Feel Fit and Fresh with Sanatogen

Energy! Boddy health and nerve strength! These are the secrets of those happy exceptional days when "everything seems to go right," when you have an unwounted feeling of viguor and cheerfulness, and every-core remarks: "You're looking awfully well to-day." one remarks: "You're looking awrilly well to-day."
Read the figures given below. They prove that with
Sanatogen you will swork better, feel better, and be
sile to enery your lesiure bouts to the full. Sanatogen
builds up your health, it adds strength to strength,
because it influes into the body cells exactly those
elements—Phosphorus and Albunius—from which
nerye-strength and boddy betath are derived.

MOTORING TO THE PUBLIC

DANGER

Anæmia?-Then strengthen your Blood Cells

With Kalzana you can increase the activity and vitality of the very cells of your body, because Kalzana feeds them with calcium, which is the heart of every body-cell.

Tropical anemia is mostly due to general alu and the lowered action of all the organs of the body. The increased cell-strength, given by Kalzana, tones up your whole system and speeds up the formation of red blood-cells in a remarkable manner,

New red blood-stronger blood, will be the result of a few weeks use of Kalzans. The increased calcium content of your blood will at the same time harden your

teeth and so prevent tooth-decay. TRY KALZANA TABLETS TO-DAY

MANKOW STRIKES FIZZLE

-[By Wirklass.]
Rugby, Dec. 6.
Mr. Locker Lampson, UnderSecretary for Foreign Affairs and in the House of Commons to-

of other disputes are in progress

ed in the House of Commons to-day that the latest telegrams from Hankow indicated a distinct im-provement in the situation there. Neither the general strikes nor the customs strike had, material-

of other disputes are in progress.

The Consul at Hankow reports
that the Chimese authorities appeared for the moment more inclined to restrain the unions and
to secure observance of the concession regulations. It was hop-ed that the naval guard would be withdrawn from the conces ions to-day. London official circles declare

London official circies deceare there is no foundations for allega-tions that the British government, or British merchanta have ever financed the Northern military eampaign or any other political faction in China; although re-COLONY AND PROTECTORATE PORT OFFICE NOTICE.

faction in China; although re-quests for assistance have been made from time to time Britain consistently maintained the policy of non-interference in Chinese do-mants. There of non-interference in Calmese do-mestic affairs.

The Settlement of Tanganyika.

To those who know the southern highlands of Tanganyika,
the laconic announcement by our

Iringa correspondent this week that His Excellency Sir Donald Cameron has informed the Provisi cial Commissioner, Irings, of the availability of large areas in the highlands for white settlement, will not come entirely as a surprice. There have been many indications within the last few months, particularly in public speeches, that the Tanganyika Government was on the point of dopting a more generous policy in the interests of white settle ment and the important prorement will encourage them who have been anxious regarding the future of the mandated territory. It is only a year ago that Sir Donald Cameron declared his tions for land until the line of the proposed Railway from Bodoma to Lake Nyana had been settled and he laid down at that ing native land rights which preed, in his mind, any sugge tion of official encouragement of land speculation in anticipation of no doubt that in throwing open for settlement the large areas suitable for several important crops, in the southern highlands has adhered to the principles of British colonisation and dictates of the League of Nations in regard to native land rights Native reserves and in the south- position is not entirely satisfacern highlands, or at any rate in the Iringa Province, exclusive of the Tukuyu area, the native peoples are scattered. An interview published in our column some months ago on the settle ment of southern Tanganyika outlined a system of compensation then in force whereby new settler were enabled, with the consent of Government and Native occupiers remove the original owners of the land if they desired to do so er to employ them as squatter showrers The system appeared to us at that time to be a makeshift measure born of the circum stances and in the light of history in Kenya, we may be permitted to xpress the hope that the Tanganvika Government, in throwing open large areas for settlement, has made adequate and definite provision for the Natives not only avoid the political recriminations which have cost many reflec tions upon the policy of settleent in this Colony but to ensure as for as roughle the close our tact between white and black and the accombility of labour it officient numbers which has been sufficient numbers which has boss consideration in the diversion of a bid-independ, in one now. by the pindicy of renevers followed in Section 1. The pindicy of renevers followed in Section 1. The pindicy of renevers followed in Section 1. The pindicy of the pi

LONDON-AFRICA AIR

Important Developments in New Year

Australian Government, will hak up Australia. This may be a small beginning but it will be the beginning of a very-big development. When onew we have these regular flights between London and Area and London and Australia properly established. [Br Wmanns.] Burby, Dec. 8. Bagby, Dec 8.

An important prosouncement was made to-day by Sir Samuel Hoare, Socretary for Air, on no immediate development of Imperial air routes with a view to ensure such mobility as will enable British and overease air forces to next any attack on any part of the Empire.

Sir Samuel House was recaiding Sir Samuel Hoare was pressuring at a lecture given by Wing Com-mander Pulford, who commanded the flight of the Royal Air Force THE KENYA LINE (THRESTON RELITER'S AGENCY) London, Dec 8
Sir Samuel Houre said it had ture both in developing the Impe-rial Air Force and in obtaining

been arranged that the Air Ministry machines should make a number of the necessary co-operation between ourselves and the Dominions more than ever before. machines should make a number of flights to Cairo, there to link up with civil aviators for Kenya, and that the Union Government should co-operate in completion of the flight to the Cape. During these discussions, contimed the Air Minister, we comsi-dered particularly two great Impe-rial air routes of the future—from here to Cape Town and from here to Australia. We have arranged that next year a number of flights shall be made by our machines from here to North Africa Mr. Bruce had promaed on be-half of the Commonwealth Gov-

ernment to co-operate in any flights established by the Imperial authorities, and Sir Samuel Hoare and that once we have these regular London-Africa and London-Austra-We shall establish an air rout rose here to Kerya and the Scrith ha flights property catablished, with accordington and other access sories, we should get a great asset for civil commercial and military trategical parts of South Africa

RAILWAY & CALEDONIANS

A May Cup feetball match was played on the Caledonian groun-on Treaday afternoon between the reserve teams of Caledonians are Railway the match reswitting in draw of two goals all.

The match was quite an inter-esting one to watch and was keen esting one to watch and was asly fought throughout. Calenians had much the better of
goals to the good, but during tsecond period Baliway improand settled down to hard wo
scored two goals, thus equalis

A new kind of private electricity

There is a new and better electric plant for country homes, summer cottages, and all other isolated places.

It is the Kohler Automatic, the remarkable plant which has eliminated storage battery trouble and expense The only battery this plant needs is a small starting battery for automatic operation. The Kohler Automatic's 110-volt current insures you

brilliant, steady light. There is plenty of power for household electric appliances and for other power uses around the place.

A remarkable record of reliability, efficiency and economy has been made by the thousands of Kohler Automatic units which are in service all over the world Let us put the proofs before you.

Announcing

The

GREATEST BUICK

EVER BUILT

A LTHOUGH prepared to expect high improvements, the motor car industry throughout the world, was startled when Buick presented the New 1927 models. It was amized at the trials and tests of these new cars. Industrial history records no more brilliant achievement than the remarkable leadership Buick has now established.

Watch for the new Buicks—note their prices—compare their grace, refinements and road performance with those of any other car regardless of price—

THEN DRIVE ONE OF THEM.

Never before have you driven anything like it.

EXEMPLARY SENTENCE FOR POSSIBLE FUTURE OF THE TIMBER INDUSTRY IN KENYA

Recommendations of a South African Expert.

KILN SEASONING

Man Mangiane's Court on Thurse of the Court of the Court

A GOVERNMENT PLANT
The expert then contested back to
the question of a seasoning plant.
"Increased production" be asys
"sould tend to expedite supply to
a dagree, but it would not help in
getting seasoned material. The
solution of this difficulty as far as setting reasoned materials. The solution of this difficulty as for as the Government is connected in a Government in connected in a Government in the setting and private units assessing and private in the setting and setti

rmber to its best use. "I would like to suggest in this connection that the Forestry Adiese to be appointed for Kenya and grands should be a Professional treater particularly well versed in iterat Engineering including extention, conversion and utilization of timber.

chase that timber in the ordinary way and send. It to the P.W.D. kilns to be seasoned.

The estimated cost of ereeting the kilns in £8,500, and if four catra are installed, his doubt to catra are installed, his doubt to of correling the kilns is estimated; at £2,510 per annum dealing with 500 tops, or \$8, 1977 per cubic foot:

The Budget for 1937 contains provision for the service suggested

Public Works Department Net'ce to Sub-Contractors.

Contractors, who are prepared to undertake sub-contracts for building works at Nairobi, Nakuru, Kisumu and Eldorst, are invited to send their name to the Director of Public (Works, Nairobi, before 25th December, 1226.

December. 1996.
It is proposed to arrange sub-contracts for the erection of parts of buildings, including the supply of labour and possibly certain local malerials. Other sub-contracts with the contract of the property of the parts of building work as exoxation and concrete, walling, carpentry, joinery, drainage, plumbing, etc., and will, when possible, be based on-feeded-

Applicants must be thoroughly experienced in the branch of building work to be undertaken and must furnish, with their application, proofs that they can undertake the work involved. Applicants must state at which of the above places they are prepared to undertake work.
