for the first time

an engine- vibrationless beyond belief

Buick now presents a new and finer motor car with an engine, vibrationless beyond all previous experience!

At every point in its whole power range, this engine will remind you of the smoothness and quietness of electrical operation.

No other car to-day, regardless of its price, accomplishes the same freedom from noise and rumble.

Smoothness, power range, and flexibility are amazingly revealed in the smart new Buicks—the fastest of all cars for their price and size, faster than practically any car, except a purely racing machine.

No speed you wish to travel is restricted by the capacity limit of the new Buick models.

Buick engineering has achieved the result that all motor car engineers have sought for for years.

Come in and take out one of these 1927 Buicks for your first ride in the Greatest Buick Ever Built.

Better Than Ever

Following their traditional policy of constant improvement with no yearly models, Dodge Brothers, Inc. during the past year have again vastly bettered their motor car. Never in a similar period have so many fundamental and popular improvements been made.

- As a result, sales for 1926 were more than 30% above 1925.

and their laborers doubtless will be... of the Government... to be made by the Government...

Beauty's a Duty

Your duty to your child demands that you give the child the best chance to develop naturally by having them fitted with Starline shoes. No other shoe can give your child the special Starline Rite shoe for no other shoe has the special Starline Rite shoe pattern for preventing twisted ankles and flat feet. If you will visit our store you will see all about these shoes. They make beautiful feet and feet that are beautiful. They are the only shoes that are beautiful.

THE CHINESE OUTLOOK.

(Continued from page 4.)

new single note is a quarter of the value of the 100. This completely obviates the necessity of printing and circulating large quantities of paper money. The proceeds will be paid to the Chinese Government in the form of an appropriate quantity of gold or silver.

THE LEAGUE OF NATIONS. Mr. Chen's speech at the last year's meeting in London is not the view of the Chinese Government on the League of Nations as a whole.

When any dispute brought before the Council is not settled by the Council, it is referred to the League of Nations. This is a very important matter for the Chinese Government.

It is a very important matter for the Chinese Government. The League of Nations is a very important institution for the world.

for the first time

an engine- vibrationless beyond belief

Buick now presents a new and finer motor car with an engine, vibrationless beyond all previous experience!

At every point in its whole power range, this engine will remind you of the smoothness and quietness of electrical operation.

No other car to-day, regardless of its price, accomplishes the same freedom from noise and rumble.

Smoothness, power range, and flexibility are amazingly revealed in the smart new Buicks—the fastest of all cars for their price and size, faster than practically any car, except a purely racing machine.

No speed you wish to travel is restricted by the capacity limit of the new Buick models.

Buick engineering has achieved the result that all motor car engineers have sought for for years.

Come in and take out one of these 1927 Buicks for your first ride in the Greatest Buick Ever Built.

Gilfillan & Company, Ltd

The

GREATEST

BUICK

EVER BUILT

MOTURING TOPICS

Better Than Ever

Following their traditional policy of constant improvement with no yearly models, Dodge Brothers, Inc. during the past year have again vastly bettered their motor car. Never in a similar motor car and no many fundamental and popular improvements been made.

As a result, sales for 1916 were more than 30% above 1915.

Table with 2 columns: Model Name and Price. Models include Touring Car, Special Touring Car, Sedan, Heavy Commercial Car, and Delivery Van.

Financial and Property Agents Business Consultants.

Mortgages negotiated. Free Properties negotiated. Partnerships arranged. Investments advised on REALIZABLE ASSET.

ROAD SENSE

Requires Many Years of Experience. INSTINCT AND CONFIDENCE.

It used to be said that a competent driver was the best chauffeur. For the reason that they knew just what was asked of them. That in a way, they were prepared to do it. It is not a different kind of work, but a different kind of skill. The modern motorist must be in the power to handle a car with confidence. He must know the good driver is the product of many years' experience in which he has acquired 'road sense'.

The important driver frequently drives through a web of dangers without at all realizing it. He has no sense for seeing through while he may quite naturally have put other liabilities to rest. He is not a competent driver.

COMBING

When it is found by most of them that their hair is getting curly, they will be inclined to get it cut. This is a mistake. The hair should be combed out. This is a mistake. The hair should be combed out.

First and foremost, and perhaps the most important of all, the driver must be able to handle a car. He must be able to handle a car. He must be able to handle a car.

The same care should be exercised in driving a car. The driver should be able to handle a car. He must be able to handle a car.

Handling corners and banks. The driver should be able to handle a car. He must be able to handle a car.

OVERKINING

In overkining over any road, the driver should be able to handle a car. He must be able to handle a car.

A road driver will anticipate the road. He will be able to handle a car. He must be able to handle a car.

The driver should be able to handle a car. He must be able to handle a car.

TRAINING THE EYE

The eye is the key to the driver's success. He must be able to handle a car. He must be able to handle a car.

The driver should be able to handle a car. He must be able to handle a car.

Many drivers have covered through the road. He must be able to handle a car. He must be able to handle a car.

WIDENING THE VISION

An open road usually tests the driver's vision. He must be able to handle a car. He must be able to handle a car.

AVOIDING ACCIDENTS

There is a great deal to be learned from the study of accidents. He must be able to handle a car. He must be able to handle a car.

OUR WOMEN'S PAGE

A Letter from Paris

(By YVETTE BOURG)

considered as the life with a very wide, beautifully shaped head of fine, wavy hair.

French fashion is still in the throes of the "aerobic" movement, and the women of the day are to be seen in their make-up, in which case they are loaded with such accessories as the hair-clip with small floral petals and the hair-clip with small floral petals and the hair-clip with small floral petals and the hair-clip with small floral petals.

Equally universal is the fashion of wearing diamonds in the evening. This very large diamond necklace is the latest in the series of necklaces. A crown with a large diamond necklace is the latest in the series of necklaces. A crown with a large diamond necklace is the latest in the series of necklaces. A crown with a large diamond necklace is the latest in the series of necklaces.

EMBROIDERED BOWTIE

Among the latest "novel" neckties to meet the requirements of an old-fashioned, but modern, man is the embroidered bowtie. This is a difference, however. The latest necktie is the embroidered bowtie. This is a difference, however. The latest necktie is the embroidered bowtie. This is a difference, however.

THE HAIR

The hair is the most important feature of a woman's face. It is the hair that makes a woman's face. It is the hair that makes a woman's face. It is the hair that makes a woman's face. It is the hair that makes a woman's face.

THE HAIR

The hair is the most important feature of a woman's face. It is the hair that makes a woman's face. It is the hair that makes a woman's face. It is the hair that makes a woman's face. It is the hair that makes a woman's face.

GIVERS AND TAKERS

My friend writes me from the States that she has just given me a very nice present. It is a very nice present. It is a very nice present. It is a very nice present. It is a very nice present.

SEE HOW OTHERS FEEL

Dr. E. Hope Smith is a well-known physician. He is a well-known physician. He is a well-known physician. He is a well-known physician. He is a well-known physician.

How useless most of us can be on occasion! The mother of a child, for instance, does not seem to realize when she dresses on her child's hair, that in the parent's mind, the hair is the parent's hair.

Thinking is sympathetic understanding should be comprehensive. It should be comprehensive. It should be comprehensive. It should be comprehensive. It should be comprehensive.

NAIROBI SHOW, August 1st 2nd and 3rd 1927. The Business Firm of Kenya have entered a voluntary display in the Trade Section.

for the first time

an engine- vibrationless beyond belief

Buick now presents a new and finer motor car with an engine, vibrationless beyond all previous experience!

At every point in its whole power range, this engine will remind you of the smoothness and quietness of electrical operation.

No other car to-day, regardless of its price, accomplishes the same freedom from noise and rumble.

Smoothness, power range, and flexibility are amazingly revealed in the smart new Buicks—the fastest of all cars for their price and size, faster than practically any car, except a purely racing machine.

No speed you wish to travel is restricted by the capacity limit of the new Buick models.

Buick engineering has achieved the result that all motor car engineers have sought for for years.

Come in and take out one of these 1927 Buicks for your first ride in the Greatest Buick Ever Built.

Cross Power KEROSENE

Pulling Power for Every Tractor

KEROSENE as a power fuel for tractor which has been perfected by Shell petroleum chemists in co-operation with the world's recognized authorities on internal combustion engines.

Being an exceptionally volatile power kerosene, Cross provides complete combustion in tractor engine, and thus delivers the maximum amount of power with low fuel consumption and minimum carbon deposit.

Your tractor will run better and deliver more power on Cross.

The Government of Tanganyika is now disposing of 100 acres of land in the district of Mwanza. The land is situated in the district of Mwanza, and is suitable for agriculture. The land is being sold in lots of 10 acres each.

Mandated Mining Lease.
The Government of Tanganyika has granted a mining lease to a British subject for the purpose of exploring for minerals in the district of Mwanza. The lease is for a period of 10 years, and is subject to the usual conditions.

Kenya Riflemen.
The Ministry of Defence has announced that the Kenya Riflemen will be reorganised into a single regiment. The new regiment will be known as the Kenya Rifles, and will be based in Nairobi.

A Banned Mosque.
The Government of Tanganyika has banned a mosque in the district of Mwanza. The mosque was built on land that had been reserved for the Government, and was found to be in violation of the law.

TANGANYIKA MYSTERY EXPLAINED.
The mystery surrounding the disappearance of a British subject in Tanganyika has been explained. It was found that the subject had been taken to a remote part of the country, and had been held there for some time.

A Diamond Problem.
The great and continuing discovery of natural diamonds, particularly in South Africa, have done so much to precipitate a serious problem. There are now indications in the world and certainly so in Africa where the output of operations, including buying, is so large as to constitute a serious problem. The diamond industry of the world is now faced with a serious problem. The diamond industry of the world is now faced with a serious problem.
