AN EXCEPTIONAL SUMMER IN BRITAIN.

Six Weeks Without Rain.

GUMBLING FARMERS

WILSON'S... London...
The weather in Britain has been exceptional for the summer. It has been a long time since we have had so much sun and so little rain. This has done much to help the farmers who are now reaping the fruits of their labors.

It is a great relief to the farmers who have had to suffer from the drought in some parts of the country. They are now able to reap a good harvest and their crops are in excellent condition.

The weather has also done much to help the gardeners who are now enjoying their crops. They are now able to reap a good harvest and their crops are in excellent condition.

It is a great relief to the gardeners who have had to suffer from the drought in some parts of the country. They are now able to reap a good harvest and their crops are in excellent condition.

PLAYS BROADCAST BY TELEVISION.

"Theatres Without Actors"

AMERICAN EXPERIMENT

The use of play... The experiment...
The use of play in television has been a great success. It has allowed the audience to see the best of the theatre without the expense of a full production. This has done much to help the theatre and to give the audience a new experience.

The experiment has also done much to help the audience. They are now able to see the best of the theatre without the expense of a full production. This has done much to help the theatre and to give the audience a new experience.

The experiment has also done much to help the audience. They are now able to see the best of the theatre without the expense of a full production. This has done much to help the theatre and to give the audience a new experience.

The experiment has also done much to help the audience. They are now able to see the best of the theatre without the expense of a full production. This has done much to help the theatre and to give the audience a new experience.

TRADE EXHIBITS AT THE SHOW.

Third and Final Instalment.

Follows in the third and final instalment of descriptions of trade exhibits at the Show—

British-American Tobacco Co.

The British American Tobacco Co. occupied a space in the exhibition building constructed particularly for the purpose of exhibiting to the public a number of exhibits of great value. The exhibits were presented in a most attractive manner and were of a high order of merit.

Kanbach Estate.

This stand of the Kanbach Estate, Mbea, was a demonstration of the possibilities of the play of a number of engines, cars and wheels all made by native labor.

R. H. Paig.

A display of building materials was on view at this stand, the most interesting being a special process, discovered by a special force, which resulted in a mixture of cement and sand and gravel.

Bellair Patent.

This well-known patent firm has arranged an open stand which gave an opportunity for a fairly good inspection of a variety of mechanical devices and tools.

Kenya Motor Plough Co.

In this stand was seen a number of motor ploughs of various types, some of which were already in use in the country.

Messrs J. R. Cox and Co.

Large numbers of the standard fixtures of the exhibition were supplied by Messrs J. R. Cox and Co. who have a large stock of these fixtures.

J. D. McCreich.

The British made Clayton tractor was to be seen here, which during the two days of exhibition, and engine drove a circular light plant which was a smaller design by the same maker.

EA Power and Lighting Co.

One of the largest stands in the exhibition was occupied by EA Power and Lighting Co. who have a large stock of electrical appliances.

M. D. de Poor Trench.

This stand was composed of a large number of exhibits of various types, including a number of motor vehicles.

J. G. Armstrong H. L.

Messrs. J. G. Armstrong H. L. had a working demonstration of the operation of their engine running on kerosene.

Trade oil, and a series of samples of fuel, including a series of samples of fuel, including a series of samples of fuel.

J. W. Milligan and Co.

Patrol of engines and Road rollers, in this stand for various purposes, including a series of samples of fuel.

TOPICS FOR MOTORISTS

A New Chrysler.

Feature of the "65" Model.

Beauty in a motor car is a virtue in a machine. Inexpensive of their qualities, one's first impression is a lasting impression...

Practicality is emphasized by Chrysler. Streamlined bodies are now becoming a thing of the past...

One of the first features to strike the eye is the distinctive radiator design. It is a narrow, oval, vertically-chrome-plated shell...

Lower, broader fenders, full across in line, are shaped in long, graceful curves, extending continuously to the ground ahead...

The hooding treatment is new and, besides giving all-lead in a smoother appearance, also secures a more pleasing distribution of the body outlines...

The rear part of the car, which as a whole seems to be controlled by fluid, dynamic, is kept well in

balance by care in handling the fender aprons. It is not only the outside appearance that impresses the eye...

The new Silver Duesenberg is claimed to be outstanding for its ability to work under sustained speed satisfactorily. At 60 and more miles per hour the engine is quiet and smooth running...

Every effort has been made to insure maximum comfort. Rubber shock absorbers, heavy steel springs, coil-over springs...

Among other engine features is the counter-rotating overhead valve crank shaft...

Every effort has been made to insure maximum comfort. Rubber shock absorbers, heavy steel springs, coil-over springs...

A highly important distinction of the "65" class is the system of internal-expanding hydraulic forward brakes. This type is claimed to be safe because the linings are inside the brake wheel...

The interior treatment is in line with the rest of the car. Cushions are deep and firm fitting with squaring out on each side of the seat. A fine grade of upholstery material is used in the seating areas...

Appointments include running gear and easily in the rear compartment, oval dome light with integral switch, attractive new instrument panel in black and silver...

The line is complete with six body models, including coupe with rumble seat, business coupe with continuous luggage rack, postman in rear deck, radiator with continuous luggage rack, sedan, four-door sedan, and touring car. (Chicago)

Start the Day right

AFTER a night's sleep, food has been digested—the body must be replenished, the system re-energized.

A morsel of bread and a stimulant for breakfast is not sufficient—in fact, is often injurious to health due to insufficient nutrition. Quaker Oats contains the essential elements of perfect nutrition and makes an ideal first meal. Its vitamins, carbohydrates, mineral salts, build the body, reinforce vital parts of the organism.

Quaker Oats is delicious to taste. It is easy to digest, easy to prepare, and most economical.

Flour Prices Reduced

The wholesale prices of all our different grades of wheat flour and vits have been materially reduced as from October 1st, and no doubt bakers and storekeepers will make corresponding reductions to the public when their existing stocks have been cleared.

Since the early part of 1928 the wholesale price of our superfine white flour has been reduced by nearly 30%.

The latest reductions have been made possible by co-operation between the wheat growers, who have agreed to a reduction in the price of wheat, and the two leading millers (Unga Limited of Njoro, and the Kenya Grain Mills Ltd. of Nairobi). These millers have reduced their prices to figures which will be absolutely unprofitable, even with the reduced price of wheat, unless their combined sales are increased by 3,000 bags of flour per month. They have made the reductions in the belief that such an increase is possible.

THE RONEO
System of Filing
How a Letter is Found.

The alphabetical division on the Glidite gives the first key.

In the name you are looking for here? Yes!

Then you at once see the number of the folder which contains the correspondence, and your hand goes straight to it.

No!

Then if you have had any correspondence at all. It must be in the "Miscellaneous" Folder under the same Alphabetical Division.

Simple, isn't it?

And much easier than referring to a note or less accurate Card Index for the number of the folder which contains the correspondence, and your hand goes straight to it.

Thus it will be seen that the Roneo Numeralpha System calls for three operations only.

1. Open the Drawer.
2. Glance at the Guide.
3. Take out the Folder.

THIS illustration shows all that need be shown about Goodyear traction. What it cannot show, however, is that beneath the safe and slipless All Weather Tread lay an incomparably sturdy and reliable framework. This framework or body is built up of SUPERTWIST—Goodyear's highly elastic and durable cord material. Should the tyre meet with an obstacle of the road, SUPERTWIST will yield, and recover, rather than stubbornly resist the blow. Thus has SUPERTWIST reduced structural failure in the balloon tyre to the vanishing point. And thus has SUPERTWIST provided an excellent foundation for the greater safety and longer, slower wear that is found in the new Goodyear Balloon.

JOCKEY CLUB OF KENYA.
To the Editor, "E.A. Standard."
Sir.—In your report of the 10th Annual Meeting held yesterday to consider the new constitution of the Jockey Club of Kenya, I was glad to see that the agreement with the new Constitution, which I had signed when writing you yesterday that I was entirely in agreement with the proposals of the committee but thought that Members should have an opportunity to give their views before it was put to the vote.

Yours etc.
F. WHELOCK

October 6, 1928.

SIR RONALD ROSS.

To the Editor, "E.A. Standard."
Sir.—I refer to the report of the Board of Health that he has not received a penny from the Government for the work he has done in the past year. I am sure that the Board of Health is not a charitable trust, and that it is not a charitable trust, and that it is not a charitable trust.

Yours etc.
P. FITZGERALD

October 6, 1928.

PROTECTIVE DUTY.

To the Editor, "E.A. Standard."
Sir.—I beg to say a word in favour of the protective duty on the importation of foreign goods. It is a duty which is levied on the importation of foreign goods, and it is a duty which is levied on the importation of foreign goods.

B. BRADLEY

THE WHEAT INDUSTRY.

To the Editor, "E.A. Standard."
Sir.—With reference to the wheat industry, I am glad to see that the Government is taking steps to improve the industry.

Yours etc.

CORRESPONDENCE

about the wheat industry. It would not surprise me if it were not so. I am sure that the Government is taking steps to improve the industry.

As a matter of fact at the present time they have a very large acreage of wheat in the country, and they are doing a great deal of work to improve the industry.

A MERRIDAY OPINION.

To the Editor, "E.A. Standard."
Sir.—As some little time ago the Editor of the Standard published in your paper an article by Mr. Merriday, who was responsible for the article, I am sure that you will be glad to see that the article is a very good one.

Yours etc.
G. H. BRADLEY

Auction Sale of Grand Stands.

Duly instructed by the Authority concerned, We shall sell by Public Auction (unless previously sold) WITHOUT RESERVE, on

Thursday, October 11th.

At the several situations of the Stands at Sixth Avenue, Court House, Station and Show Ground, commencing at 10 a.m. in Sixth Avenue.

ALL THE GRAND STANDS—over forty in number, used on the recent Royal Visit.

The Stands are all constructed of sound timber, have each 9'6" front, are 12' high, contain about 1000 b.m. feet of timber. Twelve of the sections will each seat 60 adults and each of the remainder 20 adults.

These Stands are built to British Board of Trade Requirements, and they are eminently suited for Football, Tennis, Turf, Polo, and other Clubs, representations of which are invited to inspect the Stands and submit formal offers to the undersigned.

All Stands must be paid for on the day of sale and a period of five days will be allowed for removal.

Detailed plans can be seen at the offices of the Auctioneers.

Bits and Pieces

Honours Stories by GEORGE ROBEY THE WORLD FAMOUS COMEDIAN illustrated by E. F. KINSELLA

"Here is a volume packed with the treasured fun of the Robey kind, and as a souvenir memento for anybody it may be strongly recommended. All the world has laughed at and with Mr. Robey on the stage, it may be doubted whether he has ever funnier in print, and those who have enjoyed the rollicking fun in the Author's previous works will find the present book at least equally diverting. The volume is full of every novel laugh, and the stories are now published for the first time."

END OF A FAMOUS BALLONIST.

Fatal Fall from a Roof.

OVERCOME BY GAST

(STANDARD CORRESPONDENT.)
London, Sept. 13.—Captain Harry Owen Spencer, the famous balloonist, was killed in a stranded balloon, in which his 17-year-old son Percival had made a forced descent from 20,000, owing to a heavy storm.

At the conclusion of the Harrow Zeppelin service an emergency service was sought. Hospital arrangements for a man who had become stranded in a balloon were made. The balloonist was seen to be in a state of collapse, and was taken to the ground in a motor launch. He was found to be dead.

The balloon was enveloped in the rain and was blown away. It was found to be a large water-van. With the aid of the police, the balloon was recovered and the balloonist was taken to the hospital. He was found to be dead.

DAILY TRANSMISSIONS IN BRITAIN.

(STANDARD CORRESPONDENT.)
London, Sept. 13.—The British Broadcasting Corporation has announced preliminary arrangements for the wireless transmission of still pictures and arrangements have been made to start picture transmissions from Harroby (L.N.S.) on Sunday, October 15.

It is added, when it is discovered that there is a sufficient public demand for still pictures, that the wireless transmissions will be discontinued. The programme will be the photograph programme, which will be the only picture programme. It will be the only picture programme. It will be the only picture programme.

This is quite a different system from "teletext," which is the "Teletext" Broadcasting station, and will be the only picture programme. It will be the only picture programme. It will be the only picture programme.

Bedbugs... Wreckers of Peace!

Unless the crows of darkness the bedbug goes about his harassing work... it robs you of rest and makes the night an endless misery with its hissing hiss. Scry this execrable pest! Destroy bedbugs by Filt.

Fit clean the house in a few minutes of disease-bearing flies, mosquitoes, bedbugs, roaches, ants, and fleas. It reaches out the cracks where insects hide and loosed, destroying their eggs. Fast on insects, harmless to you. Will not stain.

Do not crackle your bed with ordinary insecticides. Greater killing power issued together with Filt. Made by the largest manufacturers of insecticides in the world. Buy Filt and a Filt Spray today.

The "Late" Lamented.

NUMEROUS IN A DOCTOR MAGAZINE'S DOTT.

(TELEGRAPH SERVICE AGENT.)
London, Sept. 13.—It is not often that an entire screen is shown in a film, but in a number of the latest films, the work upon the death of Mr. Percy Thomas Goodwin, of Basing Court, London, formerly a victim, goes on with Messrs. Wills and Sons, Ltd., £150,000, and after various attempts to reach the film.

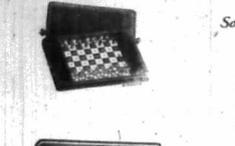

"As I have always had the reputation of being late for my appointments, my job will still be long to postpone—and long to postpone will enjoy the play." Make me too late for late. "But having nothing of the will, the undertaker's treatment, "business as usual" and the funeral was punctuated by the minute!

Simply add water and boil 15 minutes.
No worry—no fuss—no trouble—no perfect soup at a popular price! Made of the most selected meat and vegetables.

1. STRAIGHT—The effect of a much-discussed bill—The age of consent—The New Bill—Government's view.

Although the publication of Kethavani's book has been greeted with a general tone of overreaction by Indian generalists, somewhat violently aggressive in their attitude towards the Government, public attention to a number of grave evils resulting from these practices, some of which have been mentioned in the hands of people that they have had to ever they possessed opinions that rightly belong to them. Of those the childless evils are not the least the practice of young marriage, the dedication of young girls to temples where they later spend the time of prostitution, the punishment of the childless, and the dependence of the Indian woman upon the whims of her man.

At a general result of the remarkable expense by Miss Mayo of the horrors that result from these practices, public opinion has been actually roused to the point of indignation. The Government and its supporters have been set on foot in all parts of the country by social reformers, others, which had fair to sweep away many of the old customs and conditions of life in line with modern ideas.

THE BOY LAYERS. The remarkable spread during the past year of trade unionism in the country and the latter days together with the sale of the land and Capital and the Household of Man were signs of the growth of the Indian people, the greatest since India has ever received from the West.

AGE OF CONSENT. The Indian, public opinion has been lately roused as to the need of raising the age of consent. Marriages of women are being held all over the country where strict moral conditions are being enforced by raising the age of consent of their mothers by giving a son of it, are being daily passed. There has been instituted an inquiry by the Central Government into the necessity of raising the age of consent and to what extent the Government would allow of such a drastic step.

THE PUBLIC SAFETY BILL. The Bill, was introduced by Mr. Cresswell, and is intended to prevent the Government from being discredited in the event of a serious emergency. It is intended to give the Government the power to suspend the operation of the law in the event of a serious emergency. It is intended to give the Government the power to suspend the operation of the law in the event of a serious emergency.

BOOKING PLAN NOW OPEN.

BOOK EARLY FOR THIS UNIQUE PROGRAMME

HOW THE E.M.B. IS HELPING EAST AFRICA

(Continued from page 1)

by the Board to prepare the outline of a scheme of research on an Empire-wide basis, and the further development of this work as to be carried out by the Board has referred from the various institutions, their views on the subject. The Board is also working in a similar way in connection with the work of the Council of the East African States, which is to be set up to promote the development of the Empire-wide research along lines of the kind mentioned above. It is to be able to give advice to the Board in its consideration of applications for grants from the Government and to advise on the value of the work in connection with the East African States.

Transport Enquiry.

Future Research Activities of the Empire-wide Board are likely to include an investigation into the possibility of a scheme of coordinated transport work in the Empire-wide system. It is to be set up to work with the Board, and to be able to give advice to the Board in its consideration of applications for grants from the Government and to advise on the value of the work in connection with the East African States.

Perennial Outlook.

A number of visits to the Dominion and Colonies have been paid by Members of the Empire Marketing Board and its officers with the object of securing or establishing in the Empire countries with conditions favourable to the production of goods which can be marketed in the Dominion and Colonies. The Board has been engaged in the production of a series of reports on the conditions of the various countries, and these reports will be published in the near future. The Board is also engaged in the production of a series of reports on the conditions of the various countries, and these reports will be published in the near future.

Special Reports.

In the direction of economic investigation, many of the Board's special reports are based upon the reports of the Imperial Economic Conference, which is to be held in London in the near future. It is to be able to give advice to the Board in its consideration of applications for grants from the Government and to advise on the value of the work in connection with the East African States.

various parts of the Empire's resources, and the Board is to be able to give advice to the Board in its consideration of applications for grants from the Government and to advise on the value of the work in connection with the East African States.

Special Reports.

In the direction of economic investigation, many of the Board's special reports are based upon the reports of the Imperial Economic Conference, which is to be held in London in the near future. It is to be able to give advice to the Board in its consideration of applications for grants from the Government and to advise on the value of the work in connection with the East African States.

Perennial Outlook.

A number of visits to the Dominion and Colonies have been paid by Members of the Empire Marketing Board and its officers with the object of securing or establishing in the Empire countries with conditions favourable to the production of goods which can be marketed in the Dominion and Colonies. The Board has been engaged in the production of a series of reports on the conditions of the various countries, and these reports will be published in the near future.

apply can be satisfactorily established, the fruit is good in quality and would be valued if a market could be secured for it, and since the production of peaches and cherries may be extensive.

The Empire Marketing Board has been impressed from the first with the importance of securing that those who are engaged in the various processes of Empire Marketing should become personally acquainted with such other and different parts of the Empire.

The Board is also working in a similar way in connection with the work of the Council of the East African States, which is to be set up to promote the development of the Empire-wide research along lines of the kind mentioned above. It is to be able to give advice to the Board in its consideration of applications for grants from the Government and to advise on the value of the work in connection with the East African States.

Flour Prices Reduced

The wholesale prices of all our different grades of wheat flour and atta have been materially reduced as from October 1st, and no doubt bakers and stockholders will make corresponding reductions to the public when their existing stocks have been cleared.

Since the early part of 1928 the wholesale price of our superfine white flour has been reduced by nearly 30%.

The latest reductions have been made possible by co-operation between the wheat growers, who have agreed to a reduction in the price of wheat, and the two leading millers (Unga Limited of Njoro, and the Kenya Grain Mills Ltd. of Nairobi). These millers have reduced their prices to figures which will be absolutely unprofitable, even with the reduced price of wheat, unless their combined sales are increased by 3,000 bags of flour per month. They have made the reductions in the belief that such an increase is possible.

AFRICAN STANDARD
UGANDA ARCHES.
TUESDAY, OCTOBER 9, 1936.

The Prince's Visit.
Their Royal Highnesses the Prince of Wales and the Duke of Gloucester left Nairobi during the week-end. Their real business in East Africa has begun. It is not a different sort of business but for both it will be a holiday in the long, arduous one of the more wonderful experiences that any man can enjoy that of making the acquaintance of great African peoples in all the highway and reality of her natural state. There are few people who have visited the Continent who have not concluded that the Duke of Gloucester has before him on his long, arduous one of the more wonderful experiences that any man can enjoy that of making the acquaintance of great African peoples in all the highway and reality of her natural state. There are few people who have visited the Continent who have not concluded that the Duke of Gloucester has before him on his long, arduous one of the more wonderful experiences that any man can enjoy that of making the acquaintance of great African peoples in all the highway and reality of her natural state.

THE WOOD MARKET.
The Wood Market and Company Limited have received an advertisement in London, reporting on the Wood Market, which is a market for the sale of timber and other wood products. The market is held in London and is one of the largest in the world. It is held on the 10th of each month and is open to all who are interested in the timber trade.

DRINK IN CHARGE.
A European named H. A. Robinson was charged with being drunk in charge of a motor car on Saturday evening. He was ordered to pay a fine of Shs. 200/-.

AN AIR VICTOR.
Captain Lawrence Hope, the winner of the King's Cup air race who was undertaking a flight from Durban to the Cape Colony, reached Kenya territory this week-end and has now returned to Nairobi. The Secretariat, Nairobi, received information from the Resident Commissioner, Mombasa, that Capt. Hope had arrived there on Friday and a later message indicated his departure to return to Mombasa early on Sunday morning.

OBITUARY.
A native who was charged by Mr. Gamble in the District Magistrate's Court yesterday with having been drunk and with having carried a Dutchman's hat, was sentenced to a fine of Shs. 5/-, or in default of payment, two days imprisonment. He was charged with having been drunk and with having carried a Dutchman's hat on Saturday evening. He was ordered to pay a fine of Shs. 200/-.

AFRICA AND THE WORLD.
A particularly interesting feature of the current issue of "Africa" is the survey of the activities of the various countries which are devoted to the study of Africa. This deals with numerous districts from the coast of East Africa to the interior. The districts mentioned are: Kenya, Nairobi, Mombasa, Meru, and the districts mentioned. Other items in the issue include: "How to improve the land in East Africa," "The future of the East African Colonies," and "The future of the East African Colonies." The issue is published by the East African Press, Nairobi.

SAYS A MEN'S CLOTHES EXPERT:

"Half the secret of well-dressed men is in a well-dressed shirt (understandably) and the other half is in a well-dressed necktie. It is in a well-dressed necktie that you find a growing number of well-dressed men looking their regularity—and refusing all others.

Such shirts, neckties, and ties are the result of the researches of the expert! Such extraordinary researches in the history of the necktie are such remarkably modern results.

Stocked by all good houses throughout East Africa.

AUCTION SALES

Auction Sale of Grand Stands.

Duly instructed by the Authority concerned. We shall sell by Public Auction (unless previously notified, WITHOUT RESERVE, on **Thursday, October 11th.** At the several situations of the Stands at Sixth Avenue, Court House, Station and Show Ground, commencing at 10 a.m. in each Avenue. ALL THE GRAND STANDS, over forty in number, used in the recent Royal Visit. The Stands are all constructed of sound timber, have each 9'6" front, and 12' high, contain about 1000 h.m. feet of timber. Twelve of the sections will each seat 50 adults and each of the remainder 30 adults. These Stands are built to British Board of Trade Requirements, and they are eminently fitted for Football, Football, Tennis, Polo and other Clubs, representatives of which are invited to inspect the Stands and submit formal offer prior to the sale. All Stands must be paid for on the day of sale and a period of five days will be allowed for removal. Detailed plans can be seen at the offices of the Auctioneers.

MUTER and OSWALD, Ltd., Auctioneers, NAIROBI.

Linen, Glassware, Blankets, and Miscellaneous Goods.

Duly instructed, we shall sell the balance of the effects in the Estate of the late Major R. Nicholson, and on behalf of other parties, by Public Auction, without reserve, on

Wednesday, 10th October, at 10 a.m.

Topics for Motorists.

A New Vauxhall.

Description of 1929 Models.

At this time last year the Vauxhall was again one of the most successful motor-cars in the world. It had been completely re-designed, and the new model was the result of the most modern engineering. The chassis forms the basis of the new programme with a wide range of new and improved bodywork and various mechanical improvements of a more character than hitherto, and which should have shown to be desirable. Commencing with the radiator is now considerably deeper than hitherto, and the cooling fan has been made 1/2 in. these things together with the use of large headlights and more use of the weight have greatly improved the appearance of the car. The appearance of the new 1929 models is in addition to the range which is of the fashionable light-weight motor-car type and has particularly handsome lines. The construction details of this new body are all of Vauxhall design and an interesting feature is the fact that the door and seat are connected directly upon the chassis frame so that the body proper simply forms an enclosing shell and does not support the load. The machine's light structure of ash is employed, the aluminium steering knuckle is made to support the door pillars and the front-end of the chassis frame is reinforced by using a reinforced steel bracket of self T-section at each end. There are 100 lbs. of weight in the chassis frame, and the two bolts, with these nuts to prevent rust, which are used to secure the insulation.

The door and seat are connected directly upon the chassis frame so that the body proper simply forms an enclosing shell and does not support the load. The machine's light structure of ash is employed, the aluminium steering knuckle is made to support the door pillars and the front-end of the chassis frame is reinforced by using a reinforced steel bracket of self T-section at each end. There are 100 lbs. of weight in the chassis frame, and the two bolts, with these nuts to prevent rust, which are used to secure the insulation.

Robby Bodywork. The body is built upon the chassis frame of ash, and is particularly strong, being fitted with a light-weight metal of self T-section at each end. There are 100 lbs. of weight in the chassis frame, and the two bolts, with these nuts to prevent rust, which are used to secure the insulation.

FOR adequate protection against collisions or traffic damage, your car should be equipped with a Wood Bumper, set of Wood Fender Guards.

WEED BUMPERS

Jockey Club of Kenya.

A SPECIAL GENERAL MEETING of the Members of the Jockey Club of Kenya will be held in the DRAWING ROOM at the NEW STANLEY HOTEL at 10 A.M. on WEDNESDAY, 26 OCTOBER 1921, in order that the amendments to the Constitution and Rules of the Club passed at the Special General Meeting held on October 6th, and the Minutes of that Meeting be confirmed, in accordance with Rules 14 and 150.

Monsieur Florens French Hair-Dresser.

Government Road, YORK BUILDINGS, No. 223. Has the honor to inform his clients that he has secured the assistance of Monsieur Thomas, who has obtained in Paris the diploma for hair cutting and Marcel, a young artist of the International Hair-Dressing Competition of Monte Carlo. Specialist for make-up, dress development, new treatment for all hair complaints. Moderate terms.

single rear seat with arm-rests and ample room for three passengers. The chassis is a new design, and is of the most modern type. The engine is a new design, and is of the most modern type. The chassis is a new design, and is of the most modern type. The engine is a new design, and is of the most modern type.

The steering single-plate steering is fitted with an automatic steering mechanism at each side, embodying a combined control and servo-mechanism such that the response is readily set to any desired degree of steering. Furthermore, it is possible to tilt the plate and secure it in a horizontal position if weather conditions make this desirable.

The chassis is a new design, and is of the most modern type. The engine is a new design, and is of the most modern type. The chassis is a new design, and is of the most modern type. The engine is a new design, and is of the most modern type.

Turning to the chassis, the chief point of interest is the power unit, which has been modified to give an even better top-gear performance, hill-climbing and the acceleration from low speeds having been greatly improved. This has been done without altering the top-gear ratio of 4.78 to 1. The torque has been increased from 73 lbs. to 75 lbs. which, with the unchanged torque of 130 lbs. gives a torque of 210 lbs. and a full top speed of 50 m.p.h. with a 100 lbs. of weight in the chassis frame.

The chassis is a new design, and is of the most modern type. The engine is a new design, and is of the most modern type. The chassis is a new design, and is of the most modern type. The engine is a new design, and is of the most modern type.

THE BRITISH INDUSTRIES FAIR

will again be held at the WHITE CITY, LONDON and CASTLE BROMWICH, BIRMINGHAM FEB. 18th to MARCH 1st 1929

BUYERS—Make your plans now to visit the 1929 Fair. It will be larger than ever.

Reliance Transport Co., Ltd.

To the Kenya Public

A race by any other name may smell as sweet. But Transport Shipping and Fuel which is done as "Express", yet which is not as Express, can only be a source of dissatisfaction. May we therefore advise the Public to insist upon employing

THE EXPRESS TRANSPORT CO. Garage Contractors to Kenya and Uganda Territories. TRAVEL, SHIPPING, FUEL, STORAGE, TRANSPORT, NAIROBI, BALLAST, and MOMBASA. Phone 233 and 55.

AUCTION SALES

Auction Sale of Grand Stands.
Duly instructed by the Authority concerned. We shall sell by Public Auction (unless previously sold), WITHOUT RESERVE, on

Thursday, October 11th.

At the several sites of the Stands at Sixth Avenue, Court House, Station and Show Ground, commencing at 10 a.m. in Sixth Avenue.
ALL THE GRAND STANDS, over forty in number, used in the Crown Royal Visit.
The Stands are all constructed of sound timber, have each 8' front, are 12' high, contain about 1000 ft. of timber. Twelve of the sections will each seat 50 adults and each of the remainder 90 adults.
These Stands are built to British Board of Trade Requirements, and they are eminently suited for Foot-ball, Tennis, Turf, Polo, and other Clubs, representatives of which are invited to inspect the stands and submit formal offers prior to the sale.
All Stands must be paid for on the day of sale and a period of five days will be allowed for removal.
Detailed plans can be seen at the office of the Auctioneers.
