PRESENTATION TO MR. G. R. JACKSON.

Due largely to the profit of 2458 made on the visit of the Australians to Chesterfield and the receipt of £1,285 being their share of the Test match proceeds, the Derbyshire County Cricket Club last season made a profit of £378.

This compares with a loss the previous summer of £200. Sub-scriptions showed an increase of £200 but gate receipts fell off to the extent of £563. At the forthcoming annual meeting of the club a presentation will be made to the ex-captain of the team, Mr. G. R. Jackson.

Sir Donald Cameron Opposes Settlement in Tanganyika.

MAKE HOTEL FAIRTHEW PR

ing evidence beare the Joins Parliamentary Com-mittee this week, Sir Donald Cameron asserted that the reasonwhy it was now considered to co-ordinate policy in Kanya and Tanganyika was that if the nave policy inaugurated in Tanga-nyika was allowed to operate it would destroy the dream of a Whie State.

other reason, in his view, for dragging the Man-dated Territory nto a political controversy was that if Tanganyka was yoked to Kenya "some-thing might be aroused to assist in the difficult administration f Kenya."

late Governor offanganyika was particularly out-spoken with regrd to White settlement, declaring that he would not even encourage his worst enemy to farm land in he Mandated Territory unless on a large scale. In any case, he contended, there was very little lind available.

THERE ARE MANY REASONS For FORD LEADERSHIP

POWER

The power of the Ford is shown by the way it climbs steep hills and travels deeply ruited roads. In tropical rains, in deep sand and mud, it is frequently the only oar that can get through. It is made to stand up under severe driving conditions.

ACCELERATION

The new Ford is exceptionally fast on the getaway. Its quick acceleration gives you a distinct advantage in heavy traffic and is also an important safety factor when you are passing other cars on the road. Watch it the next time you're out driving.
