How Fast Does Your Car Depreciate?

It isn't only one which depreciates a car - when you buy you want to be certain that the makers are not going to produce an entirely new model next year and thereby leave you second hand value for your car.

STUDEBAKER has adopted a "no yearly model" policy. As small improvements are perfected so they will be fitted to new cars but there will be no radical changes making your car out of date.

The Choice of Kings

M. George Overton one of the greatest agriculturists in the produce of the grapes of a handsome grove at the Carlton Hotel on Wednesday October 21st spoke regarding the history of the champagne trade, which he said, reaches back as far as 99 A.M. Overton told the King and Queen who have favoured the wine. As throughout the ages, including King Edward, who when he ascended the throne, before he was well as after his accession, knew that the champagne of his profession was Daintry Extra Dry.

and Commomers

At the same luncheon Mr. Clement K. Shorler said it was not difficult for his whisky to be taxed when he had not done so since he had endeavoured to make up the loss. He then pronounced the following parody, the original of which is well known.

Old wine is the best drink.
But when I get that word
The best of nothing.
I'll improve myself
But I'm sure that with my eye
I'm sure by the time
I'm sure by the time
I'm sure by the time

Although the most careful investigation was carried out at Kildinny by the Inspector in connection with the agents, yet on arrival at the docks, the goods were found to be in a state of decay. It is believed that the goods were damaged by the agents in the process of unloading. The goods were found to be in a state of decay. AN AFRICAN HALL FOR AN AMERICAN MUSEUM.

Carl Akeley's Inspiration.

FORCE OF ARTISTS AND HUNTERS ON A FIFTEEN YEARS TASK.

(By R. A. Sanderson, Special).

For twenty-five years Carl Akeley, artist, naturalist, explorer, taxidermist and inventor has been endeavoring to secure for the American Museum of Natural History in New York City an African hall of the greatest beauty and interest. Long ago he came to the realization that the day of the stuffed mammal looking upon man has gone for ever and that the best and only really effective way of bringing into the world of art and science the true picture of the African continent is to have a museum in which the African...

THE LIEBOWITZ OF REALITY.

African Hall comes as an answer to the aspirations and wishes of people. It will mean that the continent of Africa is playing back to the world the work it has done for the world. It will mean that the continent of Africa is playing back to the world the work it has done for the world. It will mean that the continent of Africa is playing back to the world the work it has done for the world.

It is not a museum of the past, but a museum of the present. It is not a museum of the past, but a museum of the present. It is not a museum of the past, but a museum of the present. It is not a museum of the past, but a museum of the present. It is not a museum of the past, but a museum of the present.
