Dispute Concerning Selection of Delegates to London.

The East African Indian National Congress which opened in Nairobi on Friday evening broke up in disorder about noon yesterday.

As a result of faction lighting it was necessary for the police to interfere and it is understood that a special force of African sakaris who were concentrated at the scene of the truthle had to assist in restoring order by the use of their batons.

It was reported yesterday that three Indians attending the Congress were admitted to hospital while an unknown number received minor injuries.

Support for Kenya Somali Claim for Asiatic Status.

s "East African Standard" has received from Berbera, the Capital of British Somaliland, a copy of a petition presented recently to H.R.H. The Duke of Gloucester during his visit subsequent to the Abyssinian coronation.

The petitioners complain regarding the lack of edu-cational facilities while Indians receive good salaries in all the offices. They also point to the poverty-stricken character of the inhabitants through drought affecting their herds and seek improvement of the water supplies.

The suggestion of Kenya Somalis that they be regarded as Asiatics and not as Natives of Africa is supported.
