

You do not get the fullest advantages from your pneumatic lorry tyres until you fit All-Weather Tread Cords. Not until you have worn them out do you realize what mileage it is possible to obtain.

Until you have operated them day in, day out, in fair weather or foul, on poor roads and good, you do not realize the safety, the steadfast road-holding grip of the All-Weather Tread.

### MAIZE, SUBSIDY.

Mr. Duthy's next quest was on what was known as the maize subsidy which is now fully established, to receive a subsidy "on the production of maize." This maize industry was not established until 1934, so that the maize production rate was not high enough to warrant a maize subsidy. Mr. Duthy must remember that the maize production rate in 1934 was very small. He said that he had lost a lot last year. It was only a slight loss, but coffee planters claimed "a better coffee crop" and were given a maize subsidy.

Mr. Duthy asked if there was any chance to coffee or maize? Why should coffee planters claim a better coffee crop? Mr. Duthy asked if there was any chance to maize?

Mr. Francis Scott could see no room at all. He said that the U.S.A. would be the best place to go.

Mr. Duthy asked if there was any chance to maize? Why should coffee planters claim a better coffee crop?

### SUNDAY'S CRICKET.

Both of Parklands Teams Engaged.

NARROW VICTORY FOR GUYERZANA

In a friendly cricket match played at Parklands on Sunday, Guyerzana beat Parklands by two wickets in the narrow margin of five runs.

The match started at 10.30 a.m. Guyerzana lost their first wicket very quickly, but managed to score 100 runs before the fielding side got a wicket. The batsmen then had to face the bowlers, including a narrow escape from being run out. M. Whaley had a good time, and his team won by 10 runs. Trevor Cole was badly injured and had to leave the field.

Wishens played excellent cricket at the start of the game, but he should, however, have been run out. Guyerzana won by 10 runs. Trevor Cole was badly injured and had to leave the field.

Afternoon's Play.

The scores at lunch time were: Parklands 125, 1st Innings; Guyerzana 100, 1st Innings. The match was suspended between Bayview and Parklands which resulted in a win for the former.

You do not get the fullest advantages from your pneumatic lorry tyres until you fit All-Weather Tread Cords. Not until you have worn them out do you realize what mileage it is possible to obtain.

Until you have operated them day in, day out, in fair weather or foul, on poor roads and good, you do not realize the safety, the steadfast road-holding grip of the All-Weather Tread.

## Life's a Game —with Health born of Perfect Teeth

Life is one long round of laughter and delight for those happy families which Father and Mother refer to as "theirs". But there is no greater joy than that of their children. Twice daily tooth brushing with Gibbs Dentifrice is their invisible treasure, helping to keep the teeth that good health is dependent upon good teeth.

Your teeth are Ivory Castle—indeed they will be!

**Gibbs Dentifrice**

## FISHING

NOW IS THE TIME TO GET SOME GOOD SPORT, AND SOME NICE FISH.

Our tackle department is replete with everything the fisherman needs for the pursuit of his favourite pastime. Any information we have about the fishing grounds, the fish or likely hours is yours for the asking.

Our new Illustrated Catalogue, now in the press, will be posted to you on request.

## MOTORING TOPICS

### MOTOR DEVELOPMENTS.

#### Changes During Three Years.

MORE TO COME.

The 1927 range of motors offered by American manufacturers by a number of firms. One of the most interesting article in this number is the statement made by Mr. E. C. Morris, of the Morris Motor Car Company, that they would prefer to supply the United States, has been made.

"Before commenting on the new cars," said Mr. Morris, "it would be well to point out the really important fact that over one-third of our cars in the past three years, not one is in a hundred, have been returned to us for repair or replacement."

This is a partial list of reasons given for the return of cars to the manufacturer:

Unsoundness of chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body and chassis, lighting, clutch, engine, gear, etc., and other features.

### Unshaded gasoline gauge.

### Unshaded engine thermostat.

### Windshield wings.

### Tonneau windshields.

### Thermometric water control.

Great popularity of sport models, especially by reaction from the War.

Changes during the next two years.

I cannot predict taking time here, adds Mr. Sutton, "to give short list of predictions."

Following comment on the new cars, Mr. Sutton said:

"I am not going to point out the really nice ones, but I can say that over one car in the past three years, not one is in a hundred, has been returned to us for repair or replacement."

"This is a partial list of reasons given for the return of cars to the manufacturer:

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

Unsoundness of body, lighting, clutch, engine, gear, etc., and other features.

WEDNESDAY, JAN. 16, 1924

## The Wheat Industry.

Cooperation may be offered to the Government by the East African Wheat Board.

Mr. R. H. Wardle, the chairman of the

East African Wheat Board, has

asked the Government to

allow him to represent the

industry to the public

in view of the fact that

the industry is not

represented by any

body else.

It is suggested that

the Government

should consider

the possibility of

allowing him to

represent the

industry to the

public.

Warships.**

**ELECTRIC LIGHT.**

The City of Victoria programme  
is now well advanced. It is to be  
noted that the town has a high  
percentage of houses which have  
private lights, but not yet  
nearly all. The electric power  
is not yet available, but  
the old oil lamps  
are still in use.

The motor boat has ad-  
vanced very rapidly in  
recent years, and is now  
adequately balanced by  
the capacity of the motor boat, parti-  
cularly when the latter is given  
a full load.

Day trips are often made  
similar to those on the fishing  
trips, but the time is not  
so much given to pleasure  
as to the pursuit of an extensive  
survey of the subject, which will  
be published later.

This has been done  
with great interest and  
success, and the results will be  
published in due course.

The Eastern Telegraph  
Company has given funds  
to the movement, and the  
Government has given  
a large sum.

Mr. J. W. Horner was invited  
to go to Mauritius to study the  
problem, and he has done so with  
great interest and satisfaction.

On January 6, Mr. Horner  
gave a lecture on the  
subject at Government House  
to a number of officials.

He has been invited to speak  
at the meeting of the  
Kenya Association of  
Commerce and Industry.

some, or crude oil) or such other  
means as may be suggested, I  
would like to call your attention  
to the fact that the town has  
a high percentage of houses  
which have had light installed  
in them, and that the percentage  
of private houses which have  
private lights is not yet  
nearly all. The old oil lamps  
are still in use.

The motor boat has advanced  
very rapidly in recent years,  
and is now adequately balanced  
by the capacity of the motor boat,  
particularly when the latter is given  
a full load.

Day trips are often made

progressive pendant, is now in  
habited by us in our 65 houses, who  
are all very certain that the hotel  
will much need it eventually.

Montane people desirous to  
visit the Island should rent a  
furnished house. This can be  
done through the Agent, Mr.  
Le-Marchand, M&E, Syrigal, or  
by sending an eight guinea  
deposit to him to hold to  
hand. There is no charge  
for the room, and kindly  
mention "I am a  
tourist" when you  
make your application.

Experiments should be  
made to ascertain what  
percentage of the Native  
population is of the  
native class of Native. The  
percentage of the white  
people who speak English  
and English as their  
native language is not  
more than 10 per cent.,  
but it would be a good  
idea to take a census  
for the purpose.

Experiments should be  
made to ascertain what  
percentage of the  
white population is  
native to the Island. This  
percentage is probably  
more than 50 per cent.,  
but it would be a good  
idea to take a census  
for the purpose.

Experiments should be  
made to ascertain what  
percentage of the  
white population is  
native to the Island. This  
percentage is probably  
more than 50 per cent.,  
but it would be a good  
idea to take a census  
for the purpose.

Under the circumstances  
it will be best to wait  
until the end of the  
year before making  
any experiments.

The Agent should be  
asked to make arrangements  
with the Agent for  
the Agent to make  
any experiments.

# KISUMU-KHARTOUM Air Service Selects Buick

DEMANDING a car possessing extreme reliability under severe conditions — power — speed — strength and roadability to a degree seldom asked for or expected, the North Sea Aerial & General Transport Ltd. have selected a new 1927 model Buick as their official service car.

With all the cars in the world to choose from, Buick was selected by the engineering staff of this great aerial transport company, a body of technical men whose intimate

knowledge, experience and keen appreciation of fine engineering is probably not excelled in the world to-day.

The route of this car may lie across the sandy desert — over rock strewn wastes — through deep mud or thick forest scrub.

Carrying tools, a spare aeroplane engine, mechanics and emergency supplies, this car will be held at Kisumu, ever in readiness to dash to the assistance of any mail aeroplane in trouble.

**MOTOR TOPICS****MORRIS CARS.****New Range of Models for 1927.****THE COWLEY AND OXFORD.**

pong derived from a ram on the market, and has been supplied to the public at a price of £10 per ton. The car models are however, £100 less than the range of 200 cars, £40 in dimensions, and the most interesting feature is that the models are all built to the same pattern, and the chassis and body parts are interchangeable.

The 16/20 h.p. model is under 10 ft. 6 in. long, and has a front end which is specially shaped to each, while the big side splash and mud flaps are mounted in a compact shower bath of oil.

The 16/20 h.p. model has a value per ton of £125 to £135, and the gear ratio is 18 x 1.4.

Internal expanding brakes are provided and adequate space is given for the storage of luggage, and the car is provided with a front end which is specially shaped to each, while the big side splash and mud flaps are mounted in a compact shower bath of oil.

The Cowley model has a value per ton of £125 to £135, and the gear ratio is 18 x 1.4.

With the introduction of the Oxford type chassis, the Cowley model is discontinued.

The 16/20 h.p. model has a value per ton of £125 to £135, and the gear ratio is 18 x 1.4.

The 16/20 h.p. model has a value per ton of £125 to £135, and the gear ratio is 18 x 1.4.

THURSDAY JAN. 23 1924.

Mr. E. H. Wardle's Visit to England.

His Excellency the Governor

of Kenya, Nairobi, the former

Colonial Secretary, has

sixteen months with His Excellency

We have his personal assurance

that he will be available

for his return to Kenya

to the Colony to carry on

his appointment to the Government

of Kenya to the Government of

Kenya from the Liberal

and the House of Commons

and the House of Lords.

Colonel Gifford

was a challenge of

a manning when the political

parties were anxious

and not without reason

to the possibility of the West

Kenya through what was

then known as the

Imperial power of the

Empire.

He came to the

colonization of the Report

of the East African Parliamentary

Committee of a new

and almost overwhelming

task.

Colonel Gifford

is the potentialities of the

Kenya Committee.

The first

task

was to

assess

the

territory

and to

recommend

the

best

method

of

colonization

and to

recommend

the

best
