FEDERATION DISCUSSED BY KIAMBU SETTLERS.

Spirited Replies to the Governor of Tanganyika.

THE CONVENTION EXECUTIVE MEMORANDUM.

Accepted by the Meeting on General Lines and Amalgamation included.

Spirited replies to the recent speech of H. E. Sir Donald Cameron, Governor of Tanganyika on the political issues were forthcoming at a meeting at Kivumu.

The memorandum by the Convention Executive was found generally acceptable in broad lines and the chairman of the Convention and the member for the district were among those who replied to the Tanganyika critic of its intentions.

IMPORTANCE OF SAFEGUARDING WESTERN CIVILISATION.

A representative meeting of the Kivumu Group was held in the Kivumu Club House on Monday 12th June. The meeting was presided over by Mr. J. H. Harper, the chairman of the Convention. He has given the Memorandum of the Convention of Federal Union which had been issued by the Executive of the Convention. The meeting was held in the evening and was attended by a large number of settlers. The meeting was held in the evening and was attended by a large number of settlers. The meeting was held in the evening and was attended by a large number of settlers.

posed it is not easy to show what advantage it will be to us at the present moment except in a technical sense, and I believe we only want it as a means to the attainment of the principle for which we stand, the British Colonisation of Eastern Africa (Apples).

Col. Durham.

The Hon. Col. C. J. Deakin, D.C.O. and that broadly speaking the views were those set out in the Executive of the Convention of Association. Although he stressed the point that the memorandum had only been issued for the purpose of discussion, it is his view that the Executive of the Convention should refer to the views of the Executive of the Convention as the British factor in the settlement of Tanganyika for a time, and Col. Durham. It would be to proceed ourselves and those that come after us.

It was suggested that we should interfere with the present domestic affairs of any territory, but that the Federal Convention would do so with regard to matters that are equally held by all territories.

"Cape Roads"

The constant pressure in Tanganyika continued Col. Durham. I have no objection to the fact that the Executive of the Convention should have the right to refer to the views of the Executive of the Convention as the British factor in the settlement of Tanganyika for a time, and Col. Durham. It would be to proceed ourselves and those that come after us.

Reliable

This new design is of true Dodge type, in the high quality of its vital parts.

All fittings, doors, axle shafts and springs are of chrome plated steel. Other other alloy steel used giving great strength and long wear, with low maintenance expense.

Showering is automatically easy because of the great steering exerted by the steering gear and the reduced friction resulting from ball-bearing steering.

The famous Dodge Brothers 124" motor car is a real engine, machine performance with exceptional fuel economy and excellent maintenance for every road.
