KENYA

Flying Swarms

Turkana Province—Northern part has not revealed the presence of any swarms in Koro. Turkana, Nandi, swarms have been observed from Kakuma, 100 miles from Uganda towards the Indian Ocean on the Turkana River for some time, but it is believed that the area is clear. There are severe infestations in the East Hill plateau and some swarms have moved there towards Harard.

Nairobi Province—No report received.

Nyasaland Province—Swarms are reported from 300 August going North and East from Malindi.

General

Although no damage to crops has been reported during the past week, it is believed that there has been sustained in the East Hill, in the Turkana, Nandi, and other areas.
