KING OF ROUMANIA DEAD.

Little Prince Aged Five Succeeds to the Throne.

STRUGGLE FOR POWER.

Feared Coup d'etat by Supporters of Ex-Crown Prince.

After an illness lasting many months the death Roumania

The latter years of the King's reign were troubled with numerous intrigues and at one time rumours of his intending abdication were prevalent. For some mouths past attempts had been made by the supporters months past attempts had been made by the support of the exiled extrown Prince Carol to secure the latter's return to the country and fears were expressed lest the King's death should be followed by a cound etail by the Carolists.

Another danger was threatened by a former Prime Minister who was credited with designing to become a

Before King Ferdinand died, arrangements were made for the succession to the throne of Michael, the five-year-old son of the exiled prince and the governneed of the country during his minority by a Regency Council which has already entered upon its duties. Whilst the capital is reported to be quiet for the present, it is not unlikely that there will be some fur-

ther effort on the nart of the Carolists to put their leader on the throne

A Regency Council.

Explorers Use This Car Because It Is Dependable

Pioneers and explorers, whose lives depend upon the reliability of the transportation they use, employ Dodge Brothers Motor Cars almost exclusively.

Stefansson used Dodge Brothers Cars Stefansson used Dodge Brothers cars through the uncharted deserts of Central Australia. Dr. Roy Chapman Andrews, on three different occasions, penetrated the innermost wastes of Mongolia in a Dodge Brothers Car.

The car's dependability is proverbial; and its exceptional riding comfort permits long travel overbad roads without fatigue.

Leads the World in Motor Car Value

For Smoother, Faster Acceleration

buy a NASH

WHEN you step on the Nash throttle at a traffic start, the cars lined up alongside are very apt to be left far behind

Nash has the power, and has it, moreover, at low speeds, where you need it most. There's many a traffic jam or accident averted by the Nash ability to get away without delay

And notice how smooth and quiet is that powerful speed of Nash acceleration. The motor never gives you a hint of laziness-never " talks back " at you even though you are asking for its last ounce

You quickly tire of a car that is sluggish, listless, slow in getting into motion. You grow more attached to a Nash every day because you are Nash!

proud of its performance

There are many reasons for this big Nash advantage. Nash has the very powerful Nash 6-cylinder 7-bearing motor. The Straight Line Drive of Nash gives extra power. The 7 big bearings add still more power by proper crankshaft support, and endow Nash performance with its supersmoothness. And then the whole car is more carefully and precisely built and balanced than ears in the Nash price field apparently need to be.

Before you buy your new motor car, try the acceleration of other cars, then come in and ask for a Nash to try. The contrast will make you decide immediately you would rather have the

Do You DRIVE CONFIDENCE?

is only when you drive with confidence that you experience to the full the joys of motoring. Salety in motoring is imperative and depends largely on Tyre Stability.

Stability in tyres is attained only through Standard Quality, such as is built into every ROYAL CORD tyre made by the United States Rubber Company - the world's largest growers and manufacturers of rubber.

ROYAL CORD tyres are built of Latex-treated Web Cord, by the flat band method, and all the great resources of the Company, together with everything engineering skill has been able to devise, have been used to produce a tyre worthy of the Organisation behind it.

Just as the Bridge Engineer builds with a factor of safety over and above the necessary carrying capacity, so do United States Rubber Company Tyre Engineers build ROYAL CORDS. The result is a tyre of extreme strength and flexibility, which will properly support and cushion your car and give maximum service

> Put ROYAL CORDS on your car with confidence. THEY WILL SERVE YOU WELL.

Every Royal Cord Tyre bears the warranty of the UNITED STATES RUBBER COMPANY

Transfer of Goods between Kenya . Uganda and Tanganyika Territory.

In accordance with the Agreement reached between In uccordance with the Agreement reached between the Governments of Kegna. Uganda and Tanganyika Territory under Section 203 of the Unitoms Management Ordinance 1928 governme, the Customs on the following the Companying of the C

and Uganda Goods Under Bond. A critical copy of the Casterns demical Entry must be produced to the Raniway atthetities at the time of coframment, the relative Way Bill being endorsed by the Castonic Officer in Charge at the place of arrival as authority for deli-sions of the goods. But the case of bounded goods re-ceived in goods. But the case of bounded goods re-mainly must be alternated in existing procedures with a most constraint of the constraint of the con-

Imported Goods Duty Paid and Pree, Subject to the even as of the Custons Fariff Ordinance 1927, asis imported and duty paid in Kenya, Uganda or Tanganyika Territor, and subsequently experted to another of these territories will be admitted into the consuming territory without additional pay-ment of duty provided that the following conditions

are complied with viz —

a) By rail. Forms "A" and "B" must be fully completed, the former being handed to the Rail. way authorities at the time of consignment and the latter forwarded to the consigner for presenthe factor forwarded to the consignor for present father to the Raniway matherities at the place of arrival of the goods. The forms should be or dersed with the runaber of the relative Ra lway Consignment Note.

By Sea. Form A in Triplicate and Advise B to by Sea. Form A.B. It posses and Advise R to be produced at the test in House in place of re-export entries hitherto comitted. Advise B or if-fied by the Customs Logariment at the Port of despatch must be forwarded to the consumes as

the consuming territory

By Post, Ferm E to be completed and handed to
the Postal authorities at the time of posting

d) By road, etc. Form A to be completed by con-signor and sent direct to the Commissioner of Customs Mombasa Advice B to accompany the the goals for production when required and subsequent despatch to the Principal Officer of Customs in the receiving territory. Local Produce. Forms C and D to be abed in man-ner similar in all respects to that specified in para-graph 3 m. (b) and (d) above

In regard to transfers of goods between Kenya or Uganda and Tanganyika Territory forms A. C and E must be submitted in duplicate The above regulations are framed with the following

(a) the avoidance of double payment of duty on im-

ported goods passing between the territories. b) the proper allocation of Customs Revenue to the consuming territory, and

the compilation of adequate statistics of the transfrontier trade of the territories

I have been at the killing of 6 big Elephants

and 5 Rhino during the past month. I consider

your D.W.M. ammunition "The Best" and

I thank you for the 255 Rife sent me, it just came in time for a prize shooting competition. We had 6 prizes out of which I took fire, though the Biffs was strange to me I had no time testing it previous to the competition. I am highly pleased with it and have recommended the Gun to all my friends.

I have the pleasure in telling you that I have just dropped a huge Elephant with good tusks, they go shout 110bs, sach, they go shout 110bs, sach.

As you know, I am using one of your 10.78 tilties and I find your D.W.M. ammunition very satisfactory, (Ed.) H. P. Javsax.
