It outperformed them all

FOR months the hard-driven cars of the Goodyear test fleet had been roaring night and day.

Eighty new treads—eighty separate and

Eighty new treads—eighty separate and individual designs—were being put through their paces on the superb Goodyear SUPERTWIST casing.

Surely the story was being told; surely and unmistakably one tread was steadily outperforming all the other seventy-nine.

That great tread was the sure-footed, longwearing, quiet-running new-type Goodyear All-Weather pictured here.

Just look at it: see the big, deep-cut, diamond-shaped blocks in the tread's centre, put there, for traction and safety.

Fit these new tyres now, for by reason of certain revolutionar developments in tread design and construction, you will secur vastly greater mileage.

It outperformed them

all

FOR months the hard-driven cars of the Goodyear test fleet had been roaring night and day.

Eighty new treads—eighty separate and individual designs—were being put through their paces on the superb Goodyear SUPERTWIST casing.

Surely the story was being told; surely and unmistakably one tread was steadily outperforming all the other seventy-nine.

That great tread was the sure-footed, longwearing, quiet-running new-type Goodyear All-Weather pictured here.

Just look at it: see the big, deep-cut, diamondshaped blocks in the tread's centre, put there for traction and safety.

Fit these new tyres now, for by reason of certain revolutionary developments in tread design and construction, you will securvastly greater mileage.

Progress and Approval

For Dodge Brothers, Inc. 1926 stands as a year-of unprecedented progress and success. In 1925 the sales of Dodge Brothers Motion Vehicles reached the total of 260,000. Yet in 1926, 330,000 were add—an increase of 70,000 which were originately provided to the sales of the sales of the total standard or the sales of by a succession of major improvem ing back to the first of 1926.

Never has Dodge Brothers Motor Car ranked as high in public favor. Never before has it so-ticity deserved the world a good will.

NOT AN APOLOGY-BUT

AN EXPLANATION - REGARDING

Vauxhall and Pontiac Cars.

We had intended making a feature of these at the Show, but heavy calls from the territories in which these cars have been marketed has caused the supply to fall short of the demand. The makers have therefore been unable to get our supplies forward in time.

We undertake however.

to give a special display of these cars when opening our new premises in Sixth Avenue.

A Car for Every Want and Purse with skilled service behind them.

Sir W. Gowers on Significance of a New Link.

significance of the development of the Railway into Uganda and the linking up of the Protectorate with Kenya by that means was stressed by Sir William Gowers in an address delivered at a luncheon given to visitors by the Agricultural and Horticultural Society of Kenya.

The Governor of Uganda also alluded to the importance of agriculture in the future of East African develop-ment and took the opportunity to again reduce the suggestion that the policy pursued in the West Coast territories resulted in a greater production per head that was represented in the East African countries.

DEADLOCK AT GENEVA NAVAL CONFERENCE.

New British Proposals for Solution of Cruiser Problem.

PROPOSED NEW MAXIMUM OF HALF A MILLION TONS.

Sir A. Chamberlain Believes Disarmament Must Come by Stages.

The British delegates to Geneva have submitted a new and comprehensive scheme of naval restriction fol-lowing their discussions in London.

They suggest a combined total tonnage for cruisers destroyers and submarines below the age limit for replacement of 560,000 tons for Britain and America and 385,000 for Japan.

But the lalest reports from Geneva state that a deadlock has occurred.
