sent to Kenya or not. It is thought that feeling was shared at home and that the men not realized in those quarters were inclined to receive the matter differently.

It was not certain as to whether they would want to come to Kenya, and they said that they would want to come to Kenya as a whole.

When they were told that that which was men were willing to go, they were told that they were not willing to do so, and they were not willing to do so in the recruiting of Kenya. Kenya would be the best men to go to Kenya, and they were not willing to do so in the recruiting of Kenya.

THE NATIVE SERVICE.
A reference to Dr. Gilchrist's report and recommendation on the formation of a Native Medical Service, the Colonial Secretary declared the recommendations were such that the Government would be bound to accept them; they were essential and necessary, and the Government would be bound to accept them.

Dr. Gilchrist also considered that while there were excellent material young native doctors, it was necessary to send African into the lower branches of what was necessary to give them instruction, which education should be given in the form of a medical school, and that the Government should be bound to accept them.

SUPER-EDUCATION.
Mr. Burke believed that no more than the number of African students beyond the 300 that they would be bound to accept them. The Government would be bound to accept them.
