Twill buy only a leading make of tyre?

Goodyear builds many millions more tyres each year than any other company.

People buy these tyres because they realize that to attain and hold such prominence Goodyear necessarily must offer the public outstanding value.

This is true for Goodyear leads just as definitely in value as it does in sales.

In fact Goodyear's leadership is supreme in every measure.

Over the years Goodyear has made more tyres than any other manufacturer—by millions.

And today Goodyear still makes more tyres than any other manufacturer—by millions.

Goodyear's tyre business is increasing faster than any other manufacturer's by —millions.

More people the world over ride on Goodyear Tyres than on any other make—by millions,

There must be definite superiorities in Goodyeau Tyres to explain this impressive leadership.

There are and because Goodyear is making more tyres than any other manufacturer in the world, you can enjoy these superiorities without extra cost.

The famous All-Weather Treads is superior in traction. Note how the deep-cut, tightgripping blocks are placed in the centre of the tread where they belong. Frest the palse, all your, hand upon this tread and feel how the blocks grie and pinch the flesh. This illustrates the All-Weather Treads' Indidition.

The Supertwist Cord Carcass is superior in vitality and long life. Under a continued flexing or saiden road shock, where continues cord futigue or maps, the extre-shatic Supertwist Cords stretch and recover, like rubber had your Guedysar Dealer to show you on the card-testing machine the extra tretch—up to 60% greater—of Supertwist cord over the best standard.
