THAT HALF THE WORLD DOESN'T REALIZE THAT BUICK IS PRICED SO LOW.

It is an impressive fact that, during the latter mentins of last year. Buick monopolized the American market to such a degree that it won 41% of the total sales of the 15 makes of cross in its notice dam.

And yet this marked preference for Buick would be still greater if ALL motorists realized that they can obtain this magnificent new Buick at such remarkably low prices.
