New Development of China Conflict

ture has given attention to subject for some years, the arrests Director, coming to Kenya free South Africa, could not fail to vgard the presence of the Prickly Pour as a possible danger, at least until he had acquainted himsen with the local conditions. The importation of the Prickly Pear has been prohibited but the Department has not not instead the enter or semi-arid areas as food for stock in periods of drought; but

ing food source. We understand

appears that a spineless cactus, i neglected, develops its hereditar space again and becomes a Prickly Pear! There is no indication, bowever according to our information ally in Kenya, except perhaps in some districts. The Prickly Pear was, for instance, introduced to the Plateau by early Dutch settlers as cattle food and has therefore been established there for years, but Kenya is not a natural habitat. Purther, we are told that conditions fiere are not similar to those m South Africa where the Prickly Pear did become a danger and has to be destroyed in densely covered areas where land was valuable for areas where land was valuable for crop production with the aid of irrigation. Legislation exists now in Kunya for dealing with a problem of this kind and we would direct the attention of our correspondent

on attention of our correspondent to this machinery. The recently in-traduced Copy Production and Livestock Ordinance is designed to give powers to forerments to probable the cultivation of designed to give powers to forerments to probable the cultivation of deliberrons or disagrants are not admitted.

THE NEW HUPMOBILE SIX

A Smoother Road to Happiness

THE New Hupmobile Six comes to fill the insistent public demand for a moderate priced six cylinder motor car of genuine quality. Smooth power coupled with dependabil-

ity speed, fervour, anxious acceleration tempered with four-wheel brakes - a hardy chassis that scorns shocks - semielliptic springs and balloon tyres to make every road velvet - these are some of the fundamentals that distinguish the Touring and Pour-Door Sedan Models of the New Hupmobile Six.

Add the exquisiteness always associated

with Hupraobile body-design—the extraspacious compartments for driver and passengers—the restfulness of the upholstery—the fineness of the complete equipment -- and you will agree that a new standard has been reached in sixcylinder motor car manufacture.

One cannot realize the all 'round excellence and enduring comfort a motor car can attain until he has actually tested the New Hupmobile Six on the road. We advise an early inspection that the advantages of this motor car may the mooner be enjoyed.

Motor Mart & Exchange

within both type as Nature, as a fine bread making waterly waterly as the second of th

To get really cheap transport

is to use the make of vehicle which gives the longest service at lowest running cost.

No matter how cheap the price of an inferior vehicle may be, the British-built Albion is always a better bargain because of the large and continuous saving on working ex-penses and repairs which its sound design and construction ensure. Its unequalled economy is constantly confirmed by actual records kept by large transport users.

Where motor spirit is difficult or expensive to purchase, Albion vehicles can be fitted with special patented paraffin or kerosene carburettor.

SPEED WAGON

These Features Show Fitness to Rural Requirements

A brutally rugged enginehigh-powered and time tried-

Spiral bevel gear drive for fleetness and smoothness.

Double-frame chassis for long life and easy accessibility.

impressive leadership

The large and growing number of Buick cars one sees on the roads of Kenya to-day indicate clearly the remarkable success of the cars themselves and the character and efficiency of the service behind them.

BUICK meets the new demand for per formance as no other car in the world has ever done. Its speed and comfort are unsurpassed

even on the roughest of roads. Its power on hills is a revelation.

Its economy has established an entirely, new conception of engine efficiency,

The gliding smoothness and ghostly quiet-ness of the new Buicks are profoundly impressive. Vibration and engine noise are entirely absent.

This remarkable engine performance combined with a light acting and instantaneous car control prove a sheer delight to the driver.

To the superiority of its amazing perform-ance results, the Buick enjoins an absolute freedom from mechanical worry.

An Air Cleaner keeps all dust and road dirt out of the engine.

The Oil Filter purifies the crankcase oil as

The Petrol Filter prevents any foreign substance or water from entering the carburettor.

Dipping Head Lights make night driving perfectly safe.

And these Buick cars are "berviced."

Serviced by highly paid, skilled men, whose loyalty to the organization and its ideals is firmly rooted.

Serviced by men working under ideal conditions in a building designed with special regard for the climate and the particular requirements of the business.

Serviced by alert obliging men who take a pride in their craftsmanship, and with whom you will find it a distinct pleasure to deal.

When better automobiles are built Buick will build them.

TRANSPORT OF LABOUR

To the Editor, "E. A. Standard."
Sir,—I must again ask you to
insert a letter concerning the
Kenya and Uganda Rallway.
This time it is to ask errployers
of labour to try to do something in
the matter of getting the Rallway
to remove labourers from Kisumu

to remove labourers from Kisumu when saked to do so.

The labourers trains have for years left on Wednesdays and Esturdays but, as often as now, the accommodation is so limited that hundred of natives are left behind and have to waif one or

On the fiel for instance, tnee-wege over 400 laoburers at the station and the only accommodar tion available was one carried properties of taking 40 men.— One could not say much if this were an isolated instance but it is not; it is rowaleys a contant occurrence, so much so that labourers in some cases get fiel up. Marity all the labourers men-tioned above on away on the fi-tioned above on away on the tioned above got away on the 5th-two days later less about 20 per cent who have gone back to their

ATKINSON'S Celebrated

Scape, Toilet Powders, etc.

Balvation Army Flag Day.

The Annual Self Denial Flag Day will be held on Saturday the 19th inst. This has been observed since the Army's advant into the Colony. and has been generously lotti man, since the Army's advant into an Colony, and has been generously supported by the public. From this fund writes Commissioner Stevens, the social work is largely supported. During the past few weeks ple who seem to have thought that fortunes awaited them if they suce arrived at Na'robi. After secting with considerable disointment, they are now hoping

I will however draw the atten

tioh of the Governor to the hon. Member's question.
