senses of our a half were in many are in companion in world, marked was in companion in world, marked was in companion in world, marked with the control of the product of the first of the control of the product of the control of the product of the control of the product when and different proposition. The circumstant of the control of should be studied. Another magic-tons is sustained through uncon-trolled road competition. On a conservative basis, it may be assumed that the losses to the Rallway since this competition developed must be in the region of £150,000. Last year sloos-they were £70,000. The retort may be that he failway should kill the competition by reducing its rakes. The coupler solution is

system as a unit, both road and rail, and in the interests of public finance to institute a system of control which, while eliminating public financial loss, encourage the development of road transport in areas not served by the Itali-ways. Yet in the face of these serious losses, Kerya continues to waste time in discussion when finally in all important. No hum-family in all important. No hum-family and important is a finally

pendence upon one or two large insulated trucks. By such a means we foresaw a development tem together with stringent eco-nomy in working costs. It is not enough to abandon better-ment programmes, to reduce staff and cut services. The real prob-lem which the Bailway should try to solve is how to receptur-the payable traffic it has allowed other competitors to filed from

Lectures by Experts.

LACK OF PUBLICITY AT ELDORET.

Burnt Forest, March 21. As far as local farmers ar concerned there was a very good reason why few attended the feetures on the Eldoret Show Ground during the recent Show At the very same hour farmers were attending an important meeting in the town itself, the date of which had been settled a month previously.

Incidentally the first they heard of the lectures was niter their arrival on the Shou Ground. Had the lectures been given more publicity doubtless another hour would have been ar-ranged for the meeting. Until one purchased a catalogue of the Show one was not aware of the show programme and many people even then did not look at anything in the catalogue beyond the aections they were interested

SATURDAY, APRIL 18, 1911 Train Derailed PASSENGERS FOR COART DELAYED

The detailment of a goods train running ahead of the down mad of last week, necessitated a slight reorganisation of service to Mombasa, in

order to enable passengers who were bound for Europe to commed with their boat. The mail train was expected in about 10 o'clock, but is The man train was expected in about 10 o'clock, but in the meantime, for the benefit of passengers, a special train was started at Nakuru and reached Nairobi about 2 p.m. From the capital a special train left at "Mantola," wnich, as of the railway authorities, been held back in her sailing. One result was a temporary

The Air Mail. COMMANDER GLEN RIDSTON'S CRITICISMS.

To the Editor, "E.A. Standard."

Sir.—Almost twelve months ago you published a letter of mine in which I styressed certain mingrings as to the type of air-air mail service. The local representative of Imperial Airways issued a reply calculated to maintain public confidence, but the cocons breakdown of the iar mail service. The standard public confidence, but the cocons breakdown of the iar mail managements proven that my ways, who are using all-British machines.

While the London-Cape record dight was a magnificent scherement, it was not a commercial proposition and does not of course, demonstrate anything practical in connexion with a mail service. To carry out such a service in asfety service within a few weeks of the inauguration proves that my fears were well founded.

I, therefore, beg further to en-roach on your columns, on this same subject.

At Kisumu at this moment,

constraint with a male interior. To provide the health of the control of the cont Al Ximmu at this moment, leat well's air mails are still lying, here, and from all than I have seen, they and any fallowing have seen, they and any fallowing amount of the seen of the se In the case of "stunt" flights the organiser can choose his own time. I do not agree with Commander Glen Kidston that the mail service should be suspended. It must obviously be experimental in the early stages and I hope that the public of a British Colony will not be used to support a British Committee of the case o

Spinos and a Toru Bill as not a high of processing and the result of the control There has been a sharp decline in the value of make on the world's market, states the week-ly market report of the Kenya Farmers' Association, owing to the falling off in demand and pressure to sell from the Argen-tina.

The wheat situation, while steady, is still over-shadowed by steady, is still over-shadowed by uncertainty in regard to the dis-posal of accumulated stocks of the American Farm Board. The following is the Kenya Farmers' Association's report, dated April 15:—

The large stocks of exporting countries, especially in the United States, continue to exert United States, continue to exert a dulling influence on the wheat trade, but European buyers continue to come in occasionally for fair quantities and there is a good Oriental demand, which latter absorbs good quantities of China and other non-European

ment will doubt the wisdom of the Council in deciding to proceed with an adequate achemo or fail to applased their courage in deing so in a period of special difficulty. It is a widely accepted theory that periods of degression place on Coverments and Local Author-tites a special responsibility to frame and carry out large pro-grammes of public works, not only because money is generally cheaper lands still continue to buy free-ly as sellers make offers at attractive prices. The general situation is still over-shadowed by uncertainty as to how the American Farm Board will ultimately dispose of their accumulated stocks.

than in times of industrial pre-perity but because question of sta-bility and the reduction of un-employment are directly influenc-ed by the ability of the community to institute progressive schemes of public utility. Nairobi has reached their accumulated stocks. The recent announcement that they will not support the market by buying new wheat is regarded in many quarters as a final confes-sion of failure and incidentally a public utility. Nairobi has reached the stage in its development when it requires a proper home for the more efficient conduct of its affairs. The charpeter of public buildings has an important bearing upon the development of a community. last desperate effort to urge the American farmers to reduce their Spring wheat acreage.

SCOTTISH CUP FINAL

Celtic Win the Rep

A change was wrought in the second half, when the Celtic centre reduced the leeway by a goal. Following on top of this came a cruel gesture on the part of Destiny. Craig, the Motherwell pivot, accidentally put through his own goal, and so brought the scores level. The replay of the final took place on Wednesday, Hampden Park being again the venue. The crowd of Saturday came near to be equalled in mid-week.

as, when the game was started, ninety thousand spectators had entered the historic enclosure of the Amateurs.

In fine weather the Celtic gain ed their thirteenth victory in the Cup by defeating Motherwell by four goals to two. The first goal came nine mi-

The first goal came nine mi-nutes after the start, when Themson put the Farkheaders one up. Murdeck got the equaliser after twenty-six mi-mutes play, but McGrery soon regained the lead for his team. Thomson got number three just before the interval was reach-ed, Celtie leading at halftime by

ed, Ceitle leading at haltime by three goals to one.
Motherwell, who had been guilty of many blanders during first period, and more parties larly towards its close, ands a wenderful rally in the second half. Stevenson brought the lead hack to one, but thereafter the drivenings always lay with the Ceits, whose defence the oppoin-tment of the control of the control of the control of the control of the three control of the c

tion were unable to break down.
Four minutes from the end Me-Grory put en a fourth for

MERITS OF "THE MASHER"

Rustom Pasha for the "City and Suburban".

(Auriga).

I have first to correct two errors which crept into my article. Lest week. I referred to "Reveillon" as being the property of Sir John Rutherford. This promising celt in fact owned by Sir George Bullough, who has not had the good fortune to own a really good horse since "Golden Myth" won the Eclipse Stakes and the Ascot the Eclipse Stakes and the Ascot Gold Cup in 1922

Secondly, I mentioned that cuntess McCormark's "Bant Secondly, I mentioned that the Countess McCornarks "Santillo" was being trained at Whatcombe. I understand that "Santillo" is actually in Mr. Moore O'Ferrall's actually in Mr. Moore O'Ferrall's stable in Ireland. This coils by "Banasvino" — "Tillywhin," is said to have wintered extenoriin-arily will, and his connections have the highest hopes of his have the highest hopes of his

Next week I shall be able to review the results of the first im-portant races for three pear-olds such as the Union Jack Stakes, the Greenham Plate, The Craves Stakes and the Column Produce Stakes and the Column in regard to the classic races should then be less obscure.
