SCHOOL BOYS AND GIRLS.

Points to remember when buying Boots.

Point I. Shape. Boots for children should be the correct shape to allow natural development of the foot. You will find our Boots conform to this.

Point 2. Guality. They should be of good honest leather which gives the best wear and is the most healthy covering for the foot. Our boots are all leather. Point 3. Style. A child's boot should be as smart in appearance

comfortable in wear. Our boots are made on lish lasts. Children have a way of "getting through" boots

quicker than grown ups and Price is therefore a consideration.
Our boots are priced as low as is possible for reliable footwear.
