FIRST STONE IN EDIFICE OF PEACE IN INDIA.

Success of Negotiations at New Delhi.

AGREEMENT REACHED.

Manufacture of Sea Salt to be Allowed as "Nature's Gift."

Negotiations at New Delhi between Lord Irwin and Gandhi, with the object of arriving at a solution of the difficulties between the Government of India and the Congress Party, have resulted in an agreement on the most difficult points.

Following a meeting, at the request of the Viceroy, between Sir George Scudler, the Finance Minister, and Gandhi, on the question of the manufacture of sea salt, it was announced that the manufacture of salt from the sea by people living on the coast, would be allowed, this salt to be regarded as "Nature's Gift."

The relaxing of the law in this respect is not likely to interfere with the Government's monopoly.

Under the salt agreement a provisional settlement was reached on the question of restoration of the confiscated property of Congressmen.

The agreement is described as the first stone in the edifice of Indian Peace.

Confiscated Property Question.

As a result of the agreement reached at New Delhi, the Government has agreed to return to the Congress Party, and Lord Irwin has agreed to return to the Congress Party, the property of Congressmen which was confiscated in 1920.

The agreement is described as the first stone in the edifice of Indian Peace.

TRADES DISPUTES BILL

Withdrawn by Government.

AMENDMENT SEQUEL

THE GOVERNMENT HAS FORMALLY ANNOUNCED THE WITHDRAWAL OF THE TRADES DISPUTES BILL.

It will be recalled that on Thursday last the House of Commons Standing Committee by 27 votes to 21 adopted the Motion for the amendment to the Trades Disputes Bill. The Government, however, had not had the effect of making good the large number of amendments to the Bill which were generally considered that this made the Bill worthless from the Government's point of view.

The Committee adjourned to allow the Government to consider whether to drop the Bill. By the announcement the Liberal members of the House of Commons, on the other hand, were generally considered that this made the Bill worthless from the Government's point of view.

SIR EDWARD GRIGG REBUKES DR. SHELLS.

Language Injurious to East Africa.

NATIVE STATE SUGGESTION.

Ex-Governor's Passionate Retort Before Joint Committee.

A suggestion by the Under Secretary of State for the Colonies that because of the numerical superiority of Africans and Indians in Kenya the Colony should be developed as a native country led to a dramatic outburst from the part of Sir Edward Grigg during his evidence before the Joint Committee.

The former Governor of Kenya exclaimed: "It is a mistake to emphasize the question of which race is primary when it is necessary for both to work side by side. I hope that kind of language will not be persisted in since it is injurious to East Africa."

Harmful Theory.

Continuing his evidence before the Joint Parliamentary Committee on East Africa today, Sir Edward Grigg stated that the suggestion of a native state in Kenya would not only be injurious to the native population but would also be injurious to the European population.

He expressed the opinion that the suggestion of a native state in Kenya would not only be injurious to the native population but would also be injurious to the European population.

A column devoted to the interests of the Junior Branch of the E.A.F.C.A. Edited by the Hon. Secretary, Box 864, Nairobi.

I have been very busy getting our annual report ready for the Big General Meeting of the E. A. F. C. A. which took place last week. I know you will be interested to know that during 1930 the Junior Branch collected Shs. 11,067 and handed this money over to the Senior Branch. Besides this we made enough money to carry out our own work and have a balance of Shs. 497/- in the Bank. This seems to be very satisfactory but don't let us be satisfied, as we try and see if we can beat this record during the next year.

The Song of Sockley
You will be glad to hear that the Junior Branch who wanted to have a song of their own, have found a very kind and clever man, who has written a kind of song for them. It is very simple and easy to remember. It is the only way we can give the Junior Branch a song of their own. It is a very simple and easy to remember. It is the only way we can give the Junior Branch a song of their own. It is a very simple and easy to remember. It is the only way we can give the Junior Branch a song of their own.

Prix Winner
There were only a few entries for the Junior competition of the E. A. F. C. A. but the Junior Branch won the prize. It was a very nice prize and the Junior Branch was very happy to win it.

LOOK AHEAD!

Surely it is a poor spirit that is unable to see the golden lining to every cloud however dark, and although it would be possible for the present period in which we live to be considerably brighter—as surely as day follows night so surely will the boom period follow the present so called depression.

Look ahead, we say, to that time of plenty, and help to tide over the present moment by enjoying your business trips or leisure moments in care free, economical and delightful motoring as only the General Motor Products we handle can give.

WE WANT

At half time, however, the match was not so good. The forwards were good, and though beaten towards the end, had made a glorious field of 22.
