ITALY'S INITIAL MEETING.

An Ambitious Occasion.

Italy's first race meeting, held on Saturday, December 27, was a very important occasion that may appear at first sight, it is always held in the hope of the success of the District, but it has been realized how many have been there in the district which have never attended in any way from their stay amongst.

When the question of holding a sports meeting was first raised, it met with a cordial amount of opposition, but Mr. Hill and Mr. G. Clark were to be fore-handed, and it is only due to them, two that we have not only had our first race, but our first race forward to see, if it was a success.

The weather, though hot, was perfect, and there was a very large number of local settlers while the Italian was a large contingent of visitors and helped us with the occasion.

First Race.
THE HUNTER'S CUP. of Shs. 50; to the winner; Shs. 20; to the second; Shs. 10; to the third; 4 forelegs.
Mr. E. Hamner's PUFFIN. 1

GRIEVANCES IN BRITISH SOMALILAND. Petition by People to H.R.H. Duke of Gloucester.

NO EDUCATION FACILITIES. Support for Kenya Somali Claim for Asiatic Status.

The "East African Standard" has received from the Central British Somaliland a copy of a petition presented recently to H.R.H. the Duke of Gloucester during his visit subsequent to the Abyssinian coronation.

The petitioners complain regarding the lack of educational facilities while English receive good starts in all the schools. They also point to the poverty-stricken character of the inhabitants through drought affecting their herds and stock.

The suggestion of Kenya Somalis that they be included as Asiatics and not as Natives of Africa is supported.

A Passport Difficulty.

During his recent visit to British Somaliland the Duke of Gloucester was the recipient of a letter from the British Consul at Berbera, in which the Duke was informed that the British Government had refused to issue a passport to a certain Somali.

The Duke of Gloucester has been informed that the British Government has refused to issue a passport to a certain Somali.

Good Equipment Makes

Good Farmer Better

McCormick-Deering

**Ball Bearing
Cream Separators.**

Cream Separator experts say:

"One of the most common causes for loss of butterfat in cream separators is skimming-horn misadjusted, caused by old-fashioned plain bearings that bind and drag and make the machine hard to turn.

It is easy to run the McCormick-Deering Ball Bearing Cream Separator at the right speed to get all the butterfat. The ball bearings and automatic sliding eliminate friction. No clogging—No loss of profit.

Call and look over these separators on our floor. We handle four sizes from 40 to 100 gallons approximately per hour.

McCormick-Deering

**Posho Grinder
AND
Flour Mill.**

The GYRO MILL—latest machine of this type recently imported by us and which has taken the European Market by storm.

Perfectly clean Posho or Flour ensured on account of all grains being SIFTED by the mill after passing through the stones and before bagging.

The mill is so built as to be operated by a large range of Power—anything from 2 H.P. to 7 H.P. will drive this mill.

Call and see this machine in our showroom and we will be pleased to explain same fully to you.
