NEW EAST AFRICAN AIR ACHIEVEMENT.

Double Journey From Nairobi to Mombasa.

MR. CAMPBELL BLACK'S NEW RECORD YETTERDAY.

"Standard" Special Correspondent's Story of the Flight.

Mr. T. Campbell Black, bring the Wilson Airways method "Knight of the Mist" made the double journey yesterday by air from Nairobi to Mombasa and back.

He was accompanied by Mr. H. Dunkley, a member of the editorial staff of the "East African Standard" who tells below the story of the successful flight.

Copies of the "East African Standard" for the first time in the history of the Colony were available in Mombasa on the day of publication. Fraternal greetings were exchanged between the Editors of the "Standard" and the "Mombasa Times".

No untoward incident marred the trip, though landing at Mombasa, in the absence of an aerodrome was a difficult feat, more difficult than the landing on a small plantation road at Voi.

DIFFICULT MOMBASA LANDING.

(Back to Nairobi. Tuesday morning, November 20, 1929. The flight was made in a biplane, a V.P. K.A.C. biplane, which had been specially modified for the purpose. The pilot was Mr. T. Campbell Black, the Managing Director of Wilson Airways, and the passenger was Mr. H. Dunkley, a member of the editorial staff of the "East African Standard".

SOUTH AFRICAN STUDENTS' RUGBY TOUR.
Kenya Union Takes Preparatory Action.
ARRANGING THE DETAILS OF THE VISIT.
Dates and Procedure for Trial Matches.

Although somewhat delayed the Kenya Rugby Union has taken very complete action with regard to the preparation for the coming visit to the Colony by the party of twenty-four students from South Africa, who are shortly to commence a six weeks' Rugby tour of Kenya. At a meeting held on Wednesday evening a group of most of the arrangements was discussed, and a definite itinerary passed. These details are being circulated to the various clubs for consideration, discussion and approval. Committee to embrace the whole scope of operations have been appointed, and already the preliminary details are being gone into, and essentials arranged.

One of the most important details settled has been with regard to the trial matches. The dates have been decided upon and the governing principle laid down. That is all to the good, and clears the way for what has been an unsettling matter.

METHODS OF SELECTING KENYA TEAMS.

It has long been a feeling that the Rugby Union of Kenya has done well in the past, but that it has not done so well in regard to the preparation for the forthcoming visit to the Colony by a party of twenty-four students from the South African Rugby Union. A representative of the South African Rugby Union, Mr. J. M. M. M., is expected to arrive in Nairobi on Saturday, and it is anticipated that he will discuss the matter with the Kenya Rugby Union. It is anticipated that he will discuss the matter with the Kenya Rugby Union. It is anticipated that he will discuss the matter with the Kenya Rugby Union.

REVENUE BOOKS.

It has been decided to commence the issue of the new revenue books. These books will be sold at 1/6 each, and will be printed and bound in Nairobi. It is anticipated that they will be ready for issue by the end of the month.

TEAM LISTINGS.

It is anticipated that the following teams will be selected for the forthcoming season:

- 1. Saracen
- 2. Silver Horse
- 3. Bayern
- 4. Bony Boy
- 5. Goshawk
- 6. On and On
- 7. English Fawn

A special correspondent of the "Standard" who on Thursday accompanied the "Knight of the Mist" on the pioneer flight to Mombasa, discusses in the following article the value of the flight and the importance of contact made with the coast.

Mombasa has no aerodrome and, indeed, the chief impression gathered during the journey was the urgent need for a speeding up of the aviation policy of the Government.

SUGGESTIONS TO GOVERNMENT.

CARLSBAD TOURNAMENT
The two surprises of this tournament were Frank J. Marshall, the American champion, and Dr. S. Tartakower, of Austria, falling to win six prizes; and Prof. A. Becker, also of Austria, being bracketed with the London masters. Aron Nimzowitsch, the winner, who lost to F. D. Lane, was the only contestant with Akiba Rubinstein to lose his last game. Rubinstein lost to Lane, to the latter being defeated by H. H. Cappabianca, and the latter lost three times (to Canal, Rubinstein, and Nimzowitsch). Dr. Tartakower, who also lost only three, proved the drawing master, having 16 half points credited to his score. The final scores are given by the "Natal Advertiser" as follows:

Total	W. L. D.
Nimzowitsch	10 2 10 15
Cappabianca	10 2 9 14
Spelman	11 5 7 14

Rubinstein	7	13	13
Becker	7	6	12
Eaves	6	3	12
Yildiz	6	4	12
Bogoluboff	7	6	11
Chigorin	6	4	11

Meremy	6	7	10
Tartakower	7	6	10
Trybal	6	7	10
Rosenblatt	6	7	10
Yase	5	7	9
Marshall	4	6	9
Thomas	4	5	9
Men Mendik	1	10	6

The following is the score of Capablanca's first game against the Austrian master, Prof. against Becker.

Trusted for over 50 years

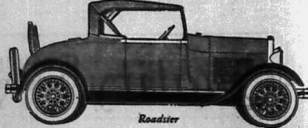

FOR over half a century, Quaker Oats has had the confidence, and high endorsement of physicians, dietitians, educators and successful business men of all climes and households. It is the one combination and balance of essential food elements, given in its natural state, that yields the most digestible, healthful, and nourishing diet. It is a source of energy, strength, builds blood and muscle, and has never been proved harmful.

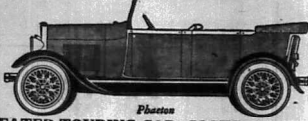

Then, too, there is something about the Quaker Oats that appeals to everyone. Different than anything else you have ever tasted, you will like it instinctively. Make the part of your diet every day and you live in better health.

Always look upon the Quaker Oats. Look for the full name Quaker Oats and the Quaker Oats logo.

DAYLIGHT SAVING

To the Editor, "E.A. Standard."
Sir—The Hon. Capt. Schwatke, the sponsor of the Daylight Saving Bill, argues that the only justification for the repeal of the Ordinance would be the prevention of loss of time and the prevention of the loss of sleep, but he has got hold of the wrong end of the stick. The Ordinance was introduced as a means of saving time, and it is not surprising that if only it were given effect, a year's saving would be made. It would give its value, it would be the year and should naturally be repeated unless it were repealed. This they have absolutely failed to do, and the end result is that the Government has lost the support of the public. The Government has lost the support of the public, and the Government has lost the support of the public. The Government has lost the support of the public, and the Government has lost the support of the public.

THE AGRICULTURAL COMMISSION.

To the Editor, "E.A. Standard."
Sir—The report of the Agricultural Commission as published by you on the 11th inst. seems to have caused considerable surprise. As regards the stock industry it says regarding Rabbits: "The present Commission is not competent to report on the rabbit industry." This is a statement which every stock owner would regard as an admission of the fact that the Commission is not competent to report on the rabbit industry.

A REVIEW OF CURRENT EVENTS.

(Forward)

Nothing any more stirring about in the Home Section of the County Cup and unless something very unexpected happens in their remaining matches with Parkside and Railway they are practically assured of appearing in the semi-final. The Committee offered very little resistance to their last week end, being dismissed for 97 and 90 the highest individual scores being 26. I had expected the home Club to make a much larger score, but credit must be given to the Committee in that they demanded their opponents for a very reasonable bid. Their fault was that they had not sufficient batting talent. The other Cup match in Yorkshire between the Civil Service and Railway resulted in a win for the Service. Though the Ballwaysmen were unable to open several of their best players in Rhodes, Hurrell, Bloomfield and Haves they put up an extraordinary plucky fight, and when stormy weather the Service still required 15 runs to win with 4 wickets to fall, no doubt these would have been obtained, but at once

period of the game it appeared as if they might for the home. The Railway pulled in the second innings mainly owing to a fine lead being made by Stewart. This player always gave me the impression of being a batsman, but any time I have seen him he has scored steadily and he doubtless figures however, he comes into his own. The Railway doubled the spectators, to the local players have been reading the sporting news lately, to the extent of having been notified that according to the local papers, it is a certainty that the other teams will not be without being constantly reminded and the people who are responsible for this, their maintaining any and going to allow the thing to develop into a far more serious matter, making the necessary arrangements for teaching and training. I hear there was a Rugby Union meeting on Wednesday night and as a result I should not be surprised to see a number of programmes of training made, and also some responsible committees should be chosen to see that it is strictly carried out.

The week end and the most interesting match should be that between the Service and Police on the latter's ground. The Service have lost one and the Police two of their games if the Home team can they do have sporting pleasure, provided the Railway or Parkside has a game to run and last Matting.

If both teams turn out as selected, a very close and interesting game should ensue. My forecasts of cricket matches have not exactly been outstandingly successful lately so I am a bit wary in giving my opinion on the result of this game, but I fancy the Police will, no doubt, have the better batting side than the Service.

Asper from Dewas, Galt and Mellor the Service have no other real class bowler, though Page took a lot of wickets in their Cup match with Matting. As a batsman the Police have in taking four or five good steady bowlers who, if not capable of keeping many wickets, can keep the match down.

An Unsatisfactory Proceeds.

The Commercial play the Ballway on Saturday afternoon and if the game is not finished then, I presume it will have to be continued in our next. The unsatisfactory state of affairs, playing on two separate Saturday afternoons.

It is due to the fact that I understand the Railway had a full fixture, and the Commercial, being a little late with commencing the first matches, had to be satisfied with the game being split over two week ends. I think I can forecast the result of this year without making any mistake; the Railway should win with any difficulty.

South African Rugby Tour.

It is not my intention to say that it is a good thing to get down to some serious training if the local players have been reading the sporting news lately, to the extent of having been notified that according to the local papers, it is a certainty that the other teams will not be without being constantly reminded and the people who are responsible for this, their maintaining any and going to allow the thing to develop into a far more serious matter, making the necessary arrangements for teaching and training. I hear there was a Rugby Union meeting on Wednesday night and as a result I should not be surprised to see a number of programmes of training made, and also some responsible committees should be chosen to see that it is strictly carried out.

Cricket Averages.

The County Cup averages will be published probably. There is no radical change from those last week. Matting who headed the batting with an average of 128.33 runs to 82.20 has still retained his position at the top. He also got to the top of the bowling with 11 wickets for 87 runs and an average of 7.90.

As there are three matches down for decision this week-end, two in Lincolnshire, one at Exeter and Exeter v. Walsall. There should be some interesting discussions next week.

Sunlight Soap

CONCERNING ENTERPRISE

To the general public, soap seems a commonplace thing. Any one of the familiar brands conveys a sense of familiarity breeds contempt. But there is a place of soap-making in the world, a place where the public, namely, the enterprise shown by the makers of

SUNLIGHT SOAP

In particularly increasing the supply of the finest soap material.

These developments, now taking place in the West of Africa and in the far-away islands of the Pacific Ocean, make one feel that the pioneer spirit is still very much alive today.

Roadmaking, town-building, palm-cultivation, the erection of the most modern machinery, etc., are all cheerfully undertaken so that

SUNLIGHT SOAP

shall ever be the purest, cheapest, and best soap in the world.

AMERICA'S HELP.

We recognized, however, that the great momentum of war could not be killed by sentiment and aspiration, however high and holy they might be. It was only by destroyed by hard work and by necessary great sacrifices.

AMERICA'S HELP.

The feeling of some of us has been the same, during the past few months. There had been a time when the war between the United States had almost appeared to withdraw from the prospect for peace.

COUNTRY GRADING OF EXPORT PRODUCE.

Memorandum Before the Chamber of Commerce.

MEMBER SUPPORTED.

The question of inspection... the following memorandum...

The Committee was held at... on November 18th, 1926...

As instructed by your Executive Committee I paid particular attention to the question of country grading...

1. Inland Grading should be made available for both main and wheat...

2. That the system in the main should be confined to one grader at Kiambu...

3. Grading certificates would be issued on these open country centres...

4. Grading certificates would be issued on these open country centres, but all bags made would be marked accordingly...

necessary grading certificates would be issued.

The Director of Agriculture is extremely difficult if not impossible to secure temporary graders locally...

5. Apart from the above mentioned grading centres, all other stations would dispatch their grain as heretofore direct to the coast for grading.

Crop Estimates.

Some interesting figures were given by the Statistical Department by the Principal Manager of the Kenya Farmer's Association...

The Superintendent of the Line Kenya and Uganda Railway gave the information that their maximum carrying capacity at the present moment is approximately 20,000 tons per month exclusive of internal distribution.

Grading Cakes.

Considerable discussion also took place on the present grading fee charged at Kilimani. From the account of the Chief Grader it was noted that a profit had been made on grading of over Shs. 27,000.

It was ultimately suggested that the following table should be made applicable to this season's crop.

THE TRANS-NZIOIA MAIZE CROP.

1. Maize graded up-country and not checked at the Coast: 6 cents per bag. 2. Maize graded at the Coast only: 5 cents per bag. 3. Wheat graded up-country and not checked at the Coast: 7 cents per bag. 4. Wheat graded at the Coast only: 6 cents per bag.

NEWS OF THE DISTRICT.

STANBURY CORRESPONDENT. Rain has continued to fall heavily and steadily during the week and we are all heartily sick of it. The wet job, first called Kenya "The Land of Simsim" and later a variety of other names, is visited Kiata these days.

The district has noted with interest, the official estimate of the 1926-27 maize crop for the Trans-Nzoiia, namely 4.4 bags per acre. This estimate will probably be proved to be on the high side...

Mr. Tamahili commencing on the memorandum, said it was obvious that everything possible should be done to facilitate the quick dispatch of maize at the Coast. This could be done by means of an up-country grader.

Amintive Day.

The next assembly took place on Amintive Day at the Resident Commissioner's Office in Kiambu on the 23rd inst. in previous years.

That the Secretary of the Nairobi Chamber of Commerce communicate by letter with the Director of Agriculture stating that the Maize and Wheat Consulting Committee's recommendation regarding the securing of two extra graders should be agreed to and that the graders appointed as quickly as possible to enable inland grading to be made applicable to this season's crop of maize and wheat.

Mr. Yusufal announced and the proposal was carried unanimously.

Wain is revivifying the country at the beginning of the year, and though we do not foster surprise that we shall be in a position to look back on this occasion, we feel that his return is the best that could possibly have been had last year was an enjoyable one.

As regards plantation crops, the Department is also engaged in the dissemination of information as to the various methods of growing such crops...

It has been suggested to the Commission that one of the directions in which the Department would be of assistance would be in the organization of a series of trials of implements and machinery of a labor-saving character.

It is suggested that, if the Department could supply machines free of cost, it would be a great help to the farmers...

It is, however, recognized that such an arrangement would be a great help to the farmers, and it is suggested that the Department should consider the possibility of such an arrangement.

Native Labour Policy in Uganda.

BISHOP REFUSES TO ADOPT DRAGON OWNERS.

The Editor of "The Standard," writes from the "Manchester Guardian" regarding the case of November 25th on the subject of the Aborigine's complaint and the "championship" of those unable to speak for themselves, to those who do not know Uganda such a letter would be a fair, give a very misleading and quite untrue impression of the position as they are in Uganda today. I will be glad to send you the copy of the building of the "Standard" which I have written for the purpose of the case.

Understand that the "Standard" is not a newspaper, but a journal, and as such it is not bound to accept the views of any one person, but to give a fair and balanced account of the facts as they are. It is not possible to give a fair and balanced account of the facts as they are, unless the facts are first set out in a clear and concise manner. The "Standard" is not a newspaper, but a journal, and as such it is not bound to accept the views of any one person, but to give a fair and balanced account of the facts as they are.

CORRESPONDENCE.

The finding of the "Uganda Church Review" as reproduced on page 12 of our issue of 9.11.29 is misleading. The "Review" is not a newspaper, but a journal, and as such it is not bound to accept the views of any one person, but to give a fair and balanced account of the facts as they are.

A few cases occurred of refusal to work, some on 11.1.1929, and some on 11.2.1929. Those who refused were not punished by fine or imprisonment, but by a suspension of their wages for a period of three months. In some cases, the suspension was for a longer period, but in no case was it for more than six months.

Those who have been suspended from work are not being punished, but are being given a chance to improve themselves. The suspension is not a punishment, but a means of discipline. It is not possible to give a fair and balanced account of the facts as they are, unless the facts are first set out in a clear and concise manner.
