RAILWAY PROBLEMS IN TANGANIKA.

Colonel Hammond's Report on Development Policy.

A CRITICAL SURVEY.

£85,000 Traffic Yard for Dar-es-Salaam Condemned.

(Continued from Last Column.)

The following is a summary of the conclusions and recommendations of Colonel F. D. Hammond, C.B.E., C.O., on the Railway System of Tanganyika Territory recently published by the Government.

I may add that his covering letter contains the following:

"As a result of the recent heavy rains, which occasioned my departure from the Territory, there has been a serious interruption to traffic on the Central line, which may have affected the financial results for the current year. To have wasted capital and not have obtained adequate information as to the actual state of the estimated effect of these on the revenue would have delayed unduly the presentation of this Report. I have, therefore, retained a civil engineer, the estimate as given to me as these conditions have effect on the estimate and prospects of future years."

Introductory.
The first chapter, which is in the form of an introduction, sets out the following details: The Tanganyika Railway covers a total of 1,031 miles of motor track, of which 218.0 in and 78 miles are of 2 ft. gauge, comprising a total route mileage of 1,976.

The main trunk of the Central line runs from Dar-es-Salaam to Mwanza, and thence to Kigoma, and thence to Tabora. The railway is operated by the Government, being usually referred to as the Tanganyika Railway. The work of the Railway Department is carried out in three zones.

The main line on the Central Railway is the section between Dar-es-Salaam and Mwanza, which is the busiest section of the railway. WILKINSON'S VANISHING VITALITY

THE ROMAX COMPANY.

Women Need

WINCARNIS is the vital element which is missing in the system of the woman. It is a tonic, restorative, blood maker and nerve food all in one. It builds up strength, gives vitality and is particularly valuable as a restorative before and after childbirth. If you see a face up to the mark, reach for a bottle of Wincarnis. The members more than 15,000 Medical men recommend it.

K. M. Q. AGRICULTURAL LIME

Improve the nature of your soil. LIME makes them more open and friable. As a plant food LIME is essential. Sulfur cannot produce good crops without it. Sergett reports increase of 3 bags of wheat per acre with K. M. Q. Agricultural Lime. LIME is the best means of preventing or eradicating diseases.

COME NOW

TOGO—Heavy rains in the midland areas damage crops but appearance now indicates the close of the rainy season. Prospects are all good.

Senegal—Crop prospects are in an general better than last year.

Togo—The high ground is bad owing to the prolonged and heavy rains, but the main crop is expected to show some and a cessation of the rain will probably result. Prospects are in this again a dry spell is expected.

Senegal—Rains have destroyed potatoes, corn, sorghum, and maize crops on the low ground but owing to the increased area of planting the crop harvest will exceed that of last year. Cereals are flourishing and well advanced but the harvest is not yet completed.

A thrilling story of the East Coast shipping route was told recently on the "Standard." The "City" "City of Dushick" ran her propeller 200 miles north of Manhattan and after drifting two days the survivors were taken to sea by the rescue ship "City of Dushick." With great difficulty the disabled vessel was eventually brought into Manhattan after breaking the tow rope. The photographs show the "float" of the tow rope taken from the "City of Dushick."

Crossing the Equator. The disabled ship in tow. The tow was 2,000 feet in length, and included rope, wire hawsers and an anchor chain.

A critical time. The "City of Dushick" anchored a mile from Malindi reef where she drifted after the tow broke outside Malindi on the first attempt to reach port.

In this great automotive age the success of International Trucks stands like a beacon on the horizon. Coming into prominence like a thoroughbred destined for victory, International Harvester has scored a triumph in truck engineering and in popular approval throughout the world. The basic reason is twofold: International trucks are soundly built on twenty-five years' experience in automotive manufacture — and International performance is safeguarded by a Company-owned truck service organization without a peer in the industry.

International Trucks include the 1-ton; the 1½ ton Six-Speed Special; Speed Trucks, 1½ and 2-ton; and Heavy-Duty Trucks to 5-ton. Catalogues on request.

COUNTY CRICKET CHAMPIONSHIP.

Champions Go Down to Hampshire.

[STANDARD CORRESPONDENT.]
London, May 26.

The match in the County Cricket championship which concluded on Friday were notable in that at two instances new record centuries were scored by players in their first. Both men were likely to be considered within the category of England players, and one candidate for the captain of the county's team. O'Connor, the young Essex all-rounder, published 128 in his first innings against Gloucestershire at Bristol and followed this up with 120 in his second venture. H. H. Tom, the Gloucester captain, had 115 in his team's first innings, and in the second scored 101 not out. It was strange that both men should achieve this distinctive feat in the course of the same match. Surrey did some fine scoring at the Oval, where they had to follow on in their match with Warwickshire. The game finished drawn. Dixon and Shepherd each scoring a century in the Oval's second knock, when two wickets were down for 268 runs on the board. At Southampton, Hampshire defeated the Champions, Nottingham, in a low scoring game, by five wickets. The following are the results:—

Hampshire vs. Nottingham.
Notts: 1st innings 60 (Newman 5/18).
Hants: 1st innings 125.

Australia: 2nd innings 52 for 5.
Australia won by 10 wickets.

Further Results.
London, May 25.

The feature of Tuesday's play in the county championship matches was the number of excellent bowling performances. This was especially marked in the game at Derby, where a very close finish was witnessed, Northants winning by eight runs. The match was dominated by the men with the ball, and Mitchell, the Peak County's young right handed slow bowler, who made a great effort to win the game for his side. In the Northants second innings he took seven wickets at a cost of 25

runs, by far away the best performance achieved so far with the ball in the match.

The following are the details:—
Middlesex vs. Lancashire.
At Lord's:
Lancashire: 1st innings 220 for 7. (Tyldesley 95; Malvine 117).
Match drawn.

RESONANCE

The Meaning of the Term.

The "A. B. Standard" has arranged for the regular publication of a wireless page. This article, written by Mr. Leslie H. Hughes, "A wireless page" will appear weekly.

In previous articles it has been shown how signals are altered in great degree by the loss of energy, or as a little less in our own words, by the absorption of energy. It has been shown how a variation of frequency will alter the signal.

The reader might well ask, since all these stations are world-wide, how can they be so different? The answer is, they are not. The signal is the same, but the medium through which it travels is different. The signal is the same, but the medium through which it travels is different.

AN EAST AFRICAN BOOKSHELF.

Mr. C. W. Hobley's Modest Record of Twenty Years' Service.

EARLY DAYS IN KENYA.

The Empire in Kenya has written a record of his life as a story which Mr. Hobley has written himself into the background, he recounts the development of the country from the days of the Chartered Company to the present.

It is a delightfully simple history of two stirring decades in the early life of Kenya and is a worthy and valuable contribution to the really sound and acceptable literature on East Africa.

Refreshing Criticism of the Masai.

Omaha was seen without books on East Africa may be written direct to two main groups—there are excellent reasons why it is desirable to examine with distorted vision the impressions of one-time minor events of European history and to see that the Masai are not a people to be despised.
