A Subsidy for Kenya.

A few weeks ago Kenya received from the surplus balance the sum of £100,000, an amount which was applied to the purchase of agricultural machinery and other implements in order to assist the Government to meet agricultural needs. It is now reported that the Government will indeed be lucky if a subsidy of the same amount as the £100,000 is repaid in full. For some time past the Government has been engaged in a campaign to meet financial conditions, and it is not likely that it will be able to do so for some years. The Government has been forced to raise the price of wheat and other agricultural products, and to increase the price of sugar. It is now reported that the Government will indeed be lucky if a subsidy of the same amount as the £100,000 is repaid in full. CONVENTION DEBATE ON FUTURE ACTION.

In Favour of Deputation to London.

NATIVE POLICY.

Steps to be Taken to Oppose Immediate Changes.

Below will be found a report of the debate which took place on Wednesday last week, at the Convention of Association of White Paper...

It will be noticed that two schools of thought were prominent in the debate...

The motion by the Executive was moved by Sir Robert Shaw...

It might not be apparent at first glance...

It is a great pity that the Government should have been so unwise...

The speaker then went on to say that the Government should be held responsible...

Finally the most important aspect of the whole question...

The two documents definitely laid down the policy...

The organization of the Federal Council, to which we were proposed...

As to native policy, the document was absolutely original...

It will be seen, given a series of the Executive Government...

It had been agreed throughout the negotiations...

The proposals now before the committee were of such a nature...

As to native policy, the document was absolutely original...

It will be seen, given a series of the Executive Government...

Line had come to depart from the executive official machinery...

It was also necessary that they should formulate a definite policy...

It was a strong wish, however, that the policy should be definitely interpreted...

Smile

without embarrassment

Make dull teeth gleam like jewels, gums firm and pink as coral

DENTAL science now places the chief cause of discolored teeth in the food you eat. It has removed a troublesome cause in the form of a tooth powder—**Smile**—in a lozenge.

Run your tongue across your teeth and you will feel the delicate coating film. It clings to crevices and stays, it slowly cleans away from food and smoking. It hardens into ivory.

Remove film like this new way. Ordinary brushing fails to remove the film. Only by using the special procedure of science produces a light film-removing toothpaste—**Smile**—in lozenge form. It is a scientific film, so that brushing easily removes it. Teeth begin to whiten. Smiling gives for more charming. Frequent. Cost a coin a day.

the House. They were making speeches and resolutions in order to bring Tanganyika before the British people. "Whoever you may see about these things in the British press, there is no doubt if you go to the Colonies that you present Tanganyika as being at the disposal of again from the British Empire."

It was perfectly correct that if there were any right industrial organizations on the Council as members of the Government, the only way in which it could be the instrument of the Government on the ordinary lines of the British Empire, would be with the great will and consent of the Government and that the Government should put on this country the good of the Colony and towards the general good of the Empire.

Lord Dunsford said that the White Paper was wrong at its very beginning. He admitted that if the Joint Commission passed the White Paper as it stood, then things would be in a different political position.

Safe Guard.

With regard to what previous speakers had said about putting on the Government the full responsibility was all very well so long as both sides took their part in the game. But directly you put one side without their consent or agreement on the opposite side, then you are putting on a liability to which they were not consenting. You are not to be taken to that sort of thing.

It was indignantly expressed that the White Paper was evidently frightened. He said that the Government had to have a good name. He said that the Government had to have a good name. He said that the Government had to have a good name.

Lord Dunsford said that it was difficult to read these Papers. He said that he did not know what they considered the desirable course would have been anywhere to go. It was agreed that there was a place where they came in to help the other side.

Kenya Girl Guides.

ATTRACTIVE PROGRAMME FOR SATURDAY.

(Continued.)

Arrangements for the Kenya Girl Guides Grand Picnic and bonfire which is to be held in the Arboretum on Saturday. The reading space and many new attractions have now been added to the already delightful programme. Through the kindness of Colonel Wilkinson and the officers of the R.A.F. the band will play throughout the afternoon, and Messrs. Kodak (S.A.) Ltd. are responsible for yet another attractive item, a cinematographic entertainment, which is billed for half an hour from about 8 a.m. It is indeed pleasing to realize that so much valuable interest is taken in the work of the Association and the object of the Picnic—the raising of funds for the Girl Guide Camp—deserves the wholehearted support not only of mothers and fathers of Guides but of all who take even a slight interest in the future of Kenya. We can only hope that the retirement on request of last week by all and sundry will not be a hindrance to the work of the Girl Guide Association. We are glad to see so many of our members getting into the spirit of the Picnic through the gate of Mrs. Dieder's house in Arboretum Road.

Lost to Thika District.

(THROUGH BUTCHER'S AGENCY.)
PARKING OF MR. CLARKE'S OF MAKINDI.

(STANDARD CORRESPONDENT.)
Thika, July 4.
The tragedy which death from malaria of Mrs. Gladys of Makindii, Thika and Quater, Buttes Cross, Buckinghamshire, has been a great loss to the many friends in this country.

The deceased daughter of Mr. James Hird of Highmore, Yorkshire, and widow of Capt. Charles Clackson, who died on active service in 1917, Mrs. Clackson was developing a coffee estate in Thika and playing the part of her sister and lodger for Mr. and Mrs. T. Perry-Bobson. She returned to this country six months ago, and until a few days before her death had entered into the life of the Colony with undying zest and enjoyment. She was to have played in the open Thika Tennis Club this week-end in Thika.

Mrs. Clackson will be sadly missed, her remarkable tenacity and untiring good sense had endeared her to a large circle

Water Conservation.

REQUEST FOR OFFICIAL REPORT.

(Continued.)

The Convention of Associations is met on Saturday, and the following motion—"That the shortage of rainfall in the districts of the Province seriously affected the discharge of the stream and covering this Convention is of the opinion that every effort should be made to cause conservation of water by dams on the streams, the water being utilized to regulate the stream flow, and the water being encouraged to make dams on the streams to hold up the water to the extent they desire they use during the dry months, so that they may secure water they need without interfering with the normal stream discharge."

It was moved by Major Ashford for the Kenya Settlers' Association, who said it was to cause conservation of water in flood times.

Capt. F. H. Spott (Kikuyu) seconded. Mr. W. D. Dunn (Nairobi) offered an amendment to the consideration of water should be by means of an extension of the water supply to the extent they desire they use during the dry months, so that they may secure water they need without interfering with the normal stream discharge."

For the extra strain on heavy road surfaces

The Fort Dunlop Tyre has been specially built to meet those particularly hard service conditions where an extra reserve of strength is not only a safeguard—but a necessity.

The Fort Dunlop Tyre ensures longer mileage under even the worst road conditions. It is the choice of those motorists using bad roads, who want lower running costs with freedom from punctures.

THE DEPUTATION FUND.

Stirring Appeal to the Colony by Lord Delamere.

"WITH ALL THE CONVICTION I POSSESS"

The Hon. Lord Delamere, as Chairman of the Kenya European Elected Members Organisation, has addressed to the Colony through the Editor of the "Standard" this week for the first time a stirring appeal to the Colony by the Deputation to England.

My interest, which will rank as an historic document, was written as follows: "I have no personal knowledge of any of our people who are in the position of being able to do anything for the Colony, but I am sure that if we only had the opportunity of doing so, we should be only too glad to do so. I am sure that if we only had the opportunity of doing so, we should be only too glad to do so."
