NEW PORT IN BELGIAN CONGO.

Construction Begins at British Hands.
BIG LONDON CONTRACT.

(By Wireman.)
According to the International News Service from London, the Congo has secured a contract for the construction of a new port at Pointe-Noire. The Government valued the contract at 2,000,000 francs. The port is situated on the coast of the Congo basin and will be used for the export of minerals and other goods.

The new port is expected to be completed within 18 months. It will have a capacity of 100,000 tons per annum. The contract was awarded to a British firm by the Congo Government.

INCIDENTS OF GALE IN BRITAIN.

SEVERAL SHIPS DESTROYED.
AIRMEN'S EXPERIENCES.

(By Wireman.)
The violent gale which raged over Britain last night, the worst of the British Isles for many years, has caused the destruction of several ships. The gale was accompanied by heavy rain and strong winds.

The gale caused considerable damage to property and crops. Several airmen were also affected by the weather. The Royal Air Force reported several cancellations of flights.

SEEING ACROSS THE OCEANS.

ON THE THRESHOLD OF Greater Discoveries.

(By Wireman.)
The discovery of a new method of seeing across the oceans has opened up new possibilities for navigation and communication. Scientists have developed a system that allows ships to see through fog and darkness.

The new system is based on the use of sound waves. It is expected to revolutionize maritime travel and trade. The technology is still in the experimental stage.

SOLVING THE PROBLEM OF CHINA.

British Proposals Sent to Two Governments.

(By Wireman.)
British proposals for solving the problem of China have been sent to the governments of the United Kingdom and the United States. The proposals focus on economic aid and diplomatic efforts.

The proposals are seen as a significant step towards resolving the long-standing issue of China. They aim to improve relations and promote stability in the region.

WORLD MONEY EXCHANGE.

(By Wireman.)
Following the London market, New York, 129 1/2; 1/2; 1/2.
New York, 65 1/2; 1/2.
London, 112 1/2.
Paris, 112 1/2.
Stockholm, 112 1/2.

The money market remains stable. There is no significant change in the exchange rates. The pound sterling is steady against the dollar.

PERCHES AND PILMS.

In connection with world quota...
The quota for perch and pilms has been set for the coming year. The quota is expected to be sufficient to meet demand.

The quota will be allocated to various countries. The total quota is 10,000 tons. The quota is subject to change based on market conditions.

The quota is expected to be a fair and equitable distribution. It will help to stabilize the market and ensure a steady supply of perch and pilms.

INCREASE IN CHINESE PRAYER RATES.

(By Wireman.)
There has been a significant increase in the number of Chinese people who pray daily. This is attributed to a growing sense of spirituality and a desire for peace and stability.

The increase in prayer rates is seen as a positive sign for the Chinese people. It reflects their resilience and faith in the face of adversity. The government has encouraged this trend.

RELIQUARY PEOPLE WANTED BY PRIESTS.

(By Wireman.)
Priests are seeking individuals who possess religious relics. These relics are believed to have special powers and are highly valued by the church. The search is ongoing in various parts of the world.

The search for relics is a long and difficult process. It involves extensive research and investigation. The church is hopeful that it will find the relics it is seeking.

The search for relics is a testament to the faith and devotion of the church. It is a quest for the sacred and the divine. The church is committed to this search.

THE WIDMANS.

(By Wireman.)
The Widmans family has been the subject of much speculation. The family is known for its wealth and influence. The recent events surrounding the family have attracted widespread attention.

The Widmans family has a long and storied history. They have been a prominent family in the community for many years. The recent events have cast a shadow over the family.

The Widmans family is facing a difficult time. They are struggling to cope with the recent events. The family is seeking support and assistance from the community.

The Widmans family is a resilient and strong family. They will overcome their current difficulties and emerge stronger than ever. The community is offering them all the support it can.

The Widmans family is a source of inspiration and hope. They are a testament to the power of the human spirit. The community is proud to be part of their journey.

SITUATION IMPROVES.

(By Wireman.)
The situation in the region has improved significantly. There is a sense of optimism and hope among the people. The government has implemented effective measures to address the issues.

The improvement in the situation is a result of the efforts of the government and the people. It is a testament to their resilience and determination. The future is bright for the region.

MR. WEBER EXPLAINS.

(By Wireman.)
Mr. Weber has provided a detailed explanation of the recent events. He has clarified the government's position and the reasons behind its actions. His explanation has been well-received.

Mr. Weber's explanation has helped to dispel many misconceptions. It has provided a clear and concise account of the situation. The people are satisfied with his explanation.

Mr. Weber's explanation is a model of clarity and honesty. It has set a high standard for government communication. The people are grateful for his efforts.

ACCIDENT IN NEW KENT COALFIELD.

Five Men Killed in Mine Explosion.

(By Wireman.)
A major explosion occurred in a coal mine in New Kent, resulting in the deaths of five men. The explosion was caused by a gas leak. The incident has shocked the community.

The explosion was a tragic event. The loss of five lives is a devastating blow. The government is conducting a thorough investigation into the cause of the explosion.

The investigation is expected to take several weeks. The government is committed to identifying the cause of the explosion and preventing such incidents in the future.

The explosion is a reminder of the dangers of mining. It highlights the need for strict safety regulations and proper oversight. The community is demanding accountability.

DOCTORS STAY.

(By Wireman.)
The doctors who have been staying in the region have decided to remain. They are committed to providing medical services to the people. Their presence is a great asset to the community.

The doctors have been instrumental in improving the health of the people. They have provided a high standard of medical care. The people are grateful for their services.

The doctors' decision to stay is a testament to their dedication and commitment. They are a source of pride for the community. The people are looking forward to their continued presence.

The doctors' stay is a blessing for the people. It ensures that they will continue to receive the best medical care. The community is fortunate to have them.

The doctors' stay is a source of hope and inspiration. They are a testament to the power of the human spirit. The community is proud to have them.

**New Heights of Speed,
Power and Safety.**

Lack of vibration of all speeds.
Minimum of pressure required on foot
pedals ease of engaging clutch, entire
absence of side swing, perfect road
stability, passenger relaxation over
every kind of road, four wheel brakes
of the most dependable type, beam-
steer filter oil filter, petrol filter,
radiator vacuum circulation cooling
and system, counterbalanced rear
axle, harmonic balance on the
chassis, standard chassis over
head valves, dual valve springs.

Owners of these new Buick creations
express amazement at their tire-
mudless adhesion, power and
silent, vibrationless running.
Try any other make of car and then
drive the new Buick. You also
will be surprised at the difference
between the Buick and any other car
you may have driven and thrilled at
the new conception of road perfor-
mance this wonderful car will give you.

FOR more than two years
the stupendous engineering
resources of Buick and General
Motors have been concentrated
on the development of the new
1927 Buick, a car which now
easily tops any accomplishment
thus far known.

In performance, power, stamina and
economy of operation there is nothing
with which to compare it.

This wonderful new Buick has an ease
of control, quietness of operation,
swiftness of acceleration and beauty
of line that are absent in even the
costliest of cars.

TUESDAY, FEB. 1, 1922.

A Kinship Incident.
The action of the General Manager of Railways in virtually closing the Dalé language to human, has apparently caused indignation among the public of the Lake port stations in the little townships. The facts were reported by our Kismu correspondent on Saturday and today we offer the summary of the Railway collection. One of the reasons behind the fact that the railway is virtually closed to the general public in circumstances where private enterprise has failed to provide facilities. That we think can be answered very easily in Kismu. If there is no land of constitutional obligation laid on the Railway as a State Department, it is very clear moral obligation in a centre where a Dalé language has been maintained for twenty years and by use ascertain the people of the language, its surrounding districts and the travellers in the position between Kenya and Uganda in road, rail and steamer, have been encouraged to develop agricultural facilities, house, houses, houses, houses. It is responsible to the public to maintain the language. It is responsible to the public to maintain the language. It is responsible to the public to maintain the language. It is responsible to the public to maintain the language.

Nevertheless, we suggest that the action of the General Manager of Railways, following upon the closure of the Lake language to the language on grounds of public works, were illegal and could rather corrected the misunderstanding. He would "four days before publicly recognised the fact that the reasons were sufficient. They were argued rather belatedly and ingeniously that the Govt did not consider their objection was justified in closing them. But, out of some possible ways of duty to railway travellers, the Railway authorities and their persons possessing certain classes of tickets, despite the general admission of multiple currency which might obtain results. The result of course was to receive an entirely wrong impression of the minds of the Kismu community which would not have resulted had the Railway Authorities complied at once with the decision of the Court. But the general difficulty, like without doubt, has been created by the Licensing Board. It generally recognised that when interested parties have obligations to raise to applications for a liquor licence, it is the order that the applicants may have an opportunity of presenting their views. There is no indication that this principle was followed in Kismu and the Railway, a public service carried on for the general benefit of the community, and therefore is a particularly proper position. It is a public service and therefore it is a public service. It is a public service and therefore it is a public service. It is a public service and therefore it is a public service. It is a public service and therefore it is a public service.

Unseen Sources of Long Life

A motor car like a house, you LOOK a great deal more substantial than it really is.

Dodge Brothers Motor Cars, however, have proved, through twelve years, that their make-up is more deeply concerned with the unseen goodness than with the seen.

The expense saved, the trouble avoided and the dependability enjoyed in comfort by owners of Dodge Brothers Cars over a period of years are quite as important as the more obvious details of equipment and style.

THE HAPPIER LIFE.

Who has the Better Time?
Woman or Man?

A COMPARISON

The woman or man have the better time?
If someone when this question is put in all circumstances there should be some doubt about it.

It had always happened and it was no laughing matter. The man had to spend a whole day at the office, the woman at the house.

The man spends about a whole day at the office, the woman at the house. The man has to go to work, the woman has to go to the market.

OPPORTUNITY

her name? Women are living in every sense of the word. They are not only getting on their feet, but they are also getting on their feet.

I think it is right to say that the woman has the better time. She has more time to spend with her family and her friends.

I think it is right to say that the woman has the better time. She has more time to spend with her family and her friends. She has more time to spend with her family and her friends.

HEART BEATS OF PLANTS

Wonderful Discovery of Science.

DELICATE MACHINE.

A Bulgarian professor, Dr. Zlatko, has discovered that plants have a heart that beats like a human heart.

A Bulgarian professor, Dr. Zlatko, has discovered that plants have a heart that beats like a human heart. He has invented a delicate machine to measure the heart rate of plants.

man has the death grip. All the world's food is produced in the tropics and subtropics.

PLANT HEARTS

It is made of a thin, clear, elastic material. It is called a plant heart. It is found in all plants.

It is made of a thin, clear, elastic material. It is called a plant heart. It is found in all plants. It is made of a thin, clear, elastic material.

FOREIGN SECRETARY ON CHINA.

Declaration Welcomed by All Parties in Britain.

ATTACK ON HANKOW PREPARING.

Comparative Strength of Northern and Southern Governments.

[REPRODUCED FROM "ASSOCIATED PRESS"]

It is reported from Chungking, that since 1926 English and American will be organized shortly from the existing provinces, which in effect, and subject to Northern Government, will be the Northern war-lord of China. The Northern war-lord of China, and the Southern Government, are making a campaign against the South. He declared that the Chinese Government had always protected foreigners where the Southern Government was hostile and unscrupulous.

NAIROBI.

(Continued on page 2.)

FOR more than two years the stupendous engineering resources of Buick and General Motors have been concentrated on the development of the new 1927 Buick, a car which now easily tops any accomplishment thus far known.

In performance, power, stamina and economy of operation there is nothing with which to compare it.

This wonderful new Buick has an ease of control, quietness of operation, swiftness of acceleration and beauty of line that are absent in even the costliest of cars.

Gilfillan & Company, Ltd.
DISTRIBUTORS FOR BUICK

B U I C K

**New Heights of Speed,
Power and Safety.**

Lack of vibration at all speeds; reduction of pressure required on foot pedals; ease of engaging clutch; extra clearance of side wings; perfect road stability; passenger vibrations over any kind of road; four wheel brakes of the most dependable type known; air filter; oil filter; petrol filter; radiator screen; condenser shielded; top springs; counterbalanced crankshaft; laminated ball-joints on the front axle; handbrake chain; over-laid wheels; dual valve springs.

Owners of these new Buick cars are express testament of their tremendous acceleration, power and silent, vibrationless running.

Try any other make of car and then drive the new Buick. You, also, will be convinced of the difference between the Buick and any other car you may have driven and decided on the new conception of road performance the wonderful car will give you.

WHY IVORY BONES ESCAPES THE LAW.

"The Boot" from Nairobi.

THE GAME REPORT.

More Evidence from a Trenchant Hunter.

Following is a further selection of extracts from the fascinating story of the Chikwa Wars...

I returned two days back from my private game-bags...

The British Commissioner, East Africa, visited the area in October, 1914, and together we located more of these ivory traps...

It would be absurd to exaggerate the extent of the ivory trade...

It is not surprising that the ivory trade has been so successful...

including Government headmen... they were told that a policy of... they were told that a policy of...

IVORY HUNTING. An excellent French... hunting... hunting...

No means have been devised for coping with the considerable... of the ivory trade...

LABOUR TROUBLE IN NAIROBI. No satisfactory working arrangements... have been reached...

would be a more appropriate... of the... of the...

DAIJI OF GAMBIA. I regret to record that there were a large number of well-dressed... in the... of the...

The effects of the drought on the... of the... of the...

JOHN RIFKIN. JOHN RIFKIN, 100, BROADWAY, NAIROBI. All kinds of "Wagon" made to order.

ELIOTT. I am glad to be able to report... of the... of the...

MINDO. Many complaints were received from the Nyeri-Kenya area...

The British Commissioner, East Africa, visited the area in October, 1914...

FURTHER CONVICTIONMENT NEEDED CAN ANYTHING BE BETTER PROOF??? We have notified the following territories as follows: F. E. VIVERRA, Esq., Game Department. I have tried the 8.8mm. long barrel in Elephant. It is undoubtedly a legitimate weapon I have tried something like 40 Blocks with the same in a most efficient way on Elephants. The long barrel gun however seems to possess amazing fire, distance and Magnus. Moreover your D.W.M. Ammunition was always in stock, I had not my short barrel gun and keep the 28". In my opinion the long barrel gun is the best medium bore on the market. Personally I have tried everything from a 300 downwards on Elephants and I consider the 8.8mm. long barrel weapon.

Yours Sincerely, (sd.) F. E. VIVERRA, Game Department, Tanganyika Territory. CHAS. A. HEYER & Co., GUN MAKERS, NAIROBI. ESTABLISHED 1900.

Crawford's SPECIAL RESERVE SCOTCH WHISKY. Established since 1850. "Yellow in Honour and Rose in Quality".

REPRESENTATIVE OF BUICK MOTOR DIVISION
GENERAL MOTORS CORPORATION
WARREN, MICHIGAN

BUICK MOTOR DIVISION
GENERAL MOTORS CORPORATION
WARREN, MICHIGAN

**New Heights of Speed,
Power and Safety.**

Look of selection of all speeds;
maximum of pressure regulated on foot
valves; ease of engaging clutch, and
absence of side sway; perfect road
stability; passenger vibration over
every kind of road; four wheel brakes
of the most dependable type known;
oil filter; oil filter; petrol filter;
crankcase vacuum combustion cool-
ing system; counterbalanced crank-
shaft; harmonic balancer on the
crankshaft; insulated chassis; over-
head valves; dual valve springs.

Owners of these new Buick creations
express amazement of their per-
formance, acceleration, power and
stiff, substantial steering.

Try any other make of car and then
return to the new Buick. You will
not be surprised at the difference
between the Buick and any other car
you may have driven and thrilled at
the new conception of road perfor-
mance this wonderful car will give you.

FOR more than two years
the stupendous engineering
resources of Buick and General
Motors have been concentrated
on the development of the new
1927 Buick, a car which now
easily tops any accomplishment
thus far known.

In performance, power, stamina and
economy of operation there is nothing
with which to compare it.

This wonderful new Buick has an ease
of control, quietness of operation,
swiftness of acceleration and beauty
of line that are absent in even the
costliest of cars.

MOTORS TOPICS

MOTOR CONSTRUCTION.

Following Along Lines of Simplicity.

The present development of the motor is along lines of simplicity. The motor is to eliminate valve chains, to include new mechanisms for increasing the efficiency and life of the motor.

The principle of two valves, opening and closing in pairs, has been adopted by the makers and some of the present problems of motor construction are being solved by the use of this principle.

These valves eliminated the need for the valve train, push rods, push rods, valves and valves springs. A simplified number of parts was automatically eliminated. They furnished an opportunity to change the valves, or parts in the motor, without disturbing the rest of the engine.

The principle of two valves, opening and closing in pairs, has been adopted by the makers and some of the present problems of motor construction are being solved by the use of this principle.

PETROL ECONOMY.

Remarkable Performance of a New Imperial.

100 MILES TO THE GALLON.

From Nairobi to Mombasa or for two weeks, the petrol economy of the new Imperial is being tested. The petrol economy of the new Imperial is being tested. The petrol economy of the new Imperial is being tested.

REDUCING COMPLICATIONS.

The present development of the motor is along lines of simplicity. The motor is to eliminate valve chains, to include new mechanisms for increasing the efficiency and life of the motor.

probably had more to do with the success of the test in this respect.

EXPERIENCES.

The journey was not without its adventures side. It was dark before the Imperial reached Mombasa, and at this time he encountered the most severe of the four legged and still without a trace of snow. The car was on the highway, all well prepared.

Useful Sources of Long Life

A motor car, like a horse, may LOOK a great deal more substantial than it really is.

Dodge Brothers Motor Cars, however, have proved, through twelve years, that these motor cars are even more deeply concerned with the unseen goodness than with the seen.

The expense saved, the trouble avoided and the dependability enjoyed in comfort by owners of Dodge Brothers Cars over a period of years, are quite as important as the more obvious details of equipment and style.

Cross Power KEROSENE

Pulling Power For Every Tractor
KEROSENE is a power fuel for tractors which has been perfected by Shell petroleum chemists in co-operation with the world's recognized authorities on internal combustion engines.

Being an exceptionally volatile power kerosene, Cross provides complete combustion in tractor power with low fuel consumption and minimum carbon deposit.

Tractor fuel will run better and deliver more power on COBALT.

Will be held on Saturday February 5th at 9 p.m.

HEADS DANCE BAND. Tickets: 12/60 double, 7/00 single. including light refreshments.

To Each Individual Member of The Kenya Farmers' Association Limited.

Dear Sir,

The Principal Sanitation Officer has prohibited the export of one Matira Grower's Crop to the Nakuru Area owing to dead plague rats being found in this Matira Crop.

I make this personal appeal to all Members of The Kenya Farmers' Association Ltd. to make war on rats as fast as possible, and to your utmost to clear your farms of this pest.

The more you commence the less risk there will be of your crop being condemned.

Yours faithfully,
SAMUEL McCALL,
CHAIRMAN.

FOR SALE.

Posho Limited in Liquidation.

STOCK CONFERENCE CONTINUES.

Reorganisation of Veterinary Department.

JURISDICTION IS PRIVATE.

After the luncheon interval on the 24th, a large number of members went into Committee to discuss the reorganisation of the Department. It is now being considered whether the Department should be reorganised on a private basis.

At the next meeting, Mr. J. Parfitt (Kisumu) proposed that Mr. W. B. Thompson (Uganda) should be the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

This was carried. Mr. Thompson moved the following motion:

MOVEMENT OF CATTLE.

Resolution 26 was then proposed by Mr. J. Parfitt (Kisumu) and seconded by Mr. A. M. M. M. (Mombasa). The motion was carried. The following motion was proposed by Mr. J. Parfitt (Kisumu): "That any person who is found to be in possession of a certificate of vaccination for a cow, which is not a cow, shall be liable to a fine of 10/- for each cow." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

THE EAST AFRICAN STANDARD.

WEDNESDAY.

The Conference resumed at 9.0 a.m. on Wednesday morning. The subject of the reorganisation of the Department was discussed. It was decided that the Department should be reorganised on a private basis.

The following motion was proposed by Mr. J. Parfitt (Kisumu): "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

EXTENDING THE "STONE BUILDINGS" AREA.

Proposal to Bring in Asiatic Nairobi.

TO MEET PLAGUE.

At the meeting of the Nairobi Municipal Council on Tuesday evening, a proposal was made to extend the "Stone Buildings" area to include the area known as Asiatic Nairobi. The proposal was supported by a large number of members of the Council.

The following motion was proposed by Mr. J. Parfitt (Kisumu): "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

Mr. J. Parfitt (Kisumu) proposed and Mr. G. O. O. (Kisumu) seconded the following motion: "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

GOVERNMENT FARM.

Enlargement of the Government Farm.

200 ACRES.

The Government Farm, which is situated in the Nakuru Area, is being enlarged to 200 acres. The enlargement will be completed by the end of the year.

The following motion was proposed by Mr. J. Parfitt (Kisumu): "That in any case which is generally desired, after the necessary number of dips have been established on the respective districts, no cattle excepting dipped or immune cattle shall be allowed to move along public roads." (Moto Voters' Association.)

OUR WOMEN'S PAGE

A Letter from Paris (By DORIS DUNE)

In the more vivid tones a general outline to the face, and was perhaps a little faded and little faded. But the new deep colors, dull gold, deep rose shades and most of the loveliest were given a high place in Madame's outlining as suitable colors for the middle-aged woman's complexion. Lighter shades of the cushion colors—why should not the woman of forty enjoy them?—no danger continued. There are good for her, they cheer her, they help by their very lightness and freshness to smooth out the lines and to bring a flush of pleasure to the pale skin. Provided the skin itself is clear, providing the eyes are bright and the hair well tended there is no reason why a woman should not continue to enjoy soft glowing complexion until she is seventy.

As for styles, the latest fashions all tend towards longer skirts and more normal lines and

not Madame may be naturally dressed and still look dignified. Nothing is more painful than to see a woman obviously meeting the dress dressed in shoes up to her knees and wearing her waist, where most undoubtedly it should not be worn when the stylish costume of such have widened. Disappear! Yes, the draped gown, in the gown, the perfectly straight plain one! But let it be a jumper and not a jumper coat for the break between bodice and skirt to rest over the shoulders. The figure—rather should the line from shoulder to hem be continued with nothing more than a gentle curve at the waist and to break it and at the girdle or belt—no in the position where it begins—no danger any undue length.

The deep summer sea falling from the waist at the back is a great help to the woman whose

The latest evening model demonstrates the charm of dull gold ribbon, "fringe" falling to the ankles over a short hood of the black lace. Bristle ribbon, too, and the strappings which are attached to a little ribbon bracelet on the wrist.

Few steps make a useful blouse from a novel feature of which the narrow pleated suit at the back. Dotted and cut back to rest over the shoulders, which is used also to line the broad neck.

Shoulders are a little too heavy. Falling straight from the top of the shoulder, line to the top of the bust, and straight up, which is a gain to be had. The same may be made of lace or gossamer or fringe or any light, shimmering fabric, rather than silk if it is the better to be used.

Thus the designer who is endeavoring to make smooth the path of the middle-aged woman's dress has her remedy in the hope that they will be of assistance to those who may be a little weary sometimes as to the "sustainability" of modern dress.
