THE NATIVE POLICY OF TANGANYIKA.

Sir D. Cameron's Interesting Explanation.

WHERE WILL IT LEAD ?

Scheme of Two Main Councils—Native and Non-Native.

Sir Donald Cameron provided for the Joint Committee in London, on the last day of his examination, a very interesting and in many respects, fascinating account of the basis and development of his proposed scheme of policy of indirect rule in Tanganyika.

He dealt, too, with the future as he sees it, a future in which there will have developed, from the scattered units of Native and Non-Native, eventually a Council of Natives for all Tanganyika which will perform the duties undertaken now by Legislative Councils.

For the non-native part of the scheme, a somewhat parallel system of councils with local government bodies and eventually leading to a Council of non-natives for the whole Territory.

Provision would be made for joint sittings of these two main Councils.

When that time arrived—and Sir Donald admitted that it would be in the distant future—he considered the native will have reached the stage at which he would be able to indicate in what direction, politically, he wanted to proceed—where he would have the voting system or what his genius would evolve.

Genius of the African.

(Towards the end of his evidence, Sir Donald Cameron made a comprehensive statement on the subject of this statement is as follows:—)

THE AFRICAN COMMERCIAL: London, March 27.—The afternoon session of the evidence given by Sir Donald Cameron on a native policy in Tanganyika, in his evidence before the Committee of the House of Commons, has been a very interesting one. Sir Donald Cameron has been asked to explain the reasons why he has proposed a Native Administration in Tanganyika, and he has done so in a very interesting and comprehensive manner. He has explained that the main reason for this is that the African population in Tanganyika is increasing rapidly, and it is necessary to provide for their needs. He has also explained that the African population is not yet sufficiently advanced to be able to govern themselves, and it is necessary to provide for them until they are able to do so.

Simple Responsibilities.

Visible Supply Increasing.

Ample Local Main.

The weekly market report dated April 25, issued by the Kenya Farmers' Association, indicates that there is no probability of any real improvement in wheat prices for some time to come. There is a continuing increase in visible supply which creates a feeling of nervousness among local millers. There are now ample supplies of local wheat in the country, and the market is expected to remain ample for some time to come.

The Public Has Decided

PRICES being equal, sales opportunity being equal, isn't it logical to suppose that the company which builds the most tyres does so because it builds the best tyres? Well Goodyear builds the most tyres—by millions! It has built the most tyres every year for 16 years! No need then to say that it builds the best tyres; the public has decided that.

Wouldn't this be a good time for you to do a little deciding, too—as, for example, that in the future it will pay you to say: "I will buy only the leading make of tyre!"

BRITISH MADE

1

Only Goodyear offers: **OUTSIDE**—the sure safe grip of the All-Weather Tread for quick stopping, holding on hills and sharp turns, pulling out of slippery ruts, in addition to smooth, quiet running, easy steering, long even wear, handsome appearance.

2

Only Goodyear offers: **INSIDE**—the extra-elastic Super-twist Cord Carcass with up to 50% greater GIVE-AND-COME-BACK for cushioning your riding, absorbing hard blows and delivering the maximum mileage in carefree travel.

Announcing a Display of the New Ford De Luxe Bodies

We will have on display this week several of the new De Luxe Bodies that have been especially designed for the Ford car.

The Ford Motor Company of Canada, Limited, has made available to the public a complete line of De Luxe Bodies that have been designed for those who desire something different in appearance—appointments and colors—and yet who want the outstanding performance, reliability and economy of the Ford car. The De Luxe types are in addition to the Standard and consist of Town Sedan, Cabriolet, De Luxe Phaeton, De Luxe Roadster and Victoria.

These cars, while luxuriously appointed, are still priced low in price in accordance with the usual Ford policy.

Visit our showrooms any time this week and see the beautiful new De Luxe bodies on display.

CRITICISM OF GOVERNOR OF UGANDA.

(Continued from page 1).

this attitude, which undoubtedly necessitated the other officials. The fact of the matter was that both these threemans came from the West Coast, when he understood there was no white criticism at all and when they came to the East Coast, where there was a certain amount of criticism, they resented it.

The Chairman (Lord Stanley) said he would like to ask a few questions on the Memorandum submitted by Major Benton. He referred to the reference to equality of Uganda, Kenya and Tanganyika, which he claimed had to do with land and not with the form of Government. He mentioned the fact that while the form of Government was the same, the land was not the same. He said that while the representation in a Railway Board should be an equal number from the three territories, to which Major Benton replied that there would always be a need to give and take.

The Chairman: You are representing the planists and are not represented by an Association? Major Benton: By two associations, namely the membership is about 300.

In reply to further questions he said there were only 500 to 600 white settlers in Uganda at the present time. In regard to land he said that the Colonial Office stopped it although existing land was not requested; no subsequent land was asked.

The Chairman gave a passage from Major Benton's Memorandum to the effect that Conference between the three Governors had not been altogether successful and the settlers hoped this Conference would be extended to include non-official representation.

Asked how he contemplated an extension of the Government, Major Benton said he did not see why they should not be extended by a Ministry of the Empire. He said that the Government should be extended to include non-official representation.

CRITICISMS OF GOVERNOR OF UGANDA.

(Continued from page 5.)

He had heard the Council had resolved to elect the Council for Robert Hamilton (Liberal) about the proposed Standard. He thought it should be added to the Council. He thought the latter was a most useful institution.

In regard to the resignation of an Advisory Officer representing the Secretary of the Government should attend the Governors' Conference as to keep the Government in touch with what was said. Major Benson had been a most admirable idea, he thought it would be better to have the projection of the Secretary of the State and not have executive powers.

The M.H.C.
 Mr. Robinson stated as if he felt any objection to the general principles laid down by the Government in regard to the reference in the memorandum to co-ordination of native policy and Sir William Geiger's report on June 1, 1929, to the memorandum.

Further questioned on the point he said he did not quite grasp what co-ordination of native policy meant. He enquired of 14 different tribes, and they all had different laws, and they had different customs. He thought there was a great deal to be learned from the experience of other countries. He thought some differentiation should be made between Uganda law and different parts of the Empire.

Answering Lord Cromwell as to whether he and his friends were any advantage in the White Paper, Major Benson said so. Not with Tanganyika though possibly with Kenya.

White Settlement.
 Questioned by Lord Cromwell (Conservative) about the land in Uganda suitable for white settlement, Major Benson said he rather a difficult question. It was prepared for the Council with a view to a long time. He said that he had not the slightest doubt that Uganda in time would be another Kenya.

Questioned about the Japanese and tobacco. He said that all this cotton was going to be used in Japan. He said we were traders like the Indians. He thought that the Japanese were not only in the country, but they were in the political part of the country.

Questioned about the Government's plan to limit the number of the Legislative Council members, with his thought that the Government should be represented more directly on their own institutions than the feeling was insignificant.

Lord Phillimore (Liberal).
 Answering Lord Phillimore on the representation on the proposed Advisory Council, he agreed that there should be Europeans and Indians but he did not think Africans were represented. He thought that should be on it but he thought that would be a very good thing to have in Uganda a man capable of understanding railway management.

Lord Phillimore (Liberal).
 He thought that the Government should be represented more directly on their own institutions than the feeling was insignificant.

With regard to native procedure he did not see any objection to it. He thought that the Government should be represented more directly on their own institutions than the feeling was insignificant.

CRITICISMS OF ROADS IN TANGANYIKA.

Memorandum to Joint E.A. Board by Sir S. Henn.

A RAILWAY ROUTE.

A memorandum on the Tanganyika road was read by Sir Sydney Henn. It was a memorandum to the Joint East African Board.

Two items can best be dealt with together. Taking first the question of roads, in the report of the Secretary of State dated 14th and 15th of the Report of the Railway Commission which dealt with the subject of roads and points of interest that the Commission had sought the opinion of the Government as to the advisability of the road system of the extensive programme both of road construction and of the railway.

Further questioned on the point he said he did not quite grasp what co-ordination of native policy meant. He enquired of 14 different tribes, and they all had different laws, and they had different customs.

Answering Lord Cromwell as to whether he and his friends were any advantage in the White Paper, Major Benson said so. Not with Tanganyika though possibly with Kenya.

THE COFFEE BOER HILL

To the Editor, "E.A. Standard." Sir—The article in the Coffee Hill...

As all plantations are bound to meet the expenses of the Coffee Board and the Plantation...

I myself am a member of the C.P.U. and I feel that it is my duty to everyone to join it...

Probably, the Council need not select members for the Board from its own members...

In order to put matters straight and it is difficult to see how this can be done without making the membership free to them.

Yours etc. M. S. H. MONTAGU. Kyanba, April 23, 1931.

ABORIGINAL SOCIETY—CONDITIONS IN BURUNDI.

To the Editor, "E.A. Standard." Sir—You were good enough to publish recently a letter from me, in which I urged Mr. Harris to turn his eyes from our own...

proving to be the most disgraceful that has been known in the history of the world...

To a large extent a recently won victory is in the Government's hands. By nothing from the South...

To the Editor, "E.A. Standard." Sir—In your weekly edition of the 18th April, Mr. John H. Harris takes me to task because of my "opinion" and statement...

This is no party question. It is without doubt the most important in the political world...

and brook no restraint, and who, in the face of the obvious, insist...

It is not to relax the misery and suffering in the world, I am with you every time.

Yours etc. R. W. McDONNELL. Nairobi, April 23, 1931.

thoughtlessness or design. All I wish to say is that I am sorry for the white race that is being brought down to earth...

Mr. Harris appears correctly that I am one of those who never cease to wonder how it is possible...

The Political Situation.

GENERAL ELECTION NOT YET IN SIGHT.

The "E. A. Standard" London correspondent in a letter dated April 2, received by air mail, states that the Government would not take any step likely to lead to a general election before the end of the year. The Liberal Party, he writes, has no more attempt to get their own man elected than the Government has to get its own man elected. Both sides are waiting for the other to make a move. The Conservatives have not yet made any move, but the Liberal Party has only to make a move to force the Government to make a move. THE SPORTS PAGE

The first of the season's classic races will be run at Newmarket on Saturday, when the 'Two Thousand' will be contested.

The race, which was first run in 1870, has only been won by a filly on one occasion, the last victory being the ever famous 'Euphrates' in 1929.

Sir Alec Bailey's 'Portia' will undoubtedly start a powerful favorite for the 'Two Thousand'.

Whitcombe and Montagu Stables. The Montagu stable has 'Trojan', 'Link Boy' and 'Princess' to discuss in this week's column.

The Free Handicap. As far as I am aware 'Jacopo' has the best claim to the title of 'Portia'.

Final Selections. I have put up my mind to run my horses on the basis of the following principle: I will only select jockeys who are classically good and also tend to stay the distance.

On the occasion when the girl appeared on a race course, her name was Miss Mabel. Her name was not long afterwards to appear in the 'Sporting Chronicle' as a representative of the family from which 'Marian' was bred.

World's Boxing Title at Stake. CANONICAL KNOCKS OUT KID REID. THROUGH SEVERE'S AGENT. The fight between the American and English boxer was a very interesting and attractive encounter.

Durban July Handicap. THIRTY-SIX NOMINATIONS RECEIVED. Mr. M. Beaton, the Nairobi correspondent informs us of the progress of a cable giving the full particulars for the Durban July Handicap.

SPORTS DIARY. April 2-5 May: British Handicap Tennis Champs. May 6-10: Wimbledon Tennis Champs.

Handicap was the first occasion when they were brought into the race-official's side.

There were few of the lighter touches of ringer on Saturday, although Malcolm Stairs did, but best on one occasion to introduce something of the kind which caught Malan in possession.

Considering the number of times the Official's panel possesses of the ball in the arena, they stand about at the close was hardly commensurate with the advantage gained in this department.

Swain, who played for the Official's panel on Saturday was a really good player. He had a good eye, and he had speed with it.

He has now been figured in the penultimate stage of the Amateur Handicap, which is the final stage of being club champion of Nairobi, Mombasa, and Malindi.

McMILLAN CUT TENNIS. Railway defunct Keble in the McMillan Cup tournament on the weekend. He had a good eye, giving him a net 72, which, under the conditions prevailing on Sunday was something of a good pool.
