FINANCIAL DEPRESSION IN AUSTRALASIA.

Drastic Steps Proposed by Governments.

INCREASED TAXATION.

Civil Service Salaries to be Cut by Ten per cent.

Drastic steps to improve the financial situation are being taken by the Governments in New Zealand and Australia.

A Grave Statement.

Wellington, February 11. A grave statement regarding the financial and economic situation in the Dominion has been made by the Prime Minister.

Mr. Fisher declared that public service salaries and wages of all services, including those of Cabinet Ministers and Members of Parliament, will be reduced by 10 per cent. from April 1, while the wages of men engaged in public works are to be reduced to 8 1/2 per cent.

It is anticipated that apart from the cuts, the deficit for the year will possibly amount to £2,000,000, and the value of the national year will probably be 10 per cent below that of 1919.

For the next month's dividend in the case of the last annual year is to be paid in full, and it is expected that the Government will have to raise the rate of interest on the loan to 10 per cent.

It is further stated that the Government will have to raise the rate of interest on the loan to 10 per cent.

It is further stated that the Government will have to raise the rate of interest on the loan to 10 per cent.

AUSTRALIAN BANK DIVIDENDS.

It is expected that the dividends of the Australian banks will be paid in full.

To be Paid in Currency of Commonwealth.

It is expected that the dividends of the Australian banks will be paid in full.

DEATH OF INVENTOR OF THE TURBINE.

One of Britain's Greatest Engineers.

It is reported that the inventor of the turbine, Sir Charles Parsons, has died.

DEATH OF INVENTOR OF THE TURBINE.

One of Britain's Greatest Engineers.

His Holiness Broadcasts.

First Talk Over the Wireless.

His Holiness the Pope made his first broadcast over the wireless on February 11.

Death of Former War Minister.

London, February 11. Sir George Balfour, former War Minister, died at his home in London.

Central Authority of the Spot.

Sir E. Hilton Young's View of East Africa's Need.

Whitehall to Remote.

To Control Adequately Native Policy.

The establishment of a Central Authority in East Africa to coordinate and control common services in the three territories was urged by Sir Edward Hilton-Young in evidence before the Joint Committee.

He declared that Whitehall was too remote to exercise adequate control especially in regard to native policy which should be controlled by informed people on the spot.

The view that Asiatic would be squeezed out of East Africa by the natives was also put forward by the witnesses before Committee.

British Request to Continental Nations.

London, February 11. The British Government has made a request to the Continental nations regarding the situation in East Africa.

Death of Former War Minister.

London, February 11. Sir George Balfour, former War Minister, died at his home in London.

Mr. J. H. G. ... The meeting was held in the evening and was attended by a large number of members and guests. The report of the year's work was read and found to be most satisfactory. The society has made considerable progress in its work during the past year.

THE UGANDA COTTON MARKET.

Several Sales and Falling Prices. The Uganda Cotton Market has been very active during the past few weeks. The prices for cotton have been falling steadily since the beginning of the year. This is due to a number of factors, including a large supply of cotton and a decline in demand.

Mr. J. H. G. ... The meeting was held in the evening and was attended by a large number of members and guests. The report of the year's work was read and found to be most satisfactory. The society has made considerable progress in its work during the past year.

THE LURE OF THE COP.

Charles Still Warning. The Uganda Farmers' Association has issued a warning to its members regarding the lure of the cop. The warning states that the cop is a dangerous and deceptive character who will do anything to get his hands on the farmer's money. Farmers are advised to be on their guard and to report any suspicious activity to the authorities.

Mr. J. H. G. ... The meeting was held in the evening and was attended by a large number of members and guests. The report of the year's work was read and found to be most satisfactory. The society has made considerable progress in its work during the past year.

GOOD EQUIPMENT MAKES A GOOD FARMER BETTER

**BIG CAPACITY DRILL THE LAST WORD IN
Saves Work, Time & Money Planter Design**

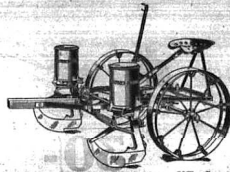

The McCormick-Deering 20-Furrow Tractor Drill

Big and strong for tractor use. An extra large grain hopper helps you seed more land with fewer stops for refilling.

Bag-proof construction. Frame of rigid angle-steel beams forms a bridge-like support for the grain hopper.

Light draft. The 20-furrow power-lift McCormick-Deering grain drill rolls smoothly on dust-proof bearings and easy-running steel wheels.

Simple, accurate power lift. A slight pull on the rope sets the clutch in action. One operation of the clutch lowers the discs and applies pressure. Another operation returns the discs to a raised position. The lift automatically throws the grain seed in or out of gear.

Before Planting Time, Make Sure YOUR Planter Is Right

The McCormick-Deering planters combine old, time-proven principles with a simplified design which ensures greater accuracy—a wider range of adaptability; and easier ways of adapting the planters to the different requirements which arise a number of years to perfect this combination. The result is a series of planters, which have no unified features. Their superiority lies in the manner in which these proved principles are combined and applied.

The main and-outh and fertilizer attachments are of an improved design, and can be quickly installed. If you are looking for a Main Planter that plants accurately, quickly and with a minimum amount of attention, you can and your search because we have it.
