RESUMPTION OF THE "ROYAL OAK"

COURT MARTIAL.

Commander Daniel and Captain Dewar . Tell Their Side of the Story

INJURED DIGNITY OF BANDMASTER BARNACLE.

Cantain's Tribute to Commander Daniel for Improving Morale of the Ship.

Commander Daniel told his own story when the Centh Martial on himself arising out of the "Royal Oak" affair was resumed.

the declared that the Bandmaster was annoyed when described as a — in front if he sand by the Rear described as a — in front if he sand by the Rear declared to the same of the Rear declared to the Rear declared to the Rear declared to smooth things over. As a result the Rear Admiral congratulated him on the set and thanked him for getting him (the Rear Admiral) out of "a damned naxy bole".

The Captain of the ship, who is also to be court mar-tialled paid a tribute to the success of Commander Daniel's efforts to put life into a "dead ship".

IN MOTOR CAR VALUE LEADS THE WORLD

Unique Beauty - a 7-Bearing Motor and an Array of Costly Car Features

and an Array
A pronounced advantage the De Luxe Standard Six
Sedan enjoys over other cars in its field-is its 7-bearing
motor.

As contrasted to a Four or to a Six still powered with the older type 3 or 4-bearing motor its performance superiority is so great as to be almost unbelievable until you actually experience it.

You'll find it trigger quick in getaway, of great power and speed, and with the supreme smoothness and quiet ness inherent only to the 7 bearing type of motor design. Its finely-modeled body, of genuine hardwood construction like the world's highest priced cars, is a symphony in blue, with the lighter shade of the body

proper and the fenders handsomely set off by the darker tone of the upper body.

In the interior there is further evidence of costly quality, for Chase Velmo Mohair Velves is used for the upholstery, the steering wheel is of solid walnut, and the instrument board and window ledges are of walnut

Among many notable attractions included in its standard equipment are front bumpers, bumperettes, motometer, 4-wheel brakes, and 5 disc wheels.

LEADS THE WORLD IN MOTOR CAR

Unique Beauty - a 7-Bearing Motor and an Array of Costly Car Features

A pronounced advantage the De Luxe Standard Six Sedan enjoys over other cars in its field is its 7-bearing

As contrasted to a Four or to a Six still powered with the older type 3 or 4-bearing motor its performance superiority is so great as to be almost unbelievable until you actually experience it.

You'll find it trigger-quick in getaway, of great power and speed, and with the supreme smoothness and quiet-ness inherent only to the 7-bearing type of motor design. Its finely-modeled body, of genuine hardwood con-struction like the world's highest priced cars, is a sym-phony in blue, with the lighter shade of the body

proper and the fenders handsomely set off by the darker tone of the upper body.

In the interior there is further evidence of costly qua-ity, for Chase Velim Mohair Velvet is used for the up-holstery, the steering wheel is of solid walnut, and the the instrument board and window ledges are of walnut flaish.

Among many notable attractions included in its standard equipment are front bumpers, bumperettes, motometer, 4-wheel brakes, and 5 disc wheels.

And Nash has set the price so low as to be but little more than that of a Four or cheap Six.
