HEALTH work is continually being done in Uganda. The Uganda Protectorate Government is doing a great deal of work in the way of clearing the lake and well as parts of rivers inland.

COTTON was produced in Uganda in greater quantities than in the past. It is a curious fact, but none the less true and London's position would be a cotton grower in fourth in the world.

THESE were the satisfaction for N.E.A. with her work of moving inland, to reach the districts which it is alleged to have followed the Great Victoria Nile.
