## For the extra strain on heavy road surfaces

The 'Fort' Dunlop Tyre has been specially built to meet those particularly hard service conditions where an extra reserve of strength is not only a safeguard-but a necessity.

The 'Fort' Dunlop Tyre ensures longer mileage under even the worst road conditions. It is the choice of those motorists using bad roads, who want lower running costs with free-dom from punctures.

Sir.—In your recent issues, the question of clearing bats out of the house has been discussed. Having had some experience I propose to offer my advice on this question.

Bate can be got rid of from inside the roof by (1) putting a cat or two up in the roof by day and at night : As a rule cats soon kill off all the bats they can get at. Also (2) a sure cure is burning Also (2) a sure cure is burning sulphur and cayenne pepper on a metal tray in the place where the bats live. If it is an iron roof this would be easy. First of all plug up all round the tops of the walls or any openings there may be in the roof with wet mud to prevent the fumes escaping. If you start this early in the morn-ing and burn until mid-day all the bats should drop dead or faint on the ceiling when they can be killed and swept out. If all
