INCREASED TAXATION AND DRASTIC ECONOMIES.

£74,000,000 Deficit to be Reduced to Surplus of £1,500,000.

ALL CLASSES TO HELP.

£39,000,000 This Year From Higher Income and Other Taxes.

Ministers, M.P.'s, Judges' and Teachers' Salaries Reduced.

The Chancellor of the Exchequer placed before the House of Commons on Thursday the Cabinet's proposals to meet the present crisis. If the expectations are realized, Britain's Budget will be balanced and the enormous deficit turned into a surplus of one and a half million pounds.

DEFICIT TAXATION

Standard rate of Income Tax increased by sixpence making a total of five shillings in the pound. Exemption allowances reduced in proportion which pays half the standard rate to be substantially reduced.

DEFERRED TAXATION

Duty on beer raised by one penny per pint. Duty on tobacco raised by eight-pence per pound. Petrol tax raised by two-pence per gallon. Higher entertainment taxes.

The Finance Bill will contain proposals designed to facilitate conversion of the 5 per cent. War Loan.

The four principal of the House were revealed when Mr. Lloyd George described as one of the most drastic measures proposed in his Budget to his M.P.'s.

By the proposals for economic deflation the Government intend to reduce the present £400,000,000 deficit to £200,000,000 by the end of the year.

The Budget provides for the raising of £200,000,000 in the current financial year by the imposition of a tax on the profits of companies.

The personal allowance for a married man is reduced from £232 to £130, and for a single man from £132 to £100.

The Government's White Paper laid out the proposals for the current year. The total amount of £200,000,000 is the sum of £100,000,000 from the new tax on profits and £100,000,000 from the reduction of the personal allowance.

The changes in income tax are substantial. The standard rate of income tax is increased from 5s. to 5s. 6d. per pound.

Opposition could not manage to secure a majority. A crisis is averted.

One dramatic incident occurred during his speech when the Prime Minister was interrupted by a member of the Opposition.

Referring to such in the untranslatable language of the House, he said that he had considered the question of the proposed financial transaction with Ireland.

The 'A' Plan Assumption. Judging from the foreign press, the Government are not likely to be able to secure a majority.

Foreign Press Comment. The Budget will be a landmark in the history of the British Empire.

Further Investigations. The Government will be asked to provide a detailed account of the proposed financial transaction with Ireland.

Defence Service. The Government will be asked to provide a detailed account of the proposed financial transaction with Ireland.

Mr. Chamberlain declared that the policy of the Conservative Party is to maintain the present position as far as possible.

**MAKING MONEY DURING THE DEPRESSION.**

**British Legion Shows How It Can Be Done.**

**The Doctor's and Dentist's Verdict**

**Odd**

**PROVED THE BEST FOR MOUTH AND THROAT**

"Come right in," said the man at the gate, and I did. He took me to the house and led me to the dining room.

The British Legion knows how to make money. On Saturday they were brought down to the table for the evening. They made money here, till it was too late to go to bed.

They transplanted a piece of ground during holiday season and dug in it the Railway Works of Namoi, and several hundred thousands of people there to enjoy it. The result was wonderful.

Economic depression became a general affliction. Everyone had forgotten all about it, and there was practically no question of making money in the sale of goods in the stable. Nobody was spending money into a colossal volume of selling, and people did not want to make money.

**Largely Attention.**

It was a long time that had planned to do this. He had had things were in full swing there. It is a holiday in need to get a party of men. He had had a party of men in the days of the depression. He had had a party of men in the days of the depression.

"What would you do if you were the kind you are?" is a question which has been asked me Saturday. It was simple to respond to, for, on a single moment, and I have a chance to get on my feet. I have a chance to get on my feet. I have a chance to get on my feet.

**A Busy Man.**

Probably the busiest man of the year in this country is James Watson, a Scotchman who has a household of five and a half-acre estate in the hills of Scotland. He has a household of five and a half-acre estate in the hills of Scotland.

# WHAT LONDON HAS DONE FOR SISAL INDUSTRY

## Sub-Section Outlines Its Main Achievements.

### REPLY TO "E.A. STANDARD."

#### Five Year's Efforts To Get Lower Shipping Freights.

On June 20 last the "East African Standard" criticised editorially the negative policy of the Sub-Section of the Chamber of Commerce during the present crisis in the industry.

The Sub-Section has replied to the criticisms in the letter published below.

At a time when the sisal industry is facing difficult problems, the subject of representation in London is of great importance to the producer.

#### Would Welcome E.A. Suggestions.

The reply, dated the 14th of September, is in the following terms: "The Editor of the 'Standard' has in his issue of the 20th June 1931, criticised editorially the negative policy of the Sub-Section of the Chamber of Commerce during the present crisis in the industry."

The members of the Sub-Section and Committee were held in conference with Major Leatham and his colleagues from Kenya, with special reference to the sisal industry.

There are other important points to be considered, and the Sub-Section is unable to do so in this article.

The main proposal of the Sub-Section is to get lower shipping freights, and this is the only way to get lower prices for sisal in London.

The Sub-Section has also been successful in getting the Government to subsidize sisal exports.

The Sub-Section has also been successful in getting the Government to subsidize sisal exports.

## The Kenya Defence Force. (Continued from page 17)

of the establishment. It is true that the position of the Defence Force is a weak one, but it is not as weak as it is often represented to be. It is a force which is being built up, and it is a force which is being built up in a way which is in the best interests of the Colony.

## Nairobi Aerodrome.

### CONSTRUCTION OF A RUNWAY.

It is notified for general information that the construction of a runway across Nairobi 3 1/2 miles from the city is well advanced. The runway is to be 1,000 feet long and 100 feet wide, and it is to be built on a site which is well suited for the purpose.

## Defence Force.

WEAKNESSES IN LONDON SISAL MARKET.

Lack of "Direction" by the East African Growers.

IN HANDS OF MERCHANTS.

Mexican Agent's Offer to Co-operate with the Producer.

By a coincidence, the "East African Standard" brought by the same mail as that which brought the reply by the Sisal Board to the Chamber of Commerce to the "Standard's" criticisms, a letter from a Mexican Agent of the Co-operative Society of Yucatan.

In that letter, which is published below, the agent asserts that the mission of his Society is to maintain prices to the producer and eliminate all speculative elements.

He offers, on behalf of his Society, to co-operate with the East African producers.

The writer argues that the low price of sisal is due to the defective working of the London Sisal Market, where merchants and brokers are not concerned with the interests of the producer and are also to the "complete lack of direction" by East African Sisal growers in regard to selling and shipping their sisal to the London market.

He urges organization in East Africa "direct intervention" by them in the London market, which is at present in the hands of intermediaries.

Who Depressed the Price?

"The Editor, 'E. A. Standard' writes in the Standard magazine for August 1920: 'The writer is the General Manager for the American Export Company, Yucatan, co-operative Society, established in Yucatan (Mexico) for the purpose of selling sisal from the sisal plantations in that State to the outside world.'"

"I am glad to see that you are taking these steps to remedy this situation. If they take lack of direction in the market, will immediately and comprehensively agree with you, thereby preventing the ruin of sisal which they are more and more doing."

"I am glad to see that you are taking these steps to remedy this situation. If they take lack of direction in the market, will immediately and comprehensively agree with you, thereby preventing the ruin of sisal which they are more and more doing."

"I am glad to see that you are taking these steps to remedy this situation. If they take lack of direction in the market, will immediately and comprehensively agree with you, thereby preventing the ruin of sisal which they are more and more doing."

"I am glad to see that you are taking these steps to remedy this situation. If they take lack of direction in the market, will immediately and comprehensively agree with you, thereby preventing the ruin of sisal which they are more and more doing."

"I am glad to see that you are taking these steps to remedy this situation. If they take lack of direction in the market, will immediately and comprehensively agree with you, thereby preventing the ruin of sisal which they are more and more doing."

the interests of the producer, and in making transactions, do not bother about anything more than making a profit, or at least, of safeguarding their investment.

"By a merchant who operates exclusively in the hands of the most important source of sisal in the world, the interest, therefore, is confined to the problem of how to get the lowest possible price.

"It is for this reason that sisal is sold in London as it is also to export. It is for this reason that sisal is sold in London as it is also to export. It is for this reason that sisal is sold in London as it is also to export."

"I am glad to see that you are taking these steps to remedy this situation. If they take lack of direction in the market, will immediately and comprehensively agree with you, thereby preventing the ruin of sisal which they are more and more doing."

"I am glad to see that you are taking these steps to remedy this situation. If they take lack of direction in the market, will immediately and comprehensively agree with you, thereby preventing the ruin of sisal which they are more and more doing."

Not good OIL alone nor good PETROL alone makes starting easy - it is the COMBINATION THAT COUNTS. QUICK STARTING petrol is little use in cylinders overfilled with oil that can't stand the shock. Further no oil however good can give you a quick start if your petrol does not vaporize readily in the cold manifold and cylinders. The combination that Shell offers you and make starting so easy starting does not start.
