especially when caused by weakened nerves, prompt relief invariably follows the administration of calcium (lime) in the form of Kalzana.

It quickly allays the inflammation, strengthens the howels in their fight against the infection, and soothes the irritated nerves.

Take Kalzana, the scientific combination of calcium, which is readily digested in all con-ditions of weakness and greedily absorbed by the millions of body-cella.

"By the use of 6 Kalzana tablets daily, the diarrhoos (in two severe cases) user stopped in an amazingly short time without any change is the dist," writes Dr. Zoutz, the well-known phy, sician, in a leading medical journal.

Kalzana hastens the healing of all ulcerated and inflamed areas, and gives new strength and vitality to the entire system.

### THE KERICHO AREA.

A special correspondent of the "Standard," has visited the Kericho tea gardens of Kenya and records his impres-sions of a flourishing and promising industry in a series of articles beginning to-day.

Whereas the production five years ago was only 1,300-lbs.
it has multiplied thirty times in that short period.
With the coming of the factory, the future progress of
tea production is expected to be even more rapid.

ROMANCE OF AN AFRICAN FRUIT INDUSTRY.

The Inception and Progress of Mua Park.

AN EDEN IN KENYA.

Importance of Fruit Farms in Closer Settlement Schemes.

Nearly all industries in Kenya have a romantic story as the basis of their beginnings. The history of the youth of the Colony is flavoured with romance.

Many people know Mua Park Orchards, the outstanding example of the development of the fruit industry in East Africa. Its establishment has a close radiation ship with the fact that its owner followed the spoor of a wounded ion to the decleatale spot where his house now stands in a great orchard.

To-day's Historic Service at St. Giles.

IMPORTANCE TO AFRICA.

A historic service was held in St. Giles Cathedral on Tues-day followed by a great Assembly to consummate the Union of the Scottish Church upon the agreement reached in May.

A contributor who in previous articles outlined the history of dis-union in Scotland and explained the basis of the present movement, discusses in a final article to-day the importance of the Scottish Union to Christianity and particularly to the Church in Africa.

Special To The "Standard" (By the Rev. R. G. M. Calderwood).

issues involved. In , 1918 Mis-nicinaries formed an Alliance to follow up this great ideal of Union. For il Union be urgent at home, how much more so in Africa? What more abound their a Kikuyu Prosbyterian, or Kavi rondo Baptist, or Swahili Angli-can? And Africana set just as at each quadrennial conference a fresh effort has been made. May the Lambeth Conference of 1980, by its decision of the South Indian by its decision of the South Indian question, provide the opening so devoutly desired by all, so that African Christians at least may all be one, not merely in Kenya, but throughout East Africa.

And is Dis-union not just as abourd among ourselves? Every argument in favour of Union at horre has a double force here. Is it not pathetic that, say an Angli-can chaplain visits a distant set-tlement where there has been no Special for The "Simulation" (By the Ber. & C. M. Calderwood).

SATURDAY, OCT. 5, 1929.

Some candid views were expressed by Nakuru Settlers when the Agricultural Commission held its public meeting there last week.

Speakers laid special stress on the view that the farmers had had to struggle along through their difficulties without guiding help and information from the Department. One suggestion regarding main improvement we said to have been "drewned in buckets of cold water."
