A new chapter is now being written in tyre usefulness and stamina by the Goodyear Cord material "SUPERTWIST". Its greater elasticity provides greater protection from bumps, shocks and jots and ensures much bigger tyre mileage.

A GREAT tyre is the Goodyear Heavy Duty Cord; and a great value for the man whose driving calls for extra tyre stamina. Stronger, heavier and more massive, it is built to withstand severe work. Its powerful body is made of the superior cord material SUPERTWIST, and its side-walls reinforced against rutwear.

MOTURING TOPICS

DRIVING FAULTS.

Included is also, with a view to saving the engine by passing out of the gear in time.

Common Mistake by Novices.

THE ERROR AS A BRAKE.
With the great degree of flexibility in modern touring engines it is possible to use the clutch for the purpose of slowing down the car, and so avoiding the necessity of depressing the accelerator to apply brake effect, and so saving the clutch.

TYPICAL EXAMPLES.

Many mistakes are made in driving, and are of two kinds, those which are of a technical nature, and those which are of a mechanical nature. The latter are the more serious, and are the result of carelessness, and are the result of carelessness, and are the result of carelessness.

THE FOOT OR HAND BRAKE SHOULD BE USED AS A STOPPING MEANS, AND NOT AS A MEANS OF CONTROLLING THE SPEED OF THE CAR, AND NOT AS A MEANS OF CONTROLLING THE SPEED OF THE CAR.

COASTING.

It is not good to coast, and it is not good to coast, and it is not good to coast.

BEHINDNESS QUESTIONS.

Take some typical examples of questions asked by motorists. Often the question is of a technical nature, and is of a technical nature.

WHEN TO CHANGE GEAR.

The engine takes the best of the road, and the best of the road, and the best of the road.

Many Ford in History.

A RACE IN AMERICA IN 1901.
During over the pages of a motor magazine of October, 1901, a story which is a beautiful story, and is a beautiful story.

THE ENGINE AS A BRAKE.

With the great degree of flexibility in modern touring engines it is possible to use the clutch for the purpose of slowing down the car, and so avoiding the necessity of depressing the accelerator to apply brake effect, and so saving the clutch.

TYPICAL EXAMPLES.

Many mistakes are made in driving, and are of two kinds, those which are of a technical nature, and those which are of a mechanical nature. The latter are the more serious, and are the result of carelessness, and are the result of carelessness.

THE FOOT OR HAND BRAKE SHOULD BE USED AS A STOPPING MEANS, AND NOT AS A MEANS OF CONTROLLING THE SPEED OF THE CAR, AND NOT AS A MEANS OF CONTROLLING THE SPEED OF THE CAR.

WHEN TO CHANGE GEAR.

The engine takes the best of the road, and the best of the road, and the best of the road.

Unseen Sources of Long Life

A motor car, like a human, may LOOK a great deal more substantial than it really is.
Dodge Brothers Motor Cars, however, have proved, through twelve years, that their make are even more deeply concerned with the unseen goodness than with the seen.

The expense saved, the trouble avoided and the dependability enjoyed in comfort by owners of Dodge Brothers Cars over a period of years, are quite as important as the more obvious details of equipment and style.

CROSS Power KEROSENE

Pulling Power for Every Tractor

KEROSENE is a power fuel for tractors which has been perfected by Shell petroleum chemists in co-operation with the world's recognized authorities on internal combustion engines.

Being an exceptionally volatile power kerosene, Cross provides complete combustion in tractor engines, and thus delivers the maximum amount of power with low fuel consumption and minimum carbon deposit.

Your tractor will run better and deliver more power on CROSS.

FURTHER CONVICEMENT NEEDED CAN ANYTHING BE BETTER PROOF???

We have received the following letter from—Tanganyika Territory regarding as follows: F. E. VIVIER, Esq., Game Department.

"I have had one of your long 2 1/2 lb. Gun Makers' cartridges. It is undoubtedly a very good one. I have tried some of the 40 grains with the short barrel G.M.M. and find it to be a most efficient weapon on elephants. The long barrel gun however seems to possess accuracy than the shorter one. Moreover your D.W.M. Ammunition can always be relied on. I shall send you three long 2 1/2 lb. and keep the 2 1/2 lb. one."

As my opinion the long 2 1/2 lb. barrel gun is the best barrel gun in the world. Naturally I have tried everything from a 400 down to 400 grains on elephants and I consider the 400-grain the best.

Yours sincerely,
(Sd.) F. E. VIVIER,
Game Department,
Tanganyika Territory.

the wishes of the people of the country. The manifesto issued by the Executive Committee has not been seriously challenged except in so far as the Executive Committee's signature who have been denied was not rejected by the electorate on the ground of any objection to the policy outlined in the manifesto. The result of the election, in fact, is a general approval of the manifesto and in particular of the economic and social principles in relation to an Eastern Empire and closer relations with Africa which were the main features. There is need for emphasis of the fact that the first demand for an Eastern Empire is not a new thing but has always been stated before and the recognition of that principle, settled and strengthened by agreement to allow the members of the new Council to modify more definitely in the direction of logical evolution in East Africa, it has been followed by public leaders in Kenya for several years. It is not a new thing but has been steadily followed by public leaders in Kenya for several years. It is not a new thing but has been steadily followed by public leaders in Kenya for several years. It is not a new thing but has been steadily followed by public leaders in Kenya for several years.

THE GOLDIE PROPOSAL.
MANY THINGS ARE BEING BORN IN MIND.
[By Weybridge, Jan. 14.]
When questions were asked in the House of Commons regarding the Goldie proposal, the Minister of Transport replied that the Government was giving the proposal serious consideration. He stated that the proposal was of a very preliminary nature and that the Government was not yet in a position to make a definite statement on the subject.

A new chapter is now being written in tyre usefulness and durability by the Goodyear Cord material - "SUPERTWIST". Its greater elasticity provides greater protection from bruises, shocks and jars and ensures much bigger tyre mileage.

A GREAT tyre is the Good-year Heavy Duty Cord; and a great value for the man whose driving calls for extra tyre stamina. Stronger, heavier and more massive, it is built to withstand severe work. Its powerful body is made of the superior cord material SUPERTWIST, and its side-walls reinforced against putwear.

THE SHOP HOURS ACT.

Extraordinary Proposals Made by Town Council Committee.

A HEATED MEETING.

Indians Insist on Bazaar Shops Being Kept Open.

HALF-HEARTED COMPROMISE.

The Shop Hours Act controversy advanced a further stage in the Municipal Council on Tuesday when a report was submitted by a sub-committee which was set up by the Town Council Committee.

There is a number of less important provisions of this report which was adopted after a heated debate, during by one or two divergent opinions.

The Shop Hours Act was passed in 1926 and has since been amended several times. The sub-committee report recommended that the Act be applied forthwith, i.e., the shops should be closed on Government Road and Sixth Avenue.

There is a number of less important provisions of this report which was adopted after a heated debate, during by one or two divergent opinions.

JOHN BOYES KING OF THE WARRIORS (1894. EDITION.)

No more interesting book has been published for many years than this excellent account of an Englishman's adventures as a trader in East Africa. It tells how he captured an almost insurmountable monopoly over the Kenya tribe, how he became their King, how he was repudiated and tried for his life by his own country and finally, how he was acquitted.

TRUTH OF TANGANYIKA MANDATE.

Territory Not Held from the League.

CONCURRED BY THE POWERS.

[FROM OUR SPECIAL AGENT.]
London, February 10. The status of Tanganyika was raised at quarter time in the House of Commons, evoking a statement from Mr. Asquith declaring that there was no question of the territory passing from British control. Commander Kewenbury said that this assertion was reasonable with the fact that Mandates, which can also take them away. Mr. Asquith replied that this was untrue, and added that the territory was not held from the League. He stated that the League had no right to transfer territory to any other power. He also stated that the League had no right to transfer territory to any other power.

A new chapter is now being written in tyre usefulness and sturdiness by the Goodyear Cord material "SUPERTWIST". Its greater elasticity provides greater protection from bruises, shocks and jolts and means much longer tyre mileage.

A GREAT tyre is the Goodyear Heavy Duty Cord; and a great value for the man whose driving calls for extra tyre stamina. Stronger, heavier and more massive, it is built to withstand severe work. Its powerful body is made of the superior cord material SUPERTWIST, and its side walls reinforced against rutwear.

ROMANCE IN JUBALAND.

(Continued from page 1.)

THE USES OF WIRELESS.
 This is the first occasion on which
 a boundary has been fixed by the aid
 of wireless telegraphy. The boundary
 was drawn in the most satisfactory
 manner, and the result is a most
 satisfactory arrangement of the work
 of the wireless telegraph.

To appreciate the importance
 of this work, it is necessary to
 remember that the Commission
 was working a part of Africa,
 not only extremely primitive,
 but also very much isolated.

Modern wireless telegraph
 systems, though ordinary
 systems, are not so much
 used as they were some years
 ago.

It was, therefore, necessary
 to have a system of wireless
 telegraphy which would be
 able to communicate with
 other stations in the district.

The Commission was
 therefore, in a position to
 communicate with other
 stations in the district.

The Commission was
 therefore, in a position to
 communicate with other
 stations in the district.

The Commission was
 therefore, in a position to
 communicate with other
 stations in the district.

The Commission was
 therefore, in a position to
 communicate with other
 stations in the district.

The Commission was
 therefore, in a position to
 communicate with other
 stations in the district.

The Commission was

Cross Power KEROSENE

Pulling Power for Every Tractor
KEROSENE is a power fuel for tractors which has been perfected by Shell petroleum chemists in co-operation with the world's recognized authorities on internal combustion engines.
Being an exceptionally volatile power kerosene, Cross provides complete combustion in tractor engine, and thus delivers the maximum amount of power with low fuel consumption and minimum carbon deposit.
Your tractor will run better and deliver more power on CROSS.

FURTHER CONVICEMENT NEEDED CAN ANYTHING BE BETTER PROOF ???

We have received the following letter from:-
Tanganyika Territory, 20th Feb. 1927.
I have tried the 25 lb. can, long barrel on Elephant. It is undoubtedly a Superior weapon I have used something like 40 Elephants with the Short Jugs, 25 lbs. and consider it a most efficient weapon on Elephants. The long barrel gun however seems to possess consistency from Ballistic and I consider on thick skin animals such as Elephants and Lions, it is superior to the 25 lb or 50 lb Magazine. Moreover your D.W.M. Ammunition can always be relied on. I shall sell my short barrel gun and keep the 25 lbs. In my opinion the long 25" barrel gun is the best medium gun on the market. Personally I have used everything from a 500 rounds on Elephants and 1 consider the 25 lbs. as long the best weapon.

Yours Sincerely,
(sd.) J. F. VIVENS,
Game Department,
Tanganyika Territory.

"STANDARD" FEATURE PAGE

(Presented by "E. A. Brannan") [All Rights Reserved] MARRIAGE AND THE MODERN WOMAN.

No. 1

Haphazard Marriage.

DANGER OF ENTERING LIFE'S GREATEST PHASE WITHOUT TRAINING OR MEANS

By Geraldine Alderton, author of "Think Green," "A Daughter of the Vile," etc.

Nothing in man is so casual as his choice of a mate. He one does it to populate the earth, and men were governed by his instincts...

shows here an manifestation of disease in the social order that we are trying to correct. A woman, by enforcing laws which will make the maintenance of morals for women, and her...

we want on young people of legal age who have fallen in love. They will save themselves from a life of misery unless they are twenty-two, and they will be twenty...

EATING HABITS AND ROMANCE

All young people, no matter how independent they may think they are, are usually very fond, and dislike extremely being out of the fashion. Moreover, a fashion, like a habit, becomes a fixed idea, and they look forward automatically to enjoying it...

down to disaster because the man is indigestible and the woman is unpalatable. Children, however, cannot grow up to a healthy maturity unless properly fed, and any natural good taste the mother has should be her guide...

THE VALUE OF MONEY AND BEAUTY

There is little that can be taught to boys by way of preparing them for the great part of duties in life beyond teaching them the value of money and preserving their health. But there should be a law which would make it a criminal offence for a man to marry a girl unless he has a certain job and a useful business in the bank. One way to establish poverty is to be rich it.

What still engenders our yet shall a judge, whether a serious course of training? A medical course could be given to a girl who was a diploma and the right to practice. A diploma of good conduct would be the best prize...

ANGLO-SAXON AND LATIN For marriage alone, the event upon which the destinies of the contracting parties turn as definitely as at a marriage between nations, there is no preparation of training...

EVERY GIRL SHOULD LEARN TO COOK The first reason for the introduction of matrimony must naturally be the fact that a woman's life for psychology is founded upon physical habits. Marriage is the great act of life that can ever breed a body to work with. It is perfect, as in the case of Darwin and John, that the body may still accomplish great things, but at what a cost!

Every girl should learn to cook. There are in these days any more a course than a blessing, and the girl who does not know how to cook, she is not a woman. No working girl is going to do general housework if she can find a place in a factory or shop, much less if she be equal to office work.

Remance is beautiful but all at all, and the girl who enters into it without the proper knowledge, it will be a heavy cross for the remainder of her life. It is the duty of the parent to see to it that the girl is properly trained...
