The former showed that Customs revenue was based on the figures of the last five years and was most on servative in character, allowing only for an increase of 3.64 per cent. He did not anticipate a deficit it development followed normal lines although he did not anticipate an excess to the same extent as the preceeding years.

He also showed that there had been a decrease of £19,000 in the Customs receipts from wines and spirits while the Consumption Tax had brought in £21,157, showing a total gain of £2,000.

The Treasurer gave an assurance that the half million surplus is a cash one and also maintained that there was every likelihood of the estimated revenue for 1928 being exceeded.

CLOSER SETTLEMENT

GOVERNMENT CONSIDERING FOUR MAIN SCHEMES.

Trans-Nzoia, Uasin Gishu and Slopes of Aberdares Selected.

SMALL HOLDINGS AND MIXED FARMS.

170 Farms to be Divided Equally Between Local and Overseas Applicants.

The Government of Kenya is now considering closer settlement schemes drawn up by the Kenya Advi-sory Board and a long explanatory statement was made by the Commissioner of Lands on Tuesday.

Briefly, it is intelided, if the schemes are approved, to offer for settlement next year 170 farms which are divided into two classes—small holdings of a hun-dred acres and mixed farms between 500 and 1,200

acros.

The capital required his between zero for the small heldings and \$1,500 for the larger farms. A capital heldings and \$1,500 for the larger farms. A capital heldings are small down, however, in consection with settlers from oversead. In the cace of local applicants, the experience and knowledge they already possess will be taken into account.

It is intended that the 170 farms will be divided into 70 small holdings and 100 other farms and that they will be allotted equally between local appli-cants and applicants from Oversean.

Applicants will be selected by a proposed Selection and Land Board.

There are some definite qualifications—the applicant must be a genuine farmer who will reside on and work on the land allotted to him.

It is proposed that generous assistance will be provid-ed from the Land Bank for all new settlers under the scheme_advances free of interest for three years—while the local government will help local settlers in further directions and the Imperial Gov-ernment will assist those from home, particularly in regard to passage, training grants expense.

Trans Nzeia, Uasin Gishu and the slopes of the Aber-dares are the areas selected for this first experi-ment.

Covers only Expenditure Which Has Alrendy Been Incurred or Approved.

The Eight and a half Millions Loan Bill passed through all its stages in the Legislative Council yesteriay when emphasis laid on the essential soundness of the Railway Finance and the fact that the Colony's chare of the money is a very small one well within the resources of the country.

The only criticism was the exclusion of the sum of \$100,000 expenditure of which has been approved on roads as a first instalment. That sum, together with the further amount of \$100,000 for Nairobi roads, will be borrowed from the Crown Agents and form part of the next Kenya Lon.

Nothing has been included in the present loan which has not already received the sanction of the Le-gislature.
