GERMAN RUSH TO SECURE LAND IN TANGANYIKA.

Scramble in the South-Western Highlands.

A DIARIST'S IMPRESSIONS.

Families Squat on Farms Waiting for the Auctions.

A very clear idea of the peaceful penetration of Tanganyika by Germans is contained in extracts from an East African reader's diary published in 'East Africa'.

COMPLAINTS AGAINST MISSIONS.

Arabic. Sunday 5. Had a tip from M. J. that the first years of the Habshiba of Tanganyika are to be divided up into the East and West. The East is to be divided into the East and West. The West is to be divided into the East and West.

THE HANDICAP OF THE INTERNATIONAL TREATIES.

Answering Mr. P. J. Henson (Hab. Mon. 1). In the course of the discussion regarding the visit of the Imperial Commission and the re-opening of British trade, Mr. Henson stated that the Government was anxious to foster British export trade to East Africa and was pleased to hear of suggestions, although they were inconsistent with the existing international obligations to other powers, which might be made in this regard.

Turn the key!
and your Buick

is
**Double
Locked**

No lock could be safer! One turn of the key locks both ignition and steering wheel. But merely turning off the ignition does not lock the wheel. You may shut off the engine and coast, if you like, and still have your car under perfect control.

And no lock could be more convenient! It is illuminated and located within easy reach, where the steering column meets the dash.

The Buick double-lock is an exclusive Buick feature which characterizes Buick for 1928.

Arrest and Banishment of
Scholemosier.

'PARLIAMENT' REMOVED

The tiny Republic of Andorra, in the Pyrenees separating it from France and Spain against the arrest of a schoolmaster at the camp in the Republic, who was banished following a disciplinary writ which resulted in a discovery of arms and munitions.

It is understood (says a Director's Press message) that papers were also seized which showed that a teacher acted as intermediary between Colonel Metia and the head of the Catalan movement in Catalonia. The arrest took place at the direction of the French-Spanish authorities.

The Constitutionalists of the Valencian which has not met for many years has been summoned to meet in the parliamentarianism to reconsider the case on the ground that they cannot admit that act of their people should be judged in an outside tribunal.

The Republic of Andorra, with its population of 2,200, still, like the Spanish Republic, Portugal, and the French, Department of Arago, and has been for seven centuries under the joint sovereignty of France, and the Spanish Bishop of Urgel. It is 17 miles long and 18 miles wide, and occupies chiefly a valley covering an area of about 100 square miles. It is governed by a council of 24 elected for four years by the heads of families in each of the six parishes.

French and Spanish money are both used and the people speak a Catalan dialect. Andorra is reported to have removed the incidents from Chamlaenge.

105-Year-Old Woman.

The death has occurred in the village of the government's pensioners in the person of Mrs. Johanna Maria Weber, of the age of 105 years and 17 days.

It is understood that the rest of the Saginaw church in Uganda left in twenty.

Railway Grievances.

**A UGANDA CHAMBER OF
COMMERCE QUERIES THE
GOVERNMENT.**

A Special Committee to advise on all grievances and any way has been appointed, by the Uganda Chamber of Commerce Mr. Legge, of the D.E.A., as the Secretary.

The object of the appointing of the Committee is that the Uganda Chamber and indeed the general public at large, should formulate all grievances which they may have against the Railway, and together with data and proofs, forward them to the Committee.

The Committee in turn will tabulate these matters, and finally communication with the Railway Authorities will be made. In the way it is hoped that the Railway Authorities will be kept informed of how Uganda is being treated.

First Aid in Uganda.

**THE GIRL GUIDE SPIRIT
AMONGST THE NATIVE.**

A European gentleman called at our office recently from the Uganda News, and described an incident that is worth worth recording. A native girl on the Nyanzeke hill, in attempting to locate the main road to allow a car to pass slipped on the soft surface and fell striking herself badly on the knee, head and arm.

A party of young girls was coming down the hill and had had the girl into the Nyanzeke Road and she immediately set to work on the injured one. One ran off for a jar, another tore up a new clean kerchief and balled and cleaned the wounds, and another attempted to straighten out the girl.

The gentleman was so impressed that he pulled up and enquired who these girls were, as this was the first time he had ever seen native girls tackling a job of this kind. He was promptly told that they were Girl Guides from Mengo primary school, and it was due to help distressed people.

Run Your Transport On Sound Lines

Transport owners should carefully study this:

"The Laws of Mechanical Transport as applied to operating Costs."

- 1. The cost per ton mile will decrease as the capacity increases.
- 2. The cost per ton mile will decrease as the daily mileage increases.
- 3. The cost per ton mile will decrease as the daily multiple increases.
- 4. The daily rate per ton mile will decrease as the daily multiple increases.
- 5. The daily rate per ton mile will decrease as the capacity increases and the distance traveled increases.
- 6. The cost per ton mile will decrease as the capacity increases and the distance traveled increases.
- 7. The cost per ton mile will decrease as the capacity increases and the distance traveled increases.

YOU should keep individual records of the turnover and profits of the various departments of your business so that the one possible method of finding a better way is in operation. This will give you the same picture with the various motor vehicles you own. It will show you your losses and the cause of them. An annual extra run in the year will be paid more over in the savings effected in running and maintenance costs throughout the life.

And then consider this: "An 8 ton pay load hauled at an average speed of 20 M.P.H."

Increased Capacity. Increased daily mileage.

The Albion 4 Ton Rigid Six Wheeler and 4 Ton Trailer

Low Cost per ton Mile.

The advantages of the Rigid 6 wheeled Vehicle.

- 1. Increased carrying capacity of 2 tons per axle.
- 2. High torque in proportion to load carried.
- 3. High torque power, enabling vehicle to negotiate wet, soft and uneven roads with ease.
- 4. Four driving wheels under load.
- 5. Increased load capacity for a given axle weight.
- 6. Increased load capacity for a given axle weight.
- 7. Increased load capacity for a given axle weight.

I am sorry that generally the "Ladies and the Shouting" has not been allowed to appear. I would like only to say that I have not had time to write a balance which is at least not as long as the one which I have written. I have done so in order to think a portion of the problem not as to how the "Ladies and the Shouting" has been treated in the past but as to how it should be treated in the future. I have not had time to write a balance which is at least not as long as the one which I have written. FEDERATION AND SELF GOVERNMENT

The Editor, "E.A. Standard."
I am sorry that generally the "Ladies and the Shouting" has not been allowed to appear. I would like only to say that I have not had time to write a balance which is at least not as long as the one which I have written. I have done so in order to think a portion of the problem not as to how the "Ladies and the Shouting" has been treated in the past but as to how it should be treated in the future.

SPEED LIMIT FOR NAIROBI.

Maximum of 25 m.p.h. in Municipal Area and 15 m.p.h. in the Town.

CRITICISM OF THE MOTORING PUBLIC.

Government Proposals for Speed Limit for Heavy Traffic on All Public Roads.

At the fortnightly meeting of the Nairobi Town Council on Tuesday a decision was reached to approve the introduction of speed limits for motor traffic in the municipal area.

It is proposed that except in the town where the maximum speed will be 15 m.p.h. the speed limit for the rest of the municipal area shall be 25 m.p.h. The police have been asked to demarcate the portions of the area to which the lower speed limit shall apply.

At the same time the Council concurred in proposals submitted by Government for the better control of heavy motor traffic. These proposals include a maximum speed limit of 20 m.p.h. for motor cars, omnibuses and lorries using any public thoroughfare, 15 m.p.h. for the heavier type and 12 m.p.h. in cases where a narrow street is involved.

POLICE TO DEMARCATE SUITABLE AREAS.

The following letter has been received from the Honorable Secretary of the P.E.A.A. asking that the motor be brought up at the next Council meeting.

It is proposed that except in the town where the maximum speed will be 15 m.p.h. the speed limit for the rest of the municipal area shall be 25 m.p.h. The police have been asked to demarcate the portions of the area to which the lower speed limit shall apply.

M. LITVINOFF SATIATED WITH GENÈVA VISIT.

Genève, Dec. 6. M. Litvinoff, the Russian delegate to the recent meeting of the Disarmament held under the auspices of the League of Nations left for Moscow today via Berlin.

In an interview with Reuters M. Litvinoff said he was satisfied with his visit which had corresponded to his expectations.

He hoped to visit Austria, Switzerland, the Netherlands, Belgium and Germany in the near future.

He said that he had a very high opinion of the Disarmament Conference and that he was confident that it would lead to a general agreement.

**Double
Locked**

No lock could be safer! One turn of the key locks both ignition and steering wheel. But merely turning off the ignition does not lock the wheel. You may shut off the engine and coast, if you like, and still have your car under perfect control.

And no lock could be more convenient! It is illuminated and located within easy reach, where the steering column meets the dash.

The Buick double-lock is an exclusive Buick feature—one of many important refinements which characterize Buick for 1928.

CORRESPONDENCE

The editor does not accept responsibility for the opinions expressed by his correspondents in these columns, and he will accept the name and address of the writer must accompany all communications for publication but the signature of the contributor is also essential to ensure consideration.

I cannot imagine ever a candidate for the non-resident magistracy who would be so foolish as to allow it to be known that he had been taking a very short view of it. I do not think the Committee of the Lady Northing House very likely to be so foolish as to do so.

Shortly this issue has come for consideration, the editor. The House through repeated communications, has raised through a very original and adverse point. There is no doubt that the House is a body which is very well fitted to deal with the non-resident magistracy in the public.

Yours truly,
J. D. LEONARD

THE SPYRUS COLLEGE BOYS.

The Spyrus College boys' football team has been defeated for the second week-end and it is probable that they will not manage to pull a point.

There was no action at all, the game being a mere exhibition. The boys' team was defeated by 10 to 0 against one of the best teams in the district.

Looking through the draw, given below, I am sure that the boys' team will have a very good chance of winning the championship.
