Note the elements of **STRENGTH, POWER, and RELIABILITY** of **DESIGN** in the Heavy-Duty International. This same sturdy construction is embodied throughout our entire speed line.

King of the Highway

In this great automotive age the success of International Trucks stands like a beacon on the horizon. Coming into prominence like a thoroughbred destined for victory, International Harvester has scored a triumph in truck engineering and in popular approval throughout the world. The basic reason is twofold: International trucks are soundly built on twenty-five years experience in automotive manufacture — and International performance is safeguarded by a Company-owned truck service organization without a peer in the industry.

International Trucks include the 1-ton; the 1½ ton Six-Speed Special; Speed Trucks, 1 and 2-ton; and Heavy-Duty Trucks to 5-ton. Catalogues on request.

LADIES' FASHIONS.

A Letter From Paris.

(By Odette Roché.)

Since it has become quite usual for the Parisienne to spend as many weeks as possible in the country, every lady should keep a box in the house. Cleanses and cures all ailments through the bowels.

There was a long, beautifully fitting coat of brown and white checked tulle, with long sleeves, fastening with large green buttons, and a straight neck collar. There was also a draped tulle over the neck.

The Most Remarkable.

Having shown this, the magazine removed the dress and folded it into one of the coat pockets, which she took from the other pocket a fine soft green knit hat which had a little tulle on the top. Her eyes and was out low over her ear, fastening with a small bow. She worked in silk to the crown. When this hat was adjusted on the correct angle over the coronal golden waves of hair, she looked very big and very spry-appeal fastening at the temples. The dress looked like those on the coat, and a neat and simple hat with a bow at the top. The hat was the same as the hat on the coat. There was also a sleeveless blouse of heavy

Another method is to arrange a correct cutting in the hands by placing a number of wet bricks in the middle of the floor. The brick must be soaked for a few days in cold water and then, wrapped in a linen cloth. Arrange them on the floor about the room, so that you can step on them with a sharp knife with the point of a thick nail and insert a thin wire into the top of the ladder.

SHELLUBRICATION

No. 1 Selection of Crudes

The first reason for the superlative quality of Shell Motor Oil is the unlimited range of Shell Crudes.

Unlike the resources of other organizations Shell's field of selection is not confined to one area or one country—it is world wide.

Thus Shell has at its command—always—the correct crude from which to produce the exact quality of Oil required to meet any specific demand.

Shell does not exist for a mere artificial lubricating medium for any known type of Motor Engines etc.

KEVA ANGLING ASSOCIATION.
The Past Year Under Review.

The annual general meeting of the Kenya Angling Association which was held on Monday, was very successful, the Secretary, Mr. H. W. J. Martin, being responsible for a number of people who were present.

The accounts showed a fairly healthy financial position, and the Committee has had to make arrangements to make during the preceding two years a large number of alterations, alterations, stocking the rivers with fish, and heavy advertising, and heavy advertising.

The only disturbing feature was the fact that a large number of members had not paid their annual subscriptions for this year, and the President expressed a strong hope that these members would be able to do so.

It is convenient to send their cheques to the Secretary, Mr. H. W. J. Martin, who will forward them to the work of the Committee in connection with the accounts of the Association's affairs, and which might not be handed for want of funds.

The chair was taken by Mr. T. M. G. O'Connell, the Hon. Mr. H. W. J. Martin, President, and Mr. H. W. J. Martin, Vice-President.

The President's report was as follows:

Safety
Weed Tyre Chains prevent dangerous skidding accidents.

Protect your passengers, yourself and your car by carrying always Weed Tyre Chains, and they will be put on when needed.

MORE HEAVY RAIN IN TRANS-KAIA.
Deliveries of White Again Held Up.

(STANDARD CORRESPONDENT.)
Kilifi, June 15.
Just as we were about to be established for a time, they were again held up by heavy rain, and we are now experiencing daily rain, and the roads are very muddy. A number of buses which were on their way to the coast were held up by the old mud more than once. The roads are very muddy, and the conditions are very bad.
