## Fish.

Kenya has spent some money on fish in the last few days. Some time ago an agent from South Africa, Dr. Bode, visited the country as the invitation of the Government, engaged into the project of deep sea fishing along the Coast, provided an interesting report and went on his way. # RAILWAY CONSTRUCTION IN TANGANYIKA.

## The Commission's Findings Outlined.

ADDRESS BY SIR SYDNEY HENN.

### Evidence and Report Not Yet Available.

[STANDARD'S CORRESPONDENT.]

London, November 27.

Sir Sydney Henn, who has just returned from Tanganyika, is expected to be interviewed by the East African Section of the London Chamber of Commerce and Industry, and the Department of Commerce and Industries, with a view to ascertaining the preliminary to a more intimate acquaintance with the risk attached to the railway.

It is estimated that the cost of the railway will be about £10,000,000 and that the Government will probably pay in way of subsidies about £5,000,000 in the first five years. In fact it is proposed to construct the railway in stages, the first stage being from Dar es Salaam to Morogoro, a distance of 150 miles. The second stage will be from Morogoro to Tabora, a distance of 300 miles. The third stage will be from Tabora to Mwanza, a distance of 300 miles. The fourth stage will be from Mwanza to Kigoma, a distance of 150 miles. The fifth stage will be from Kigoma to Buta, a distance of 150 miles. The sixth stage will be from Buta to Mpigi, a distance of 150 miles. The seventh stage will be from Mpigi to Kisumu, a distance of 150 miles. The eighth stage will be from Kisumu to Nairobi, a distance of 150 miles. The ninth stage will be from Nairobi to Addis Ababa, a distance of 150 miles. The tenth stage will be from Addis Ababa to Djibouti, a distance of 150 miles.

The Commission's findings are outlined in the report which is expected to be published in a few days. The report will contain a detailed account of the evidence which was received by the Commission during its visit to Tanganyika. It will also contain the Commission's conclusions as to the feasibility of the railway and the terms on which it should be constructed. The Commission's findings are expected to be of great interest to the Government and the public.

NAIROBI GOLF CLUB NOTES

England Wins the Hill Championship. STERN STRUGGLE WITH DAVIDSON IN THE FINAL

Lozer's Brilliance Overcome by Steadiness and Consistency.

The Nairobi Golf Club (Nairobi) played its annual tournament on the Hill course during the weekend of the 14th and 15th inst. The withdrawal left an entry of 160 so that on Saturday morning...

The first match to go was that of the first couple in keeping their coolness of the forenoon and not being out when it was unnecessary...

The first match to start off was between England and France, the eventual winner of the Championship...

Mr. Forster, who I think was probably, showed no mercy on the 19th hole...

A Ding Dong Battle. Mr. Stratton and Mr. J. G. Gilberd had again a fearful struggle...

Mr. Stratton and Mr. J. G. Gilberd had again a fearful struggle...

would be the meeting of Mr. England and Mr. Forster in the same match as I predicted in my last notes...

The 15th hole to have been the 15th, when played by Mr. Forster I got the impression that I felt sure...

Mr. England was on the beach, but Mr. Davidson's opponent was much too strong and the lead...

The two finalists. The last eighteen holes of the final were the finest golf that I have seen...

The final was played on Monday evening in an extraordinary manner. Mr. England in an unusual predicament...

Mr. Davidson should have had a 4 at the first green on the left and then giving up the hole...

Mr. Davidson was on top at the 9th, only to be pegged down to all success at the 10th...

match was over, but it was far from being a draw. Mr. Davidson won the 10th, and Mr. England should have won the eleventh but this was not to be.

The 11th hole to have been the 11th, when played by Mr. Forster I got the impression that I felt sure...

The Standard Family Medicine

to many parts of the world. Dr. MORSE'S INDIAN ROOT PILLS are a household remedy and the antidote for all general ailments. In thousands of homes, the little amber bottle is the sole medicine chest, for, whatever the complaint, the bottle is sure to be kept free and the process by which the home remedy must be administered to a new class of patients in the blood until in the cause of all ailments.

Dr. MORSE'S INDIAN ROOT PILLS overcome all ailments of mankind. They are a perfect blood purifier and a positive and permanent cure for Rheumatism, Indigestion, Constipation, Headache, Stomach Complaints, Croup and Kidney Trouble, Pains, Trachoma, Scabs, Itchings and Venereal Diseases.

**FAILED TO PROVIDE PROPER HOUSING.**

Employers of Native Labour Fined.

Last week two Indian companies were prosecuted under the Native Labour Order. The first was the Nairobi Municipal Corporation, which was fined £100 for failing to provide proper housing for its employees at Eastleigh. The second was the East African Trading Company, which was fined £50 for failing to provide proper housing for its employees at Eastleigh. The Native Labour Order requires employers to provide proper housing for their employees, and failure to do so is a criminal offence.

SAVE THE COUPONS!

Under such a scheme, the advertisement is placed in the paper, and the advertiser is given a certain number of coupons for each advertisement. These coupons can be used to purchase the advertiser's product, or they can be used to purchase other goods and services. This is a very effective way of promoting a product, and it is a very popular method of advertising.

**LADIES' FASHIONS.**

A Letter from Paris.

(By Diana Fane)

Hand of vertically tucked soft material, a charming, especially if you take the individual touch in the form of delicate embroidery in silk to match the suit. The embroidery may take the form of the conventional floral spray, but which certainly suggests a price, but is executed in that or other cord, circle or cable design. It is an easy style, and is very comfortable. May an enterprising woman wear a perfectly ordinary skirt or suit blouse into something delightfully distinctive by means of dainty laid-work decoration, not forgetting the charm of her face and hair.

**Make the Most of the  
Bright Days at  
Haying Time**

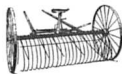

**Cut the Crop Quickly with a  
McCormick 4 1/2 ft. Cut Mower**

The McCormick Vertical Light Mower will cut your crop quickly and do a clean job at haying time. You can make the most of the bright sun with this mower in your fields—there is no delay—the McCormick is the up-to-date, reliable, light-running mower.

Every wearing part is made of the most durable material. Hardened steel wearing plates set into the cutter bar prevent wear of the knife. Worn bearing can be quickly replaced. Drop forged knife head and automatic pitman are exclusive features that make for long life and easy operation. The knife is equipped with the highest quality heat treated and tempered sections, which give a clean, shear cut.

**To Handle Hay Quickly  
and  
Effectively Use**

**The Deering 9ft. 30 Teeth  
Self Dump Hay Rake**

Deering self-dump rakes are well and favourably known wherever hay is grown because of their durability and easy operation. They dump quickly and the teeth return low enough in the stubble so that there is no hay wasted, yet they do not catch in the ground. As the rake fills the cleaner rods float above and retard the hay so that it does not roll into rope form. Deering rakes are easy to dump. Merely depressing the foot trip dumps the rake automatically. They are strong and durable and will give many years of satisfactory service.
