of increased unemployment. The figure are still not sufficiently low to give much as could be expected of this year.

The fact that the "new" Government was forced to take over from the old Government, when the latter had a comparatively short life for it would seem to be a disadvantage to several party conditions. It is a disadvantage which has been noted by those who have said that "it is impossible to have a Government which has a comparatively short life for it."

It is to be expected that the Government will be watched lest they become oppressive.

A War Legacy.

"Why, Mr. Macdonald said in the world in such trouble."

He explained that during the war so many nations party spent much money and now they were faced with the results. It was a well-known economic law that no good thing anything lasts but he had to be paid for later on.

"During the period of trouble," he said, "the Government are being asked to do things which are not based with many many millions have been expended and to meet these things they have given a loan."

Officials vs. Settlers.

ANNUAL CHICKEN MATCH OPENS TO-DAY.

Today will see a start made in the annual chicken match between the Officials and Settlers on the ground of the Officers Club. The game will commence this forenoon at 11 o'clock, and will conclude on Sunday.

The Team.

The following are the teams—

Officials.

Gen. G. D. Rhodes, P. de V. Allen, C. J. T. Barton, S. P. J. Cowar, C. M. Dervell, R. H. Henson, R. J. C. Howe, H. H. Low, P. S. Osborne, M. Walter, P. W. Waller.

Settlers.

B. P. W. Scheffeld (Nyas), Y. Beattie (Mombasa), J. P. P. Hill (Kisumu), K. H. Crawley (Berber), F. G. Harrington (Nyas), R. H. Henson (Uganda), A. H. Kottler (Pangani), R. O. Mayers (Setti), V. D. Pollock (Mombasa), G. C. Scheffeld (Kisumu).

PLATEAU GOLF CHAMPIONSHIP.

An Entry of 32

DRAW FOR WEEK-END PLAY.

"WANDARU" correspondent's column, Oct. 3.

A start will be made with the Plateau Golf Championship to-morrow. There has been an entry of thirty-two, including last year's winner, Claude Ward, who ran into the windfall of the Amateur, only to be beaten by the ultimate winner, B. Perrett. The holder appears in the top half of the draw, where such other holders as Gilman, John and Roberts appear. In the bottom half are Le Blanc Smith (Dicks), James (Gill), Swan (Kisumu), and Hunter (Gill). Local knowledge counts in affairs of this nature and while Roberts has been coming out form late, at Kisumu and Eldoret, it seems more than likely that the holder will retain his title.

The following is the draw—

Adams vs. Mackay, Gilman vs. Vennart, Hall vs. Philpott, Chomson vs. Arnold, Macpherson vs. Soko, Grant vs. Roberts, Ross King vs. G. Wright, Bird vs. Cooke, Holt vs. Hilder, Oast vs. Hester, Hineson vs. Pott, Barrett vs. James, Althous vs. Swan, Collins vs. Le Blanc Smith, Sprynger vs. Burton.

Platoon Shooting in Kenya.

"WANDARU" correspondent's column, Oct. 4.

The platoon shooting has now started, and under very convenient local conditions of gun, or along the shore line, large flights of pigeons can be seen most evening. It is quite easy to get four or five guns, standing round some suitable place, to get a hundred pigeons, in an evening, between five o'clock and dark. And it is a very pleasant diversion after a working day with locusts on the farm, to be able to enjoy this sport.

Cause of Emergency.

For instance, it is impossible to social when there is the least bit of value of the pound sterling. The House of Commons must be empowered to say that Government would have a clear majority to deal immediately with any emergency, which might "consequently" involve to peace and revolution.

The immediate "consequence" of emergency was essentially sound and was not a "consequence" of the Government could make that plain.

"To achieve this end Government will have to enter into international conditions, and in dealing with international problems must be able to work in security of regard for the harmony with the country involved."

A Heavy Task

"It is not this great and heavy work that the Government undertake." You will agree with me, I just like that of a person who is living above his income. To do so is for a time by using his capital and finally borrowing. His final, he cannot say his debts and is done for, to have determined to balance his imports and exports.

"We shall try to improve our capital, which is the best way, and to reduce the value of our imports. To do this it may mean the introduction of tariffs, but we must be ready to lift them to help when that expedient must be used and how it is to be used."

"The Government wishes to be a position to take the most serious measure that the situation demands from time to time, and also the country to give us power to do so. Government proposes simply to watch the effects of any steps taken on the cost of living and will take strong measures to guard the consumer from excessive prices."

going to get for them. When the worker brings home his wages his wife must know how much bread and cheese it will buy. If it were not being imposed by and one pound of what we did last August show it at the price both.

"You may have been irritated by 'costs' and 'costs' by taxes. Just you Trade Unionists, you working class wives, if you can only reduce how much this other concern you, you will be the first at the polls to support the National Government."

"Our duty is plain—the nation first."

"I would that every party could pick up and make the world, but make a nation united. The however is not to be. But let members of all parties see that the Government receives from these hands ample authority to complete the work which it has so well begun."

You can't fool the Public for 15 Years

When anyone makes an unproved claim ... when you become confused with wild promises of mileages ... when you begin to wonder if the grass over the fence is really as green as it is painted ... REMEMBER ... that for 15 years the motoring public throughout the world has shown an overwhelming preference for Goodyear Tyres ... and that the public cannot be fooled for 15 years.

When more people ride on Goodyear Tyres than on any other make, there must be a reason for it, and there is!

Each year for the last fifteen years Goodyear, to meet the overwhelming demand from motorists, has produced more tyres than any other manufacturer by millions.

YOU CANNOT BUY A BETTER TYRE THAN A GOODYEAR. ... You cannot buy a first quality tyre cheaper than you can a Goodyear. If you belong to that small and steadily dwindling body of motorists who do not use Goodyear Tyres, why not change over to the New Heavy Duty Goodyears when next buying tyres, and find out for yourself why it is that in East Africa, as well as throughout the world, more people ride on Goodyear Tyres than on any other make.

INVESTIGATION NEEDED INTO UNION FINANCES.

Conference of Business Men Urgent. A CRITICAL SITUATION.

Protest Against Recent Trade Treaties.

At the opening of the Congress of the South African Associated Chambers of Commerce, held at East London, Cape, recently, Mr. W. M. van der Merwe, presidential address gave a comprehensive review of the trade and financial position of South Africa.

During the course of his remarks he strongly criticized the trade treaties recently entered into by the Union Government with Netherlands, Japan and Belgium. These treaties resulted in unfair competition with local industry.

The commercial community was not opposed to trade treaties, but they did protest against Government entering into trade negotiations without consulting the commercial community. These negotiations should leave trade matters to be dealt with by traders.

He expressed alarm at the present financial situation, which has resulted in inflation. The deficits in the Budget, Railway, Provincial Councils and Farmers' Relief would never have occurred if previous had been observed and financial emergency had been averted.

Other Dominions and countries had given up schemes involving loan expenditure and had made other economies. Political leaders in South Africa, however, had refused to compromise, hoping for confidence to turn up to justify their refusal.

After reviewing the situation, Mr. Munné appealed to Government to call together a conference of business men, with the Government fully represented, as well as the various State departments in order that a report could be framed (a). On the program included provincial finances; (b) On the Railways; (c) Government undertakings; and (d) the Government's financial policy which would be considered.

He put this forward, he added in a spirit of sincerity and goodwill, but the matter was urgent, and there was need for a policy of "do it now."

MR. LLOYD GEORGE WITH LABOUR.

Combination to Oppose Tariffs.

A LIBERAL SPLIT.

Opposition Issues Election Manifesto.

The Labour Party has issued its election manifesto, which generally follows the traditional Socialist programme. It advocates the nationalisation of the country...

Mr. Lloyd George has also issued a manifesto denouncing the Conservatives for having plunged the country into a general election. Following a conversation with Mr. Arthur Henderson, during the week-end Mr. Lloyd George has agreed to co-operate with the Labour opposition during tariffs.

This action means another split in the Liberal ranks, as many of the Liberal Members of Parliament have already announced their support to the National Government.

Mr. Edward Grigg, late Governor of Kenya, who was a prospective Conservative candidate for Leeds Central, has decided to withdraw as the retiring Labour member is a supporter of the National Government and will be fighting an opposition Labour candidate.

Mr. Ramsay MacDonald will be opposed at Seaham by the Secretary of the local Labour Party.

E.A. PRODUCE ON LONDON MARKET.

Big Wheat Harvest in Germany.

Booms Assistance.

Harvesting conditions in Europe this year are the worst for 25 years, according to the report of the Kenya Farmers' Association Ltd. for the week ending October 5. The continental variations in the exchange have to some extent made it difficult to give firm values for wheat, while large German stocks are being put on the market.

The following is the report—Wheat. The continental variations in exchange have to some extent made it difficult to give firm values of wheat on European markets.

Germany has been a big producer of wheat and with assistance by an export loan from Government on the growth this wheat is being put on the European market.

Per half dry wheat the German Government has made a large advance of 7,000,000 marks from the American Farm Board on hold in credit.

The American Farm Board has also made a large advance of 10,000,000 marks of wheat. The trade generally is glad to see these large movements of Farm Board wheat.

Harvesting conditions in Europe have been very bad indeed and throughout England state that the conditions have been the worst experienced for many years.

There has been a definite reduction of 14 per cent in Spring wheat sowings of U.S.A. The indications are for an advance in wheat prices and the Prime Market shows an estimated advance of 10 per cent, by March.

East African Cereals are valued at 25/4.

LANCASHIRE COTTON TRADE.

Improvement During Last Fortnight.

MORE HANDS EMPLOYED.

(By WALTER REUTHERS, AGENT.)

(By WALTER REUTHERS, AGENT.) Manchester, October 9.—At a meeting of the Overseas Trade Development Council a representative of one of the large Lancashire organizations stated that the number of their employees during the last fortnight had been increased by 2,000 hands. It was suggested that this figure would be further augmented as four mills had been reopened and others would restart in consequence of the increased supplies both from Home and Overseas markets.

Corona!

Well, you can have one—it isn't hard to buy and the chances are that it will well pay for itself.

You know, better than anyone, how much you need it. But even you probably don't realize how much you would use it if it were right on your desk, handy at all times.

Now is the time to buy. There are several new features and refinements on the latest Corons so that it is unquestionably one of the biggest typewriter values on the market today.

"ON THIS DAY."

OCTOBER 12TH. (Friday October 12th)

High Miller, writer and geologist, writes, October 12th, 1922. This gentleman popularly registers his views on the conditions of the world and his own life.

High Miller, who was once a member of the British Empire, writes, October 12th, 1922. This gentleman popularly registers his views on the conditions of the world and his own life.

As a definite failure, and much more wonderful Miller's personal story is also as fascinating. Apparently, he was a well intentioned man who had formed an association with the natives of the village, led to a head of his own, and was a man of high character.

Locusts are again with us, all of this flying variety. It is a very large and numerous between Kampala and the coast.

Mr. William Blackwell of Crestwell Lane, Hatton, Middlesex, had an unusual and unpleasant experience the other day. He was sleeping in his garden when a lamp came down on top of him. The offending machine was piloted by Mr. Blackwell's right hand, the Hatton, was piloted by Mr. Blackwell's left hand.

Plague of Grasshoppers. THREATS TO AGRICULTURE. SOUTH AFRICA.

From a recent article in the American newspaper it appears that the distribution of grasshoppers on farms in the western area of the United States is considered at the present time.

The article explains that hungry hordes of grasshoppers (a sort of locust) have been seen in the west of the United States.

The article goes on to explain how the various insect pests in America have caused a loss of millions of dollars from time to time.

The common or garden grasshoppers, however, it is explained, have now hatched all the eggs.
