THE stanting windshield of the Ford Victoria won so much praise that a similar windshield is now standard on the new Ford Town Sedan. It emphasizes the Ford's flowing lines, adds dis-tinction to an already distinguished car. The glass is shatter-proof, of course.

The de luxe interior of the new Town Seda: serves special mention. It is richly upholstered able cloth. The body is longer than fororly. Both seats are wider, the backs are higher and thicker, the rear cent is deeper. The rearer windows may be lowered if desired
