You do not get the fullest advantages from your pneumatic lorry tyres until you fit All-Weather Tread Cords. Not until you have worn them out do you realize what mileage it is possible to obtain.

Until you have operated them day in, day out, in fair weather or foul, on poor roads and good, you do not realize the safety, the steadfast road-holding grip of the All-Weather Tread.

Always Dependable in The World's Rough Places

Where motor car dependability is most vital Dodge Brothers Motor Cars are most highly prized. These cars maintain regular schedules over the pathless wastes of Mississippi, the desert to Baghdad and a thousand other places too severe for cars less sturdy.

Many Dodge Brothers Motor Cars have travelled more than 200,000 miles each. One hundred thousand mile records are common. Of the 1,600,000 Dodge Cars manufactured in the last 11 years, over 95% are still in use.

MOTURING TOPICS

THE A.J.S. CYCLE.

Description of the New Model

ADVANCED FEATURES

If the latest invention by the public is to be measured by A.J.S. machines at the recent Motor Show, it is a reflection of its popularity, than an indication of its quality. Fully equipped and judged by the show, the machine is a masterpiece of engineering. It is a more important of the new model than the A.J.S. stand.

A.J.S. products are British-made and are British built. It is without saying that the A.J.S. machine has been a sensation with all that is best in the machinery of the British motor cycle industry. A statement that the machine is not to be classed as a mere novelty in British cycle literature is an understatement, when the strength and staying power of the machine is considered. For further proof of their staying qualities we need but refer to the fact that in the years of its history A.J.S. machines have set many records.

In making one of the most reliable A.J.S. machines, it should be borne in mind that they all incorporate the experience of fifteen years' special construction in building and manufacturing motor cycles. They have represented the best work in motor cycle engineering and that the equipment being made by the firm is the best. It is a fact that the machine is a masterpiece of engineering, and it is a fact that the machine is a masterpiece of engineering.

On engine fitted with overhead valves the adjustment of the tappet gear is by the use of the screw-down bolts, instead of the old-fashioned tappet screws. The tappet screws are of all-steel composition, and which provide a well of oil round the tappet. The tappet screws are of all-steel composition, and which provide a well of oil round the tappet. The tappet screws are of all-steel composition, and which provide a well of oil round the tappet.

The new model H is a machine which 4.98 h.p. of the new model machine follows closely on the lines of the first one. It is a machine which is an absolute purpose machine, having no accessories of power but a few. It is a machine which is an absolute purpose machine, having no accessories of power but a few. It is a machine which is an absolute purpose machine, having no accessories of power but a few.

Without going into details of the specifications of the machine, it should be stated that the machine is a masterpiece of engineering. It is a machine which is an absolute purpose machine, having no accessories of power but a few. It is a machine which is an absolute purpose machine, having no accessories of power but a few.

Extra fittings have been fitted to the machine. It is a machine which is an absolute purpose machine, having no accessories of power but a few. It is a machine which is an absolute purpose machine, having no accessories of power but a few.

GENERAL MOTORS.

Result of Standardization Methods.

REDUCTION OF COSTS

During the past few years, the success of General Motors in the motor car industry has been a world-wide success and a source of pride to the American people. The success of General Motors is a source of pride to the American people. The success of General Motors is a source of pride to the American people.

Standardization has resulted in a number of advantages to the American people. It is a machine which is an absolute purpose machine, having no accessories of power but a few. It is a machine which is an absolute purpose machine, having no accessories of power but a few.

Standardization has resulted in a number of advantages to the American people. It is a machine which is an absolute purpose machine, having no accessories of power but a few. It is a machine which is an absolute purpose machine, having no accessories of power but a few.

Tea

FURTHER CONVINCEMENT NEEDED CAN ANYTHING BE BETTER PROOF ???

We have received the following letter from—
Tanganyika Territory reading as follows:—
"I have used your No. 9 in long barrel on Elephant. It is undoubtedly a Superior weapon. I have shot one thing like an Elephant with the short barrel 9's in. and under my own fire I cannot compare on Elephant. The long barrel gun however seems to possess superior fire Ballistic and accuracy in that the smoke is not so thick as the smoke of the short barrel gun. I have used your D.W.M. Ammunition as always to be noted. I shall say my short barrel gun and long the 9's gun in my opinion the long barrel gun is the best medium bore on the market. Personally I would load everything from a 900 down to 400 on Elephant and I consider the 9's as long the longest."—

Yours Sincerely,
(sd) F. E. VIVERS,
Game Department, Tanganyika Territory.

"STANDARD" FEATURE PAGE

THE PROBLEM OF THE NATIVE.

No. 2.

Toying with Delicate Tribal Machinery.

LET US CONSIDER FOR A MOMENT.

(By C. Cecilia Lewis)

Our Home Government has not had time to solve the problem that has been thrown up by the native tribes of Africa when they were discovered. The Official Office of the Imperial Department for Africa, London, has issued a pamphlet on the subject of the "Tribes of Africa" which contains a list of 200 tribes and a description of their customs and habits. It is a valuable work for the student of African history and geography. The tribes of Africa are divided into two main groups: the Hamites and the Negroes. The Hamites are found in the north and east, and the Negroes in the south and west. Each group has its own language, customs, and social organization. The problem of the native is to find a way to bring these tribes into the modern world without destroying their individuality. This is a delicate task, for the native has a right to his own land and his own way of life. At the same time, he has a right to the benefits of civilization. The Government must find a way to balance these two rights. One way is to give the native land and to let him live as he pleases. Another way is to give him the benefits of civilization without taking away his land. This is a difficult task, but it is one that must be done if we are to have a peaceful and united Africa.

It is a right to be in the first place a more fundamental of the duty... In this the essence of what is meant by the term 'native'... This is a right to be in the first place a more fundamental of the duty... In this the essence of what is meant by the term 'native'...

RAILWAY CHIEF ON LOCAL GOVERNMENT.
Views and Suggestions.

WATER AND SANITARY SERVICES.
In townships where water and sanitary services are provided by Local Government authorities for the towns and villages, it is now being considered whether such services should be transferred to the Local Government authorities.

GRATIATED DELEGATION.
The delegates from the two federated States are now being prepared for their journey to the Governor's Reception at Mombasa.

THE WOMAN FARE.
The women fare on the railways is now being discussed. It is proposed to charge a special rate for women travelling alone.

THE POLITICAL SITUATION UNCHANGED.
The political situation in Kenya remains unchanged. The Government continues to maintain a firm and steady policy.

VIEWES AND SUGGESTIONS.
The General Manager of the Kenya Railway Administration has submitted several views and suggestions regarding the railway services.

LABOUR ENQUIRY.
The second session of the Labour Enquiry has commenced. It will deal with the wages of various classes of labour.

UGANDA OPENING PRICES.
The opening prices for the cotton crop in Uganda have been fixed. They are expected to be higher than in previous years.

THE WOMAN FARE.
The women fare on the railways is now being discussed. It is proposed to charge a special rate for women travelling alone.

WATER AND SANITARY SERVICES.
In townships where water and sanitary services are provided by Local Government authorities for the towns and villages, it is now being considered whether such services should be transferred to the Local Government authorities.

DECREASE IN BRITISH TRADE.
The British trade in Kenya has decreased significantly. This is due to various factors, including the decline in the price of exports.

COTTON GROWERS SELLING SLOWLY.
Cotton growers in Uganda are finding it difficult to sell their produce. This is due to the low prices offered for the crop.

LABOUR ENQUIRY.
The second session of the Labour Enquiry has commenced. It will deal with the wages of various classes of labour.

WATER AND SANITARY SERVICES.
In townships where water and sanitary services are provided by Local Government authorities for the towns and villages, it is now being considered whether such services should be transferred to the Local Government authorities.

LABOUR ENQUIRY.

You do not get the fullest advantages from your pneumatic lorry tyres until you fit All-Weather Tread Cords. Not until you have worn them out do you realize what mileage it is possible to obtain.

Until you have operated them day in, day out, in fair weather or foul, on poor roads and good, you do not realize the safety, the steadfast road-holding grip of the All-Weather Tread.

CHILD WELFARE IN KENYA.

A Brief History of the Successful Movement in 1926.

HOW THE BRITISH PUBLIC CAN HELP.

Spreading Knowledge of the Social Handicaps of Native Custom and Belief.

By E. S. Brander. (Special.)

When the East African Education Commission reported to the Home Office in London, the fact that the Government had no adequate provision for the education of the native children in Kenya was one of the main points raised.

The Commission's report was published in London in 1926. It was a landmark document in the history of native education in Kenya.

The Commission recommended that the Government should take steps to improve the education of native children, and that the British public should be encouraged to help in this work.

The Commission also pointed out that the education of native children was not only a matter of social justice, but also a matter of national interest.

The Commission's report was widely read and discussed in Kenya, and it led to the formation of the Kenya Education Committee.

The Kenya Education Committee was formed in 1926, and its first task was to investigate the needs of native education in Kenya.

The Committee's report was published in 1927, and it recommended that the Government should take steps to improve the education of native children.

The Committee also recommended that the British public should be encouraged to help in this work, and that the Government should take steps to make this possible.

Nairobi Chamber of Commerce.

President's Review of Year's Work.

LETTERS OF PROGRESS.

Advocate Who Has Helped the Community.

The annual general meeting of the Nairobi Chamber of Commerce was held on January 10th, 1927.

The meeting was presided over by the President, Mr. J. H. M. ... and it was a most successful one.

The President's report for the year was a most interesting one, and it showed that the Chamber had done a great deal of work.

The Chamber had held several meetings, and it had done a great deal of work in connection with the various committees.

The Chamber had also done a great deal of work in connection with the various societies and organizations.

The Chamber had also done a great deal of work in connection with the various public bodies.

The Chamber had also done a great deal of work in connection with the various private bodies.

The Chamber had also done a great deal of work in connection with the various other bodies.

THE EAST AFRICAN STANDARD.

THE BETTER CONTROL OF DOMESTIC SERVICES.

E.A.W.I. to Discuss a Registration Scheme.

TODAY'S MEETING.

The question of the control of domestic services is one which has long been a matter of concern to the public.

The East African Women's Institute (E.A.W.I.) is now holding a meeting to discuss a registration scheme.

The registration scheme is one which would require all domestic workers to be registered with the E.A.W.I.

The registration scheme is one which would also require all domestic workers to be licensed by the E.A.W.I.

The registration scheme is one which would also require all domestic workers to be insured by the E.A.W.I.

The registration scheme is one which would also require all domestic workers to be supervised by the E.A.W.I.

The registration scheme is one which would also require all domestic workers to be trained by the E.A.W.I.

The registration scheme is one which would also require all domestic workers to be employed by the E.A.W.I.

EMPLOYERS LIABILITY FOR ACCIDENT.

Sisal Company's Appeal Holds Good.

A FOOLISH VICTIM.

The appeal against the decision of the Industrial Disputes Tribunal in the case of the Sisal Company is now being heard by the High Court.

The appeal is one which is being heard by the High Court, and it is one which is being heard by the High Court.

The appeal is one which is being heard by the High Court, and it is one which is being heard by the High Court.

The appeal is one which is being heard by the High Court, and it is one which is being heard by the High Court.

CHILD WELFARE IN KENYA.

(Continued from page 7)
And the whole enterprise is a part of the scheme of the Government to improve the welfare of the people in Kenya. It is the first time that the Government has taken such a comprehensive interest in the welfare of the children of the country.

Association and thereby be enabled to obtain, at short notice, the most correct statistics of the various classes of children in Kenya. It is the first time that the Government has taken such a comprehensive interest in the welfare of the children of the country.

and women and children of the Indian population. It is the first time that the Government has taken such a comprehensive interest in the welfare of the children of the country.

FOR THE EUROPEANS

There has been great anxiety in the minds of the Europeans in Kenya as to the result of the recent election.

THE INDIAN SCHEME

The foundation stone of the Indian Education Scheme in Kenya was laid on the 14th of October, 1926.

THE AFRICAN WORK

The African work, which is perhaps the most important of the work done by the Government in Kenya, is the work of the African Education Scheme.

HOW BRITAIN CAN HELP

HOME ATHLETICS.

The Inter-Country Cross-Country Race.

OXFORD 16

[Two One Ours Correspondent] London, Dec. 16

Many of the best runners in the country were expected to start this cross-country and road races on Saturday morning at a meeting of exceptional performances were reported.

Not only did the Blues of Oxford and Cambridge contest the race, but the most noteworthy battle in the country was between the Blues of the University of London and the Blues of the University of Cambridge.

The Inter-Varsity race of 1920 was held in the same course, but the result was a different one. The Blues of the University of London were victorious, and the Blues of the University of Cambridge were defeated.

The Inter-Varsity race of 1921 was held in the same course, but the result was a different one. The Blues of the University of London were victorious, and the Blues of the University of Cambridge were defeated.

The Inter-Varsity race of 1922 was held in the same course, but the result was a different one. The Blues of the University of London were victorious, and the Blues of the University of Cambridge were defeated.

The Inter-Varsity race of 1923 was held in the same course, but the result was a different one. The Blues of the University of London were victorious, and the Blues of the University of Cambridge were defeated.

The Inter-Varsity race of 1924 was held in the same course, but the result was a different one. The Blues of the University of London were victorious, and the Blues of the University of Cambridge were defeated.

The Inter-Varsity race of 1925 was held in the same course, but the result was a different one. The Blues of the University of London were victorious, and the Blues of the University of Cambridge were defeated.

...ness" more already referred to in the "East African Standard" of the 12th inst. On the 12th inst. the British Government announced that it had decided to send a mission to the East African States to investigate the possibility of a union of the East African States.

The mission was headed by the Hon. Mr. J. H. Chamberlain, Secretary of State for the Colonies. The mission was to visit the East African States and to discuss with the Governments of those States the possibility of a union of the East African States.

The Great Change in Theatreland.

OLD ORDER CHANGES

[London Letter-Columnist]

Nothing has changed so much in London in the last few years as the theatre. The old order has passed away, and a new order has taken its place.

The theatre has become a more important part of the life of the nation. It has become a more important part of the life of the nation. It has become a more important part of the life of the nation.

The theatre has become a more important part of the life of the nation. It has become a more important part of the life of the nation. It has become a more important part of the life of the nation.

The theatre has become a more important part of the life of the nation. It has become a more important part of the life of the nation. It has become a more important part of the life of the nation.

The theatre has become a more important part of the life of the nation. It has become a more important part of the life of the nation. It has become a more important part of the life of the nation.

The theatre has become a more important part of the life of the nation. It has become a more important part of the life of the nation. It has become a more important part of the life of the nation.

The theatre has become a more important part of the life of the nation. It has become a more important part of the life of the nation. It has become a more important part of the life of the nation.

The theatre has become a more important part of the life of the nation. It has become a more important part of the life of the nation. It has become a more important part of the life of the nation.

The theatre has become a more important part of the life of the nation. It has become a more important part of the life of the nation. It has become a more important part of the life of the nation.

To New Heights of Performance

Essex Touring, Hudson Coach, Hudson Touring, Hudson Coach

With New Body Lines

New Colors and Beauty

More Beautiful Hudson Essex cars of to-day, you will find fulfillment of practically every motoring desire—and at the price you want to pay.

The Touring model presents new lines of grace and beauty, in smart combinations of body finish and genuine leather upholstery. Their distinction in performance is continued in appearance that is notable among the finest cars.

For those who want closed car advantages, the Coaches afford handsomer and more colourful bodies with simile, smooth performance and reliability for which the Super-Six is famous. Custom built quality is provided in the Hudson Brooklands.

More than 900,000 cars have been built by Hudson and Essex on the Super-Six principle. In materials, workmanship, appearance, value and reliability, these are the finest.

Price at the Lowest in History

Essex Touring £280 Hudson Coach £425 Hudson Touring £425 Hudson Coach Body £390

Any comparison will satisfy you that such automobile values were never before offered.

HOCKEY IN ENGLAND.

Oxford and Cambridge Compared. SELECTORS DIFFICULTIES. [FROM OUR CORRESPONDENT] London, January 12.

The first half of the hockey season has been a disappointing one. The selectors will have to take into account the fact that the players in the first half of the season were not of the same standard as those in the second half.

NEW DEFENCE FORCE SCHEME

REPORT OF SELECT COMMITTEE OF THE COUNCIL.

Compulsory Service Necessary. **TEMPORARY TO DIVIDE FORCE INTO AGE CLASSES.**

No Oath of Allegiance. **PROPOSALS TO BE INCORPORATED IN ANY NEW BILL.**

1.—DEFINITION OF DEFENCE FORCE INTO CLASSES.

The Committee recommended that the Defence Force Bill which provides for the raising of a force of 20,000 men should be amended so as to provide for the raising of a force of 10,000 men and that the remaining 10,000 men should be recruited on a temporary basis. The Committee also recommended that the force should be divided into three classes: Class I—Persons who have attained the age of 21 years and have not attained the age of 30 years; Class II—Persons who have attained the age of 30 years and have not attained the age of 40 years; Class III—Persons who have attained the age of 40 years and have not attained the age of 50 years.

2.—DEFINITION OF DEFENCE FORCE INTO CLASSES.

The Committee recommended that the Bill should be amended so as to provide for the raising of a force of 10,000 men and that the remaining 10,000 men should be recruited on a temporary basis. The Committee also recommended that the force should be divided into three classes: Class I—Persons who have attained the age of 21 years and have not attained the age of 30 years; Class II—Persons who have attained the age of 30 years and have not attained the age of 40 years; Class III—Persons who have attained the age of 40 years and have not attained the age of 50 years.

3.—ORGANIZATION

The Committee recommended the formation of the following Committee: (a) A Central Committee consisting of the officer Commanding Forces and one delegate from each Division. (b) A District Committee consisting of the District Officer and one delegate from each Division. (c) A District Committee consisting of the District Officer and one delegate from each Division. (d) A District Committee consisting of the District Officer and one delegate from each Division.

4.—GENERAL TRAINING

The Committee recommended that the period of compulsory training should be limited to 18 months. The Committee also recommended that the training should be divided into three classes: Class I—Persons who have attained the age of 21 years and have not attained the age of 30 years; Class II—Persons who have attained the age of 30 years and have not attained the age of 40 years; Class III—Persons who have attained the age of 40 years and have not attained the age of 50 years.

5.—MILITARY TRAINING

The Committee recommended that the period of compulsory training should be limited to 18 months. The Committee also recommended that the training should be divided into three classes: Class I—Persons who have attained the age of 21 years and have not attained the age of 30 years; Class II—Persons who have attained the age of 30 years and have not attained the age of 40 years; Class III—Persons who have attained the age of 40 years and have not attained the age of 50 years.

6.—EXEMPTION FROM TRAINING

The Committee recommended that the Bill should be amended so as to provide for the exemption of certain classes of persons from training. The Committee also recommended that the exemption should be granted to persons who are unable to perform military service on account of physical infirmity or other reasons.

7.—CALLING OUT DEFENCE FORCE

The Committee recommended that the Bill should be amended so as to provide for the calling out of the Defence Force in the event of a state of emergency. The Committee also recommended that the calling out should be limited to 18 months.

8.—ACTIVE SERVICE

The Committee recommended that the Bill should be amended so as to provide for the active service of the Defence Force. The Committee also recommended that the active service should be limited to 18 months.

9.—OATH

The Committee recommended that the Bill should be amended so as to provide for the taking of an oath of allegiance by members of the Defence Force. The Committee also recommended that the oath should be taken before a magistrate or other authorized officer.

10.—PENSIONS AND GRATUITIES

The Committee recommended that the Bill should be amended so as to provide for the payment of pensions and gratuities to members of the Defence Force. The Committee also recommended that the pensions and gratuities should be paid to members of the force who have completed a certain period of service.

11.—GENERAL REMARKS

The Committee recommended that the Bill should be amended so as to provide for the general remarks of the members of the force. The Committee also recommended that the general remarks should be taken before a magistrate or other authorized officer.

12.—RESERVATIONS

The Committee recommended that the Bill should be amended so as to provide for the reservations of the members of the force. The Committee also recommended that the reservations should be taken before a magistrate or other authorized officer.

You do not get the fullest advantages from your pneumatic lorry tyres until you fit All-Weather Tread Cords. Not until you have worn them out do you realize what mileage it is possible to obtain.

Until you have operated them day in, day out, in fair weather or foul, on poor roads and good, you do not realize the safety, the steadfast road-holding grip of the All-Weather Tread.

NAIROBI.

LORD DELAMERE
Mr. Delamere said it was the pleasure of his Government to have the Naivasha Settlers on Friday. He said that he would be very glad to see them and to discuss with them the various matters which would affect their interests. He said that he would be very glad to see them and to discuss with them the various matters which would affect their interests. He said that he would be very glad to see them and to discuss with them the various matters which would affect their interests.

RAIL & OCEAN FREIGHTS ON COTTON REDUCED.
The British Cotton Association has announced that it has succeeded in securing a reduction of 5 per cent in the freight rates for cotton from the East of Africa to London. This is the first time since the outbreak of the war that such a reduction has been secured. The Association said that this was a most important step towards the relief of the cotton growers in the East of Africa, who have been suffering from the effects of the high freight rates for some time past.

NOTABLE MEN LOST TO BRITAIN.
The British Cotton Association has announced that it has succeeded in securing a reduction of 5 per cent in the freight rates for cotton from the East of Africa to London. This is the first time since the outbreak of the war that such a reduction has been secured. The Association said that this was a most important step towards the relief of the cotton growers in the East of Africa, who have been suffering from the effects of the high freight rates for some time past.

You do not get the fullest advantages from your pneumatic lorry tyres until you fit All-Weather Tread Cords. Not until you have worn them out do you realize what mileage it is possible to obtain.

Until you have operated them day in, day out, in fair weather or foul, on poor roads and good, you do not realize the safety, the steadfast road-holding grip of the All-Weather Tread.

Cross Power KEROSENE

Pulling Power For Every Tractor

CROSS

CROSS KEROSENE is a power fuel for tractors which has been perfected by Shell petroleum chemists in co-operation with the world's recognised authorities on internal combustion engines.

Being an exceptionally volatile power kerosene, CROSS provides complete combustion in tractor engines, and thus delivers the maximum power with low fuel consumption and minimum carbon deposit.

Your tractor will run better and deliver more power on CROSS.

FURTHER CONVINCEMENT NEEDED!

CAN ANYTHING BE BETTER PROOF???

We have received the following letter from—

Tanganika Territory reading as follows: F. E. VIVERS, Esq., Game Department, Game Department, I have received the 2.5 m. long reserve. I am a sportsman and consider a most efficient rifle sporting like 0.45 Remington with the Short Barrel 0.3 m.m. and consider it a most efficient weapon in Elephant. The long barrel gun however seems to possess amazingly fine ballistic and accuracy in Elephant. It is superior to the .318 or 310 Remington. Moreover your 0.3 m.m. Ammunition was always in reserve. I shall not say about being gun and love the 2.5 m.m.

In my opinion the long 2.5 m.m. barrel gun is the best medium bore on the market. Personally I have tried everything from a 300 diameter gun, 0.318 and consider the 0.3 m.m. long the ideal weapon.

Yours Sincerely,
F. E. VIVERS,
Game Department,
Tanganika Territory.

To New Heights of Masterful Performance

HUDSON-ESSEX

With New Body Lines New Colors and Beauty

In the most beautiful Hudson-Exsex cars of to-day, you will find fulfillment of practically every motoring desire—and at the price you want to pay.

For those who want closed car advantages, the Coaches afford handseamer and more colorful bodies with nimble, smooth performance and reliability for which the Super-Six is famous. Custom built quality is provided in the Hudson Brougham.

The Touring models present new lines of grace and beauty in smart combinations of body finish and genuine leather upholstery. Their distinction in performance is continued in appearance that is notable among the finest cars.

More than 900,000 cars have been built by Hudson and Essex on the Super-Six principle. In materials, workmanship, appearance, value and beauty, these are the finest.
