Our Zanzibar Letter.

FROM OUR CORRESPONDENT.

Zanzibar, Sept. 15.

Comparing the Zanzibar Cotton House statement of the three months ending 31st August with the corresponding figures for the same period of the previous year, it is found that the value of the cotton crop has increased by 10 per cent. The value of the cotton crop for the three months ending 31st August 1913 was £4,740,000, as against £4,260,000 for the corresponding period of the previous year. The increase is due to the fact that the cotton crop has been larger than in the previous year, and the price of cotton has also risen.
