### RAILWAY'S BURDEN IN HANDLING EXPORTS.

Cotton and Coffee the Only Paying Freight.

1930 LOSS: £287,000.

Five Years' Deficit on the Branch Lines, £507,984.

ics prepared for the Railway Advisory Council d included in the 1820 Report by the General anager constitute the first attempt to show the ses and profits on the Railway transportation of main agricultural export commodities from any and Uganda.

eneral Manager says the problem is: "To what tent can paying traffics continue to subsidise a paying traffics", and he suggests that the area in his report form a basis for impartial ignent.

5 the Ballway loss £237,177 on the all-in trans-or cost of Maize, Barley, Wheat, Ootton seed, al, Ootton and Cories—the only freight showing profit being the two latter crops. In 1929 the profit being the two latter crops. In 1929 the Bast, particularly on maize transport, greatly creased last year.

innage of maize transported increased by 198 per at, and of Wheat by 230 per cent.

traffic revenue fell by 11.19 per cent. but torninge by 5.74 per cent. only. Passenger traffic was down.

less on Branch Railways during last year was 1207,336. That figure compares with a loss of only 755,718 during the previous year. The more traffic the branches carry the greater the loss, due to the fact that the bulk is low-rated commodities.

the General Manager points out that these ranches are essential for the proper development of the districts and provide much cheaper trans-port than could be offered by road services.

Eight Points in Official Memorandum.

THE WHITE MAN'S "PRESTIGE".

Respect Only for Europeans Who Are Worthy of It.

is a long memorandum submitted to the Closer Union Com-mittee, Arr. P. C. Bitteett, Secretary for Native Arriers, Tangha, Jand emphasis on the rottown points on which he said, there was a strong and widely distributed body of Native opinion:

The only authority understood or recognised by the natives is that of Lis Majesty's Government exercised through the Governor.

Natives should be consulted on policy and legislation

 The continuous development and the present system of Native Administration should be guaranteed. i) The British judicial system should be examined with a view to reiorms designed to make it better under-stood and more accessible to native litigants.

The law should make native land secure because any assertion of Crown ownership superseding and inter-tering with tribal ownership and rights would be resented.

Natives everywhere should be at liberty to grow any scope they find probtable.

The natives would regard as false any suggestion that political forms are necessarily superior because they are based on the assumption that white men, because they are white, are necessarily superior.

No form of Closer Union with Kenya is desired but would not be strongly opposed provided there was no diminution of the direct authority of H.M. Govern-ment. In Bukoba the opposition would be very strong, and directed mainly against Uganda.

and—like "Johnnie Walker"—still going strong, and each one good for at least 100,000 miles. This is the record of two Goodyear Heavy Duty Truck Tyres in Uganda.

Fitted to a Daimler truck seven years ago, these tyres have withstood the gruelling wear imposed by heavy loads, constant cornering and braking; on road surfaces which are noted for their abrasive action on the treads of tyres.

Here is an unsurpassed record of tyre mileage made on East African roads—under unfavourable conditions of temperature and road surface.

Goodyear has never sold tyres on the basis of mileage claims or records, but if you are interested in, or influenced by mileage performances, we have an imposing list of authentic mileage records which may be inspected at our Sixth Avenue Offices.
