TUESDAY, JUNE 29 1936

Since his statement made at the COMING BYE-ELECTION IN East African Dinner at the beginning of this month, the Secretary of State for the Colonies has found

it to be necessary to clarify his views in regard to the future status Retirement of Sir Patrick of the mandated territory of Tan-Hastings. ganyika. We have not yet before us the full speeches delivered at (By WERE, RAS.)

aceptions that British tenure in Tanganyika Territory was something temporary. He said that our obligation was "to observe our tionally with regard to Kenya and Uganda." If that means anything at all—and it is unnecessarily the Conservative rote of 17.274 as against the Conservati

tain rules of conduct that might differ in degree but cannot differ in time from the obligations we save equally undertaken interna-Uganda." If that means anything at all-and it is unnecessarily vague and indefinite-it is that in course of time, but by another and less direct route. Tanganyika Territory will become quite definitely as permanent and complete portion of the Empire as the Protectorate of Uganda and the Crown Colony of Kenya. It is now apparent from the British Offi. cial Wireless message which we published yesterday, that during the fortnight since Mr. Amere

made his original pronouncement its ambiguity has given rise to discussion in Britain To place the cussion in Briston. To place the matter beyond any doubt in the public mand. In has therefore added "He dusired to make it clear again that Briston meant to London will be signed at the fulfill in the letter as well as in the Portson Office in the near trutter assist the oblishments to the League. Its Performance
Is Little Short of Amazing

The Standard Canadian Buick

AS soon as you take the wheel of the new 1926. Standard Buick Six you feel its amazing performance.

The way it accelerates a new nimbleness - a silent speed on the open road -a resistless power on hills.

You will delight in the instantaneous but velvety action of Buick four wheel brakes—and take comfort in their dependability and the extra safety they provide.

A petrol consumption from 22 to 25 miles per gallon—unparalleled economy in a motor developing more than 50 actual h.p.

This great car has written a wholly new page in motor car achievement. It has taken every motoring country in the world by storm.

Oome in and we will let you drive this remarkable car. Come in with an open mind and the performance of this car in your hands will convince you that you can-not begin to buy its equal anywhere else.

### TURDAY, JULY 3, 1926 AGRICULTURAL REVIEW OF KENYA IN 1925.

Effect of Partial Failure of Rains.

METHODS OF PRODUCTION.

In a country which is largety agricultural one of the most im-corner public stretices is that rendered by the Lippartment of Agri-ibute. The increasing value of anch work, its growing compendi-cineties, is appeared in the very who anomal report of the Depart-tment for the year 1925 compiled by M. Alaz Hoin, the Director of opticulture. It is a volume of 200 pages accepts from , which it is opposed to publish artilly. The forth installment is given to-day.

The difficulty of providing the ture and Agricultural Sci-nary services, which should be ence which proved so suc-selected by a Department of Agri-cessful in 1920-21 and arrangeefficiently staffed to carry functions, is being acutely (at this stage of the sheet). Some anotices had present or we could be a stage of the closely, when the de-Vertenary survives are progress of the closely, when the de-Vertenary survives are progress of the closely are the closely as the closely are the closely Lay administration and activities of the Department of Agriculture, serving a country so young in its stage of development and about which so little is known, can fully malise how madequate is the infor-

need and the importance of organised Departments of iculture in the Crown Colonies foeeibly expressed in the re-i of a Committee appointed to see the Secretary of State, ch said: "In the course of our ulries we have been profoundly of the magnitude and

do twice as much twice as well

"Yery true it is that you can only get out of a meetine what you gut into it, and that meet intricate machine, the human brain, needs extra nourishment to stand the strain. A course of Seastopen is exactly what the brain and nervous system meed, so essable a man to do his best work and more of it."

These are the words of Mr. Victor Bridges, one of the best-known moders novelists. To do your best work and more of it, to forget the existence of nerves and fatigue—that's what Sanatogen will enable you to do. Because as a well-known London Physician writes: "Sanatuges goes straight to the core of well-being—the cella, and builds these so into a permanent and solid fabrical health."

For Sport: The fact that Sanatogen strengthens the and conquers fatigue is not only valuable for life but also for sport. Train with Sanatogen. It enables you to keep your body and nerves at "concert pitch" even during the most strenuous game. Try Sanatogen for a few weeks then you will understand why so many internationally famous sportsmen
