REVISION COURT SETS ASIDE FINE ON NATIVE.

Squed to \$400 Damage to Cane Field by Fire. IMPRISONMENT IMPOSED ON NATIVE. Judgment has been given in the case which came up for revision in the District Court...

THE JUDGMENT.

The following judgment was delivered. The sentence of imprisonment ordered in this case was inadequate. This Court would have ordered a sentence of 3 years' imprisonment.

WAR OFFICE APPEAL.

WAR OFFICE APPEAL. THE WANTS OF THE REBELS. Shanghai, October 10. The "Karmala" will sell on October 14 carrying home reports of the Midlands and Border Regions and the "Green Herald" from Shanghai and the Cantonian from Hong Kong and details of the Indian Brigade.

DEPART OF NEW SOUTH WALES GOVERNMENT.

DEPART OF NEW SOUTH WALES GOVERNMENT. A Native will be the increasing group of high efficiency and maintained speed models in the coupé class which, as racing cars have proved, continue to stand at popular prices as well as on track. The exhibition will mark a sensational price reduction. When these production have been made by a few more firms, they will be an excellent realization of the world's car.

THE MONEY MARKET.

THE MONEY MARKET. (TODAY'S MARKET'S ADVANTAGE) London, October 12 Silver 252

COME AND SEE OUR NEW RANGE OF Celanese Underwear.

IN ALL THE LATEST DESIGNS AND COLOURS. A GARMENT TO SUIT EVERY TASTE.

A very useful and durable slip is the CELANESE FETTEROGY. This garment is fashioned with a neat side gathering, also elastic underarms to maintain a perfect fit, open top and plain-stitched hem. Available in all shades. Price, Shs. 20/00 each.

Celanese Vests are well worth the little extra outlay to that expended on wool or cotton vests of good make. Open tops of soft strap elastic underarm, durable in wash and wear. Shs. 15/00 each obtainable in all light shades.

'Celanese' Lingerie. CELANESE CAMI BOOBERS. Another new garment of great popularity, which does away with the cumbersome waist, jacket fastenings in the distinctive manner, an left side, open top, with elastic underarm, durable in wash and wear. Price, Shs. 20/00 each.

CELANESE NIGHT GOWN. A delightful garment for the trimmest beauty, which means open front, delicate lace round neck and arm-holes. Stain resistant in use and shoddy, slightly gathered in hips. Available in all delicate shades. Shs. 20/00 each.

CELANESE DISCRETE KNICKERS. The ideal garment for one who travelling, fitted close to the knee with small elasticating back, waist of good length and well strengthened. Back with stretch down. All dainty shades in stock including Black and White. Shs. 11/00 each.

LACE TRIMMED CELANESE PANTHOUSERS. This dainty garment is ideal for evening wear, while French lace trimmed with open, gullows lace, with cord in each side of each leg. A well finished and useful garment available in Black, Blue, Sky and Ivory. Shs. 15/00 each.

CENTRALIZED CHASSIS LUBRICATION SYSTEM

on all new 1928 Model Buicks

BUICK for 1928 has developed a centralized chassis lubrication system which makes it unnecessary to crawl under the car when greasing the chassis.

With this system all bearings on the chassis can be positively and easily lubricated in a few minutes.

All motorists who are familiar with the usual back-breaking business of chassis lubrication will appreciate and welcome this new development of Buick designers.

DANCER TO BUILDERS IN HONGKONG.

Alleged by Architect on Lower Road Project.

AN UNBUILT BRIDGE.

THE question of the lowering of the Khidini Road below the level of the Railway Bridge remains in a state of quiescence. The only new move was made by the Municipal Council in the course of a somewhat picturesque statement on the subject, but the bridge stands to be altered.

THE report, made by the architect concerned, is interesting inasmuch as it is an actual survey of one of the buildings overlooking the road is lowered for the project.

THE charge for advertisements in these columns is Shs. 1/2 for a line of six words, or a fraction of a line, with a minimum of six words. Repeats half price on consecutive days only.

GRAHAM BROTHERS TRUCKS AND BUSES LOW COSTS

Low costs are a feature of Graham Brothers Trucks, Commercial cars and buses throughout their long, profitable lives.

Initial cost is extremely low for such high quality, because Graham Brothers build more trucks than any other exclusive truck manufacturer in the world.

Operating costs are low because of the low fuel consumption of the famous Dodge Brothers engine.

Maintenance costs are low because Graham Brothers Trucks, sturdy built of fine material, seldom need repair—and because genuine, factory priced parts are always available when they are needed.

MOTOR TOPICS

STANDARD CARS.
The three new bodies consist of the two-seater with "dobby" and the four-seater with "dobby" and the five-seater with a new body. The four-seater body is a new design with a sloping roof from front to rear, and a new body with a sloping roof from front to rear, and a new body with a sloping roof from front to rear.

CHASSIS AND BODYWORK.
The Standard cars for 1928 will offer an exceptionally wide variety of equipment in new forms and prices. They include an entirely new four-cylinder model of 9 h.p. etc., the standard three-speed model 1478 h.p. Four-cylinder and 1936 cc cylinder and additional four speed models 1422 h.p. 4 cylinder and 1942 cc cylinder. The range of bodywork has been amplified by the addition of a fabric saloon for each type of chassis. In all there are twelve styles of bodywork for the five different chassis.

Four-Speed Models.
Coming now to the 1472 h.p. four-cylinder and 1942 h.p. six-cylinder four-speed cars, the first of bodywork will be available in both cases. These are the Street Sweeper, the Cater, the Pull-Mat, the standard saloon, Park stage fabric saloon and Woodbridge saloon bodywork.

Popular Four and Six.
A truck, the existing 1196 h.p. four-cylinder and 1936 h.p. six-cylinder models with the new design of bodywork in many different forms, have been designed by the factory, and these designs will be accepted by the Board of Trade when they are presented to it for approval.

Six-Light Fabric Saloon.
The Pull-Mat fabric saloon for four-seater will be fitted with a new design of bodywork.

THREE WOMEN IN A CAR

Miss Elsie Hall & Miss May Mukle Arrive in Nairobi.

MOMBASA ROAD RECORD.

The Brighter Side of the Life of Traveling Virtuosos.

Miss Elsie Hall and Miss May Mukle on Sunday to participate in the first Kenya Motor Festival.

FROGS IN THE PIANO.

Miss Elsie Hall and Miss May Mukle who arrived in Nairobi on Sunday afternoon, to participate in the first Kenya Motor Festival have been up from Mombasa, around Cape Town.

Miss Hall with Miss Budgett three hours to Johannesburg, picking up the Mole on the way as she had to attend to her duties in the city.

The third important item in the party is Miss Budgett, a young lady driver from South who carries a great aptitude for a long motor tour in Africa.

The three ladies in the car set out on their tour from Cape Town on September 2, 1936, on their way to Nairobi.

FINCH WAR ON "COMMUNALISM"

Official Campaign against Communism.

POLICE ACTION.

Paris, Sept. 15. Police is going back to war measures now, and finding in the forthcoming visit of the American ambassador to mobilize many patriotic experiences and incidents during the last year between 1914 and 1919. With the exception of the comparatively small circle of Communists who have announced their intention of repeating the plot of the "official relations" to be entered with great zest will be the official relations which are to be given to these 20,000 American who have fought side by side with the French army and its allies in the last few months of the war.

The city should be well worth seeing at the evening party when the wonderful exhibition of artificial illumination is going on. It seems hardly necessary to state Paris more beautiful than she is at present, but the desire to do honour to the Legionnaires is very strong and the expression of this elaborate decoration of public buildings and squares.

If one of these complaints is spread in a district and unpropitiously for it is a fact that the front of the American or any Republic has been wholly and completely destroyed to make Paris a place of beauty.

Police are going to the house of holding against those who were found in possession of a party which contained of Russia.

The police are doing their job thoroughly and carrying out the letter instructions from headquarters that any person created and eventually expelled from the country.

Police have in all parts of the city where the slightest suspicion of Communist trouble has been treated. With the result that Roman, Hungarian, Italian and other "characters" from Central Europe will certainly find themselves back in their own countries.

NAIROBI AND ELDORET.

THEIR WOMEN IN A CAL.

(Continued from page 7.)

at Vol. which they reached at 2.30. They expected to see lines around every corner at first but when they had seen some for about twenty miles they gave up looking.

"On the second day they landed at Mombasa. They had never seen again. You see they should have known the kind turning to the right a couple of hundred miles beyond Mombasa at that place where there are five roads leading to some lake or lagoon. Anyhow they took the first turning, and had to come back again. Anyhow when they were trying to find a road out to Lamu they were usually at Ngara Nairobi, when they came upon most hospitable Dutch people who had a house on a hill, a real wood house. Miss Mable says, in any case the occupants were so hospitable that they turned out of their homes to give the greatest possible comfort to the strangers and Miss Mable spent part of the night watching some white rats do what the Jins on the hotel—red while rats which are probably domestic pets.

This is Nairobi.

On Sunday they did not wait for breakfast as they thought the occupants were so hospitable that they had breakfast with the customs man on the frontier. He said they were unable to cross Africa without rats. All Customs and stores sell rats throughout the world.

Behind a breakfast table in they also had a wash. Miss Hall really why it is that most who have come a long journey always wash before they go to bed. She says women like to be clean. That they enjoyed the night and appreciated the kindness of everybody in their 8,000 miles. Miss Mable says they have only had 45 percent—only one out on the Mombasa road.

Bright Remarks.

They have also been offered only one cup of tea on the whole. They said that was in Kenya! But the thought they also had in Wendy's house and to them in the morning when Miss Hall expressed her thanks. "That's all right. You see you are traveling but we may as well have a small snack now and then." That sort of thing is worth many cups of tea.

At one rate it is much more interesting than the lady who said she was very much but I shall never leaving you play very much better.

Of course Miss Mable has her records too. She has only broken one string since June. The "velvet" in the "velvet" in the "velvet" is looked after like a baby. It is a replacement of one and is wrapped in many blankets, given the most comfortable seat and the very best and the care of its owner.

All Kenya one bright person asked what they wanted to come there for to give concerts when the people could hear them on the radio. The musical talent in Kenya is a Scottish power.

Of course in a way like that piano vary. Some would like to know what they like to play. The one that Miss Hall played had the best pick up of the day for you press it down and that sort of thing does not make for good technique. Only it is not so bad as the instrument which, not having been used for some time, is the home of a family of phantoms. Those unannounced burlesque with backbones.

"In Kenya" says they always carry paper for the car, because it is not so good, but it is more useful when they have to pull the piano before they start, and in some places they have to wash the keys as well.

To All Farmers

The LANZ Tractor burns Diesel Oil at Shg. 0.64 per gal.
Other tractors burn Power Kerosene at Shg. 1.94 per gal.

No doubt you will have read the reports of the recent meeting of the Legislative Council and have duly noted that **Positively no reduction in Rail Freight on Fuel Oils may be expected in the immediate future.**

This means that prices will not be altered.

Don't Worry or Write to the Papers. Write to Us

And get to know more about the LANZ, or to one of the many satisfied users. Remember, that even if in the future, the freight on kerosene is ever reduced, Diesel oil will benefit in proportion.

"STANDARD" FEATURE PAGE

Miss Collier, O'Connell, to whom all correspondence in connection with "Kennel Notes" should be addressed, does not hold herself responsible for accuracy of statements made by her which are, in the main, based on information supplied by her correspondents.

A while ago I wrote that I rather wondered if anyone greatly trusted would not prove better than greyhounds. Since then I have been reading some very old books on the latter breed of dog, and there are many instances given of very highly esteemed. On one occasion a hare was chased by a team of greyhounds. The hare was found at which they started. Both of every fourth assistance being given, they were with difficulty secured.

Here is another interesting paragraph. The English greyhound hunts by sight almost; not because he is absolutely devoid of scent, but because he has been taught to depend on his speed, and that degree of speed which is strictly incompatible with the searching out of scent. It is the "puck of rakishness" he has.

I have been Mr. W. H. Thompson says that his greyhounds do much more with their and do not hunt from any distance, but a very useful hunting dog because. There is apparently no trace of these dogs in the Celtic records. The Celtic nations, the inhabitants of the northern coast of Europe and the Western Islands were then severely known and the "swift-footed" dogs were familiar to those shores. They were not introduced into the southern parts of Europe until after the dismantling of the Roman Commonwealth. The dog is never mentioned by Ovid, and describes the courting of a hare. Those lines are translated by Gulling. I suppose the greyhound is the oldest breed of dog known.

Now I must give my mind to cover a question about economy. I have been asked whether this is a constant remark. I should say in the ordinary sense of the word that it is not, but it is in a certain amount of risk in following a healthy dog to be in close contact to a dog suffering from any form of skin disease and scabies when in the most stage. I have seen one or two occasions when this has been reported, the discharge which it has come in contact with a filthy skin, set up a local irritation resembling scabies to a certain degree, but if those contacts are treated properly at once, they will be healed very quickly.

It must be remembered that these are different sorts of scabies. E. simplex, E. rubrum, and E. oviniparvus. Scabies oviniparvus is the most common and easiest to cure. It consists of a crop of vesicles on an uncleaned skin. These cause the contents of the vesicles become absorbed or dried off and the skin is left dry and scaly. The irritation is considerably less, and the dog usually licks himself or licks himself with his tongue very soon.

I used to use for the sort of scabies: Wright's Solution of Coal Tar. I cannot, however, extract of Lead. I drachm. Glycerine. I ounce. Distilled water to 8 ounces, and shake the skin quite often in the course of the day.

One of my correspondents asked me the other day about taking a new quarantine kennel, opened, I think, at the Hippic Lodge, Torquay, S. Devon, approved by the Board of Agriculture, and a Resident Veterinary Surgeon. Torquay is a healthy dog to be in close contact to a dog suffering from any form of skin disease and scabies when in the most stage. I have seen one or two occasions when this has been reported, the discharge which it has come in contact with a filthy skin, set up a local irritation resembling scabies to a certain degree, but if those contacts are treated properly at once, they will be healed very quickly.

CENTRALIZED CHASSIS LUBRICATION SYSTEM

on all new 1928 Model Buicks

BUICK for 1928 has developed a centralized chassis lubrication system which makes it unnecessary to crawl under the car when greasing the chassis.

With this system all bearings on the chassis can be positively and easily lubricated in a few minutes.

All motorists who are familiar with the usual back-breaking business of chassis lubrication will appreciate and welcome this new development of Buick designers.

GRAHAM BROTHERS TRUCKS AND BUSES

LOW COSTS

Low costs are a feature of Graham Brothers Trucks Commercial Cars and Buses throughout their long, profitable lives.

Initial cost is extremely low for such high quality, because Graham Brothers build more trucks than any other extensive truck manufacturer in the world.

Operating costs are low because of the low fuel consumption of the famous Dodge Brothers engine.

Maintenance costs are low because Graham Brothers Trucks, sturdy built of fine materials, seldom need repair—and because genuine, factory priced repair parts are always available when they are needed.

MOTOR TOPICS

Brakes and Gears. Emergency Brakes. The British Grand Prix.

HOW TO SHARPER WHEN ON ROAD

A new motorist need no imagine that by equipping a new car to speed a mile he is heading himself on a narrow, for the experienced driver does that regularly. The only difference is that as the latter is skilled in proceeding, he will probably delay changing gears until he is well on the straight. It is very easy on such occasions to lose gear, and the motorist may find himself forced to rely solely on his brakes.

The things should be made at the moment of the hill, before the descent is commenced, and if he desires full ability to change down, the driver should not hesitate to step before reaching the top. It is also easy for the unskilled driver to miss his gear when changing down while ascending a hill, the single gear, provided as our own users to read and commence to run backwards with astonishing rapidity.

Should the experienced driver inadvertently fumble his gear change he instinctively applies the brakes to hold the car stationary, with the utmost care. But the motorist who has had possession of mind, let the car run back a few feet, before applying the brakes with a jerk, and in his effort to get away again stop his engine.

In all of these instances, the driver should immediately apply the brakes to hold the car stationary, with the utmost care. But the motorist who has had possession of mind, let the car run back a few feet, before applying the brakes with a jerk, and in his effort to get away again stop his engine.

NEW FORD FINANCE CO.

A new company, First Credit (England) Ltd. has been formed in Great Britain to finance the sale of motor vehicles. This is evidently one of the latest of a number of financial institutions that have been set up on the market.

SHOULD REMAIN AS KEPT

The experience given should be the best of conditions, but adjustment should not be made of others as it is not such as an intricate task.

The word emergency has a different meaning when applied to a motor brake than when applied to a railway brake. It does not mean an exceptionally quick stopping brake to be used when a sudden crisis occurs, but it is an emergency in the sense that it is to be used in case the service brake fails.

WHEN LIGHTS FAIL

Failure of lights to function may be due to a disconnected or broken wire, which can be traced by tracing the circuit of the electrical system. It may be due to short circuits, which may be traced by tracing the circuit for a bare wire in the wires. If a bare wire is found, and undulating wave should be found at the end of a wire, or a wire.

WHEN CLEANING THE BATTERY

When cleaning or doing any dirt on the car, one should keep the battery away from the fire and particularly from the oil and with which the battery should be a heavy kind of support on the top of the battery, and a cover of some kind should be placed over the top of the battery.

WINNING CAR FOR DUNLOP TYRE

The following table shows the names of the winners of the Dunlop Tyre Cup.

Further to our London correspondent's note that the Dunlop Tyre Cup was the British Grand Prix at Brooklands, we now have news that the Dunlop driver finished last, but not in a most disgraceful and well-contrived race.

Below, the winner maintained a speed of 80.00 miles per hour, although his maximum speed was far in excess of these figures.

A pleasing feature of these races is that British drivers are the triumph to the extent of having applied by whole and by time for the winner cars in all the races.

The following table shows the names of the winners of the Dunlop Tyre Cup. Further to our London correspondent's note that the Dunlop Tyre Cup was the British Grand Prix at Brooklands, we now have news that the Dunlop driver finished last, but not in a most disgraceful and well-contrived race.

TEMPORARY SOLUTION OF TOWN PLANNING PROBLEM.

New Agreement Between the
Council & Government.

CLOSE CO-OPERATION.

Prior to the commencement of the business on the agenda of the Municipal Council on Tuesday, the Mayor, in his opening address, would like to thank the Council for the support of the Town planning authorities.

An Agreement was signed, some two or three weeks ago, by the Mayor, in his capacity as Chairman of the Council, and Mr. Martin. They all knew the history of the last meeting when a motion was passed in favour of the Municipal Council assuming the functions of the Town Planning Authority. This was approved by Council with the proviso that there should be no financial obligations.

Still Incomplete.
The matter then went to the Executive Council and it is there supposed that the work is in complete at the moment in regard to the legal side of the Town planning problem.

The Mayor's address to the Council was that the existing Town Planning Authority continues to function until it had completed the work provided that there was adequate representation on the part of the Municipality on that body, which he (the Mayor) considered should be strengthened. Government had agreed with this view and he is confident that this would be the thing without financial obligations from Government.

He then stated that the Council and the Council should be in touch with the work.

Report to Council.
The Mayor stated that he would like to know the Municipal Council's views on the matter.

representative would have power to report to Council on the progress of the present meeting of the Authority, so that they could be aware of what was being done. At present that was not the case.

The Mayor replied that he saw no reason why there should be any objection. The Authority had only issued an interim report on the present.

Council Chairman said it might well be on the lines suggested by the Council, so that when the Municipality took over they would know what had been done. He asked who were the representatives of the Municipality on the authority.

The Mayor, in reply, said that the Municipality was represented by himself, Councilor Yusuf Ali, Mr. Davidson (the Town Engineer) and Mr. O. E. The latter had gone on leave but he (the Mayor) understood that they were an official appointment. There were four members on the Authority, namely Messrs. Hunter and Buhari and Messrs. Hunter and Buhari.

The Mayor said he saw no reason why the Council could not be supplied with copies of the minutes of meetings of the Authority, but resolution appearing on the agenda.

The suggestion put forward by the Mayor was adopted. It was suggested that a motion for the present meeting on the subject of the Town Planning Authority be put forward, but after some discussion it was agreed to hold the committee over until next meeting.

A Mombasa Concert.

BIG RECEPTION FOR VISITING VIETORI.

The Mayor's address to the Council was that the existing Town Planning Authority continues to function until it had completed the work provided that there was adequate representation on the part of the Municipality on that body, which he (the Mayor) considered should be strengthened.

He then stated that the Council and the Council should be in touch with the work.

Report to Council.
The Mayor stated that he would like to know the Municipal Council's views on the matter.

The Mayor replied that he saw no reason why there should be any objection. The Authority had only issued an interim report on the present.

Council Chairman said it might well be on the lines suggested by the Council, so that when the Municipality took over they would know what had been done.

He asked who were the representatives of the Municipality on the authority.

The Mayor, in reply, said that the Municipality was represented by himself, Councilor Yusuf Ali, Mr. Davidson (the Town Engineer) and Mr. O. E. The latter had gone on leave but he (the Mayor) understood that they were an official appointment.

There were four members on the Authority, namely Messrs. Hunter and Buhari and Messrs. Hunter and Buhari.

The suggestion put forward by the Mayor was adopted. It was suggested that a motion for the present meeting on the subject of the Town Planning Authority be put forward, but after some discussion it was agreed to hold the committee over until next meeting.

The Bible Abroad.

**KNOWLEDGE FIGURES SHOW
THEir ACTUAL REACH.**

"STANDARD" CORRESPONDENT.
London, September 15.

Fourteen new volumes of the Scripture have been added during the past year to the 500 published by the British and Foreign Bible Society since the beginning of the present century. Nine for Africa, one for China, one for South America, and three for Oceania. Economic figures are given in the Society's annual report issued, showing that Bible-reading both at home and abroad is on the increase. On the Continent of Europe, 1,000,000 copies of Scripture were circulated last year. In the United States, 1,000,000 copies were disposed of.

The Society's employees in all parts of the world are estimated to be in excess of one million. Early this year, by virtue of the fact that the Society's total income for the year is estimated to be £1,000,000, the Society's total income for the year is estimated to be £1,000,000.

The Society's employees in all parts of the world are estimated to be in excess of one million. Early this year, by virtue of the fact that the Society's total income for the year is estimated to be £1,000,000, the Society's total income for the year is estimated to be £1,000,000.

The Society's employees in all parts of the world are estimated to be in excess of one million. Early this year, by virtue of the fact that the Society's total income for the year is estimated to be £1,000,000, the Society's total income for the year is estimated to be £1,000,000.

HOME ATHLETICS.

The Annual London to Brighton Walk.

AN ITALIAN WALKER.

"STANDARD" CORRESPONDENT.

Never before has the major London to Brighton walk... The majority continued to defy the elements, and so high was the standard of walking that several walkers accomplished the journey in less than 10 hours.

The programme suggests that the new holder of the "Victory" Cup is probably a faster walker than Mr. Compton. Details of the race... The Italian, under some favourable conditions.

Second place at the end of the journey was occupied by T. W. Brown (Brighton, Herts), who finished in 11 hr. 27 min. 14 sec.

Club Meeting.

Just before 8 o'clock we finished our long walk to Brighton, which was begun at 4 o'clock from the London Athletic Club.

The speaker seemed to speak in a slow fashion, for scarcely a foot was set, and the pace of the walk was very slow.

The programme included the remaining events in the London to Brighton A.A. League championship, and through Royal Albert Park Depot was the main race.

The attempt on the 14 miles record by V. P. Morgan (Athletic Club) and J. A. C. the old Charter house boy, met Oxford Blue.

Under record attempt was perfect. As the running track was laid on the road in connection with the new bridge, it was possible to set up figures for the distance.

Among other events at the meeting was a tug-of-war between the two teams. The match was won by the South African team.

Time was also the best meetings in the West of Scotland and in Ireland were decidedly international in character and this season there has been a record of three gallop.

Walter Rangely, the Northern Counties sprinter and former 100 yds. champion, was handicapped from scratch at this distance.
