grounds that it would form part of an "Imperial Link" and only recommended that the construction with the future Uganda line should be surveyed. I feel later with the question of an "Imperial Link" that I had in mind the promoters with the necessary finance now available to develop the line, but to take it to the west coast (Madani and the Central line).

Mombasa-Kilua.
 This line was surveyed by the Germans and the estimate for the present day prices is £1,500,000. It is a line of 100 miles in length in his evidence before the Committee had stressed on the great potential agricultural possibilities in the Mombasa Highlands and the recent soil development surveys.

The General Manager also stated that the line would be completed in ten years after completion as against ten years after completion of the Kenya and Uganda lines. In the Committee he proposed that the line should be surveyed and that the line should be built to the sea and to a coast road. The Committee also considered the Kenya and Uganda lines in connection with the Mombasa-Kilua line and the fact that the line would be built to the sea and to a coast road.

NEW BILL PASSED BY ASSEMBLY.

["STANDARD" CORRESPONDENT.]
 Durban, May 26.

The Motor Transport Bill has been passed by the House of Assembly without a dissent.

The Bill has caused no little controversy in South Africa. Its main provision is to make the Union Government the chief authority for road transport by the system of Provincial Councils and local authorities.

LABOUR PARTY DEBROWS CREATOR BOTSWANA.

["STANDARD" CORRESPONDENT.]
 Durban, May 30.

The Durban committee of the South African Labour Party, with the endorsement of the National Council have intimated to the British Commonwealth Labour Conference that should Premier T. B. Ryell attend the Great Conference, he does not represent the South African Labour Party.

East Africa at the Academy.

The London Correspondent of the "Standard" writes: East Africa is represented at the Royal Academy by the late Sir George White. The late Sir George White was a fine sportsman and a keen sportsman. He was a fine sportsman and a keen sportsman.

At a man meeting of railwaymen at Pretoria supported the Motor Carriers Transportation Bill, and pledged itself to discontinue dealing with firms supporting such companies in competition with the railways.

It has appointed a strong vigilance committee.

The Surplus Balance.

The Treasurer has informed the "Standard" that the surplus balance of the Legislative Council for the year ended 31st March 1926 was £2,000,000. This surplus was used for the purpose of the road programme.

Captain Kennedy submitted, adding that it involved no new expenditure.

The Hon. Sir G. W. Priddy remarked that the appointment of the Deputy was left entirely to the Hon. Secretary's discretion. He would show any amendment if the Hon. Member could not be proved.

However, the work of the Board was very confidential, and he expressed the view that the Hon. Member should not know more difficult work than the Hon. Member was unable to do.

The Hon. Mr. A. H. Massey (Irish) said that he had not attended through illness, but should be present for the next meeting and that his Excellency would accept a substitute in his place.

The amendment was carried. The Hon. Mr. A. H. Massey (Irish) said that he had not attended through illness, but should be present for the next meeting and that his Excellency would accept a substitute in his place.

There was no general, so the motion was lost. The Hon. Secretary moved that the report of the majority of the Executive Committee and the report of the minority, as amended, be adopted.

This was carried unanimously. Moving the adoption of the resolution, the Hon. Secretary read the Chairman's Transfer Bill, the Irish Free State Bill, and the report of the Committee.

King of the Highway

In this great automotive age the success of International Trucks stands like a beacon on the horizon. Coming into prominence like a thoroughbred destined for victory, International Harvester has scored a triumph in truck engineering and in popular approval throughout the world. The basic reason is twofold: International trucks are soundly built on twenty-five years' experience in automotive manufacture — and International performance is safeguarded by a Company-owned truck service organization without a peer in the industry.

International Trucks include the 1-ton; the 1 1/2 ton Six-Speed Catalytic; Speed Trucks, 1 and 2-ton; and Heavy-Duty Trucks to 5-ton. Catalogues on request.

The Etiquette of the Game.

(Ainoo). The last week has seen a great deal of congestion and, one fears, a considerable amount of heart-burning among some of our newer players. It is difficult for those who to accommodate all those who wish to play a game in the afternoon, and some of the slower players perhaps have not made it to find their position more actively than otherwise might have been the case. But when 20 or 30 couples want to make use of the nine holes between half past four and five, there is bound to be some unpleasantness when every one couple does not hold its place on the course. May we suggest with all diffidence that in such exceptional circumstances as the present, the rule that "Slow players must give way" should be observed more strictly. It is not only the couple immediately behind that has to be considerably annoyed, though they usually come in for a charge of unfriendly conduct—but any unnecessary delay is resented on all players who are behind, and the small extra pleasure that a slow player gets from being out in 18, may easily be nullified.

"Etiquette of Golf." The "Etiquette of Golf" is based on consideration for the majority, and it would be very much more pleasant these days if we would all remember this. There is no disgrace in being a beginner and in ordinary conditions, Nairobi Golf Club welcomes them and does more than say other clubs for their convenience. There is no single spot for players of all degrees of skill, and the 7th hole can accommodate any normal attendance of members.

It is unfortunate that the rains have made it impossible to keep the whole course in play, but even the best Committee in the world could not have coped with the deluges we have experienced. We may hope that our facilities in this direction are over, but a well in season may not be long, and it will do no harm if members will remember that the payment of a subscription does not entitle them to the monopoly of the course, but that their privileges are shared with other members. The last mail brought news of the performance of a well known New-gutter at Home. Post recovered, his form and he won a Competition on Goodwood Club with a score of one up on Bogey playing from a handicap of one. That is a definite reply

to those enthusiasts who maintain that Kenya golfers never play down to their handicap at Home. Frost is one of the most kind-hearted golfers we have had here, but I do not think he ever reached the one mark on any Kenya course. Let us hope that some of our representatives will do equally well in the English match.

In reply to a recent letter from Lord Francis Scott, the Colonial Secretary has stated that the House of Grievances was now a permanent body.

Another Ordinance which Secretary examined the members of the House of Grievances was the one relating to the holding of land, by the Kenya and Uganda Land Settlement Commission. The Commission had been set up for the purpose of assisting the British settlers in the acquisition of land for settlement in Kenya and Uganda. It was reported that the Commission was now a permanent body.

Women's League was prepared to take a strong line in the matter of these Ordinances and contemplated bringing Home pressure to bear on the Colonial Office through their affiliated organizations in the United Kingdom for the purpose of the Lord Francis Scott would deeply deplore.

Acting Engineer, Kenya and Uganda Railways and Harbours.

We shall shortly have a first class laboratory ready to make the best use of his correspondence in these columns. He will be glad to receive the name and address of the writer from whom we are receiving a letter, and necessarily for publication but not as a guarantee of accuracy. Briefly it is also essential to state the name of the newspaper.

"Grouped" Hospitals.

ATTITUDE OF THE MEDICAL PROFESSION.

To the Editor, "E.A. Standard,"—It is thought that the public should be kept advised of a suggestion which the Kenya Branch of the British Medical Association has put forward in its Minute Hospital on Wednesday. It is a resolution which has been passed with one dissentient, expressing the opinion that the Government should take the initiative in the decision of the Government to group hospitals.

One of the objects of grouped Hospitals for Nairobi. I may add that the official members of the Association naturally abstained from voting. As there appears to be some considerable misunderstanding of the meaning of the suggestion, your columns to endeavor to make plain the facts of the case and to correct some misapprehensions.

"Grouped Hospitals" means that the present hospitals, which are now scattered in various parts of the city, should be grouped together in one or two large buildings. There are three entirely different groups of buildings, for Forensic, Asiles and Accidents respectively. Each Hospital would be situated in a quarter of the city, and from the others. This scheme has been under consideration, and during the past year has been the subject of a report received the expressed support of the Government.

It was realized that it was not possible to do this, but there seems to be no doubt that it must have been done. It is a matter of fact that the Government has decided to group the hospitals, and it is a matter of fact that the Government has decided to group the hospitals, and it is a matter of fact that the Government has decided to group the hospitals.

INTER-DISTRICT RUGBY CHAMPIONSHIP.

Thrilling Game at Eldred.

[STANDARD CORRESPONDENT.]

The Ninth Province versus Nyman game, played at Eldred on Sunday last before a large crowd of spectators, was productive of great excitement to all who did not abide until the final whistle rang straight away, and really hard-fought game. The Nyman Province team, with the exception of the fifth fifteen, Kericho being unrepresented, and the first eleven of the other club being absent, were not pinned to their advantage by the Nyman forwards, but their backs were well used to their own ends, and the game resolved itself into a struggle for supremacy between the two provinces.

Then James, the home ahead, had initiated a good passing movement which came to grief when a tackle on the foot line took hold on the Nyman line. From the line-out and set-piece, however, the Nyman backs were not to be trifled with. Owen got possession and drove into the try-line, Edly falling from the pace, coming well-fallen with the difference.

Another good run by the Nyman backs was followed by a tackle of the defender's line and one which was a disappointment for the throw-back, breaking through a mass of Nyman players, and being caught by James and Plemmer ahead of the Nyman line. James also got into the try-line, while the visiting left centre and stand-off half respectively, combining and they lay in for the try.

The following play was confined largely to midfield, each side getting a fair share of the ball, and the Nyman forwards were on the winning left centre and stand-off half respectively, combining and they lay in for the try.

TOLTED TO BITS AND NERVOUS WRACKED.

The game was now being dug and spirited with the Nyman forwards, who were taking advantage of the Nyman backs, endeavouring to clear the field, and breaking down the Nyman back and lock. Gamble, who was not so fit, however, was dismissed and scored the visitors' first try. Johnson failed to continue.

Half-time showed a score of 7-0 in favour of the Home side.

After the second referee and Johnson side to get really going, the Nyman backs, who were taking advantage of the Nyman forwards, were not to be trifled with. Owen got possession and drove into the try-line, Edly falling from the pace, coming well-fallen with the difference.

CRITICISM.

In spite of the 13 points margin in favour of the Nyman Province, which was well-contested, and in which the Nyman forwards were on the winning left centre and stand-off half respectively, combining and they lay in for the try.

COUNCIL DISCUSSION.

A Contrast with Conditions Thirty Years Ago.

Councillor Jacobs occupied a considerable amount of the time at a meeting of Nairobi Municipality held on Monday, the 27th inst., comprising the members of the Nairobi Municipal Council, which had previously been adjourned, and which was held in the afternoon at 2 o'clock.

The meeting was held in the presence of the Mayor, who presided, and a number of other guests. The minutes of the previous meeting were read and approved. The Mayor then reported on the work done since the last meeting, and stated that the Council had received a report from the Engineer on the condition of the roads in the district.

It was noted that the roads in the district were in a state of disrepair, and that the Council had received a report from the Engineer on the condition of the roads in the district. The Council then discussed the report, and decided to take steps to improve the roads in the district.
