THE KENYA DEFENCE FORCE.

Amending Bill to be Introduced.

At a previous meeting Mr. Robinson appointed a Department to visit upon Government to suggest into Government's attitude as to the future of the Kenya Defence Force and its present status.

Last week's meeting of this body, the Secretary, Captain J. E. Dixon, reported the receipt of a letter from Government in reply to the application for the re-appointment of a Department. The letter stated that it was intended to introduce a Bill to amend the Defence Force Ordinance at the meeting of the Legislative Council, which was apparently would no doubt occur for the month of June of the present session.

The Amendment drafted in this regard to allow the matter to drop.

It is stated that the Kenya and Kinyasiya forces are to be combined into the Kenya Force and the introduction of a Bill.

It will be at once apparent that the above-mentioned of all Departments will be essential to realize the above-mentioned proposals.

The proper coordination of administrative and technical officers is a powerful factor in increasing production, as any attempt to

THE TANNING INDUSTRY IN KENYA

Proposal for Doing with Competition.

The necessity for protecting the industry against a foreign rival, investigated by the Public Chamber of Commerce with a view to introducing a protective duty being proposed.

A communication was made to the Public Chamber of Commerce by Mr. C. P. Young, President, presented the following memorandum to the Chamber at its monthly meeting.

Imports of Leather.—The Customs Reports for 1929 and 1930 (Table III, Group 1) show the imports of leather into Kenya as follows:

1929. From India, 1,608 cwt. valued at £12,800; equal to 118 lb. per cwt.; from elsewhere, 2,500 cwt. valued at £20,041. 1930. From India, 1,608 cwt. valued at £12,800; equal to 118 lb. per cwt.; from elsewhere, 1,925 cwt. valued at £14,400.

It is said that 90 per cent of that sum was used as sole and shoe leather, and the remainder as harness leather.

Value C.I.F. 1929 £12,800. Add Customs Duty 20 per cent = 2,560. Total at 30 per cent = 15,360. Add Freight at 10 per cent = 1,536. Total = 16,896. Add Cost freight, 700.00 etc., at 4%.

The following information is furnished in view of the selling of the 1,725 lbs. of cotton yarn, which was sold at 100/- per lb.

The Public Chamber of Commerce has been asked to consider the following memorandum in connection with a view to recommending...

1929. From India, 1,608 cwt. valued at £12,800; equal to 118 lb. per cwt.; from elsewhere, 2,500 cwt. valued at £20,041.

1930. From India, 1,608 cwt. valued at £12,800; equal to 118 lb. per cwt.; from elsewhere, 1,925 cwt. valued at £14,400.

It is said that 90 per cent of that sum was used as sole and shoe leather, and the remainder as harness leather.

Value C.I.F. 1929 £12,800. Add Customs Duty 20 per cent = 2,560. Total at 30 per cent = 15,360.

Add Freight at 10 per cent = 1,536. Total = 16,896. Add Cost freight, 700.00 etc., at 4%.

Total = 17,596. Add 10 per cent = 1,759.60. Total = 19,355.60.

Think capacity is roughly 20 per cent per pound.

Recommendations.

KENYA'S UNKNOWN MINERAL WEALTH.

Necessity for Provision of Funds for Thorough Survey.

APPEAL TO GOVERNMENT.

Strongly Supported by Director of Public Works.

The assembly of a thorough geological survey was endorsed at the meeting on Thursday of the Honorary Council of the Chamber of Commerce and given the emphatic support of the Director of Public Works, Hon. H. H. Sikoa. Government is to be asked to provide funds to enable it to carry out an initial financial survey of the Colony proper.

The matter arose through the presentation of a paper and a supplementary address by Mr. A. J. F. Walter, M.C., and Mr. A. Walter, the Government Scientist. He took his Master of Science degree at McGill University in Montreal, Canada, in the past three years. Mr. Walter has been engaged in geological and economic work under Dr. Butcher in Northern Rhodesia, and has been in the service of the Government since the opening of the refinery at McGill has had considerable experience of mining in all parts of America. Mr. Walter is known to the Chamber of Commerce, and his papers may have a considerable influence on the future of Kenya. It is at present somewhat uncertain as to whether the paper to the Chamber was as follows—

My paper to the Chamber was as follows—

Previous Attempts.

TOPICS OF THE TURF.

Three Recent Thoroughbred Importations to the Colony.

TWO PROMISING YEARLINGS.

Breeding Records Which Should Leave Mark on Kenya Turf History.

(Amp.)

During the past month the British Bloodstock Agency Ltd. has sent out three thoroughbreds to Kenya, one brood mare and two of these importations may be of interest to my readers.

The first is a mare named "Gilda" bred in the bay mare, "Gilda" bred in 1924, and got by "Glennaholm" of "Glennaholm" by "Frank" who was 22,000 in stakes in England and South Africa, including the Durban July Handicap, "Glennaholm" the sire of "Gilda" was 25,000 and was a very high class sprinter by "Colo," the Derby horse of 1907, out of "Brewster" by "Whirlaway." As a two year old "Glennaholm" won the Melton Stakes beating "Grand Rapids" and the following year won the Middlesex Handicap, and the Sussex Stakes. (1 mile) at Goodwood. He also ran second in the Great Chealse Handicap and the St. James Palace Stakes, and the Grand Pyrenees Ascot. As a four year old "Glennaholm" won the Stewards Handicap (5 furlongs) at Nottingham, and the second "Regina Measure" in the Royal Hunt Cup.

"Glennaholm" wound up his career as a five year old by winning the Suffolk Borough Handicap. The Stewards' Handicap at Stockton, and the Portland Plate, carrying top weight in each of these races. This very fast horse was also beaten a head by "Titanic" in receipt of 21 lbs. for the Royal Hunt Cup. "Glennaholm" retired to the stud in 1922, and in October of the same year had sold the winners of 642 race worth £29,077.

A Stud Record.

"Gilda" has bred three foals in England and one in India in "Frustration," a son of "Gold-finch" and the "Buckley's" stable mare "Doubtful Quiet." "Frustration" was a high class two-year-old winning three races worth £23,000. He was tried to be very good in the spring of 1927, but unfortunately broke down in the Greenham "Plate" "Frustration" is a handsome grey horse, (16 hands) very reminiscent of his grand-sire, "The Tetrarch," and seems an excellent stud sower. His first crop of 12 two-year-olds reach this year, and will only then remain to represent his stud-sire. He is the sire of "Diana Dapple," a winner of 23 race worth £200, and "Patience" a winner of 12 race worth £200.

"Gilda" should be a great question to the Lichfield Stud, and it is hoped that her progeny by "Frustration" will be a filly.

of "Nash Chain" by "Colo" "Valera" was a good race horse who was 24,000 in stakes and two second to "Bayard" in the "St. James." He retired to the stud in 1911, and sired the winners of 1062 race worth 200,000. Many by "Valera" have also produced fine good winners. Recent and able examples are "Alicia Bay," the dam of "Victor Whirlaway," and "Fascia" the dam of "Gold-finch" and "Grand Peace."

"Sensday" and "Elna" are at present in the hands of the National Stud. These horses who are interested will be allowed to view the new yearling filles, provided they make an appointment with Mr. Dwyer.

They have arrived in excellent condition and it is really remarkable that it has been possible to obtain such promising yearlings so early in May.

E.C.F. THREAT TO THE DAIRY INDUSTRY.

Are Kenya Farmers Their Own Worst Enemies?

DIPPING AND FENCING.

Remarkable Figures From a Well-Known Lumbwa Estate.

(Special to the "East African Standard" by Sydney Currie)

In these days of agricultural depression, a depression which is, by the way, a national depression in every way, it is surprising to advertise to proprietors that the farmer at home is a sufferer of only two periods of difficulty.

The Kenya Outlook.

Because it is probably normal that no assistance will be given to the Kenya farmer that the way of health is probably through the market will always be gradually better. It is therefore well worth the question of the Kenya outlook.

The Dairy Industry.

In dairy produce the potential losses are enormous, given good stock management and the fact that the loss is due to the fact that the sheep is cheap to buy and cheap to keep. The loss is due to the fact that the sheep is cheap to buy and cheap to keep. The loss is due to the fact that the sheep is cheap to buy and cheap to keep.

Dipping and Fencing.

It is to be said that dipping, fencing and tick eradication are the three main factors in the success of the dairy industry. It is to be said that dipping, fencing and tick eradication are the three main factors in the success of the dairy industry.

PUBLICITY FOR KENYA.

Value of the Cinema in the Scheme.

The appointment of Nairobi Chamber of Commerce representative to the Kenya Film Commission has been a step in the right direction. It is to be said that dipping, fencing and tick eradication are the three main factors in the success of the dairy industry.

The T.H.C.P.

It is not denied that if tick and tsetse fly are to be eradicated, the Kenya Chamber of Commerce representative to the Kenya Film Commission has been a step in the right direction.

Personal Experience.

For me produce some figures to support my contention that the loss is due to the fact that the sheep is cheap to buy and cheap to keep. The loss is due to the fact that the sheep is cheap to buy and cheap to keep.

Delling 'Omas' Areas.

It is to be said that dipping, fencing and tick eradication are the three main factors in the success of the dairy industry. It is to be said that dipping, fencing and tick eradication are the three main factors in the success of the dairy industry.

DEATH AFTER QUARREL OVER SIX CENTS?

Murder Charge Against an Arab.

Murder committed for six cents in what is said to be the most sensational case in the history of the Kenya Colony. It is to be said that dipping, fencing and tick eradication are the three main factors in the success of the dairy industry.

MARRIED AT CATHEDRAL OF THE MIDLANDS.

The wedding took place at the Cathedral of the Midlands. It is to be said that dipping, fencing and tick eradication are the three main factors in the success of the dairy industry.

Keya Coffin.

An attractive illustrated booklet, entitled "Keya Coffin," has been published by the Kenya Chamber of Commerce. It is to be said that dipping, fencing and tick eradication are the three main factors in the success of the dairy industry.

KENNEL NOTES.

ROOSEVELT AND THE WESTERN STATES.

To the Editor, "E.A. Standard,"—I find your article on the life of our interesting and helpful writer very interesting. I would like to know if you would like to see my work? I am a white man living in the Western States of the U.S.A. I am 26 years of age when I started with my father with his own firm, he was in the Government when he was in the Western States.

The short history of the mining of the Western States is identical with that portrayed by Roosevelt in his "The Great West." I am an enthusiastic supporter of Roosevelt's views on the mining industry. I was awarded of talking about and discussing the mining industry in the Western States in my country of Kenya. I do not speak in public all but in the form of lectures to my countrymen. I am a white man living in the Western States of the U.S.A. I am 26 years of age when I started with my father with his own firm, he was in the Government when he was in the Western States.

This is the general aim of all of my writing. I do not think I am a white man living in the Western States of the U.S.A. I am 26 years of age when I started with my father with his own firm, he was in the Government when he was in the Western States.

LADIES' FASHIONS.

A Letter from Paris.
 Other materials come and go, but the styles that are made for the winter are so many. Some are so fine that it is to be feared, while, with very few exceptions, to make it hang properly. There is the little, contemporary jacket in one which is a very shabby-looking one, which looks more like a coat than a jacket. It is made of a material which looks more like a coat than a jacket. It is made of a material which looks more like a coat than a jacket. It is made of a material which looks more like a coat than a jacket.

Use the Gown as Made.
 Of course everything depends on the model and the material. Some were carried out in very simple lines, but some were carried out in very elaborate lines. Undesirable Features Which Oil Companies Desire to Eliminate.

The letter which appears in the current issue under the heading of "Commercial Men's Views" and which deals with the petrol and tyre trade and which has been published in this issue, has attracted considerable interest.

Enquiries made by representative of the East African Standard elicited the information that the oil companies are now in the position to-day and in the future of the conditions which prevail in the industry.

value to the trade generally in the country including the petrol companies. It was there done with three firms were supplied with goods, whether petrol or oil or tyre, which would save and deal honestly it would mean that the handling of motor oil and tyre would be in the hands of those dealers upon whom reliance could be placed.

The tyre industry, however, is the direct representative of the tyre manufacturing companies, as well as of the unaffiliated state dealers of affairs, and admit that it is possible to remedy their tyre in Nairobi at prices considerably below those which are listed.

Over-acidity and Flatulence

Horse's Acids Suffering Caused by Amnesia

A horse, the doctor said, has a very sensitive stomach. It is not surprising, therefore, that a horse which has been suffering from over-acidity and flatulence should faint after a meal. This is what happened to a horse named "Amnesia" who was brought to the clinic of the University of Liverpool on December 1st. The horse had been suffering from over-acidity and flatulence for some time and had been treated with various drugs. It was found that the horse had been suffering from over-acidity and flatulence for some time and had been treated with various drugs. The Entertainment Tax.

The Government of Kenya were very yesterday in agreement to report progress after the debate on the motion for the second reading of the Entertainment Tax Bill. Of all the points made during the debate, the only one which was of first-class importance was the fact that the Government of Kenya should accept the recommendation that the revenue proposals when it is presented to the Legislature should be given in full in cases where suggestions to increase the revenue are related to Government duties or other forms of revenue which the Government cannot easily expect to be taken into account. The Government Treasury, but as a general principle of taxation made by the Government should be given in full in cases where suggestions to increase the revenue are related to Government duties or other forms of revenue which the Government cannot easily expect to be taken into account.

EVERTON—THE WONDER TEAM.

Their Record in Recent Matches.

Everton look like being the wonder team of the season. For the second time in some seven weeks they have notched no fewer than nine goals against opposition. Their record for their last ten matches is eight victories, one lost and one drawn. Not since Arsenal beat them ten weeks ago have the Goodison Park men lost and the only point dropped in the interval was when Huddersfield ran them to a goalless draw at Blackburn. In the course of the last ten games they have collected forty-two goals.

Trust Corporations.

Opposite the "E.A. Standard" (Daily News) returns to the "E.A. Standard" of Friday's "E.A. Standard" for the following objection has been raised to it. This was the Corporation. (The bank and Administration) Ordinance, which was also to read that the bodies defined in the words "Trust Corporation" should have a subchapter applied of non less than £20,000. The definition means any incorporated banking or financial or guarantee company or any body corporate, each of which must in future have the necessary capital.

RAIL AND PORT BUDGETS.

Estimate Deficit of £162,000 in 1932.

The 1932 Estimates of revenue and expenditure of the Kenya Railways and Harbours were laid on the 29th inst. by the Controller of Kenya on Friday.

Balances Available	£180,640
Railway Expenditure	£1,686,546
Harbours Revenue	£260,640
Harbours Expenditure	£227,000
Total Deficit	£162,000

The figures of expenditure given above include depreciation charges each year representing the working expenditure of both revenue and capital assets.

A memorandum by the General Manager explains that to obtain the revenue necessary for 1932 the Kenya Railways will have to raise an additional £50,042.

On the expenditure side there has been a reduction in working costs of £654,658 compared with 1931—a decrease of 55.4 per cent. This figure shows that the working costs of the Administration has effected economies in working.

Native Crown Maize.

On the other hand, the rates laid down by the Secretary of State to govern depreciation have resulted in an increase in this item of £73,310.

Mineral Water.

The working expenditures, including depreciation, amounted to £1,217 by the Kenya Railways compared with £1,313 per cent in 1931. This figure shows an increase in expenditure in the year of £96,000. This increase is explained by the fact that in 1931 the revenue was £1,310,000 and the expenditure £1,406,000.

On the revenue side a new item has been added, namely, the salaries and wages paid is expected to bring in £19,500 for the year of £19,000 for the year of £19,000.

On the expenditure side, the increase is £162,000, which is due to the fact that the Kenya Railways had a deficit of £162,000 in 1931. This figure shows an increase in expenditure of £162,000 compared with 1931.

On the revenue side, the increase is £19,500, which is due to the fact that the Kenya Railways had a deficit of £162,000 in 1931. This figure shows an increase in expenditure of £162,000 compared with 1931.

To the Editor, "E.A. Standard," Sir—I am sorry to hear that the morning edition of the "East African Standard" is not published with regard to a discussion on the subject of the meeting of the Nairobi Chamber of Commerce with reference to the Loan Funds for buildings.

It will be remembered that this letter to the Editor was published in your report, and as the meeting was published in your report, and as the meeting was published in your report, and as the meeting was published in your report...

It is not the function of the Chamber of Commerce to act as a party to public. All the same, the Chamber of Commerce is the backbone between politics and the business of the country...

What I did say was that the Government's reply was unsatisfactory and unsatisfactory. I said that the Government's reply was unsatisfactory and unsatisfactory.

F. CAVENTOSH BENTINCK, Nairobi, November 21, 1931.

To the Editor, "E.A. Standard," Sir—I have read, with much interest, the article in the Standard regarding the proposed building of a new school for the purpose of the Government of Kenya...

Kenya Produce Market... The price of the Government of Kenya...

To the Editor, "E.A. Standard," Sir—The following items may be of interest to your readers. My remarks and the price given in your report...

The writer who is quoted in the "East African Standard" as having said that the Government of Kenya is not interested in the production of butter...

It would be interesting to know whether, whether Government has such powers. Supporting them, I have a word to say that I will not be a party to the Government's policy...

Killing during the week and the 24th of October were: Denmark 144,000, Holland 4,800, Sweden 27,000, Poland 217,700, Total 181,900.

It is, however, extremely difficult to explain why all the Government's employees are not given sufficient means to take a 'trip home' for the holidays...

During the week under review, the price of the Government of Kenya was 100 per cent. The price of the Government of Kenya was 100 per cent.

THE LEVY ON SALARIES OF CIVIL SERVANTS.

His Excellency's Desire to Participate.

The Acting Governor-General, Sir Lewis Gordon, has issued a circular which states that the levies on the salaries of civil servants should be paid by the Government, and not by the servants themselves. The levies were introduced in 1922 as a means of raising revenue for the Government, and have since been a source of much controversy. His Excellency's desire to participate in the levies is a significant step towards relieving the financial burden on the civil servants.

The Acting Governor-General has issued a circular which states that the levies on the salaries of civil servants should be paid by the Government, and not by the servants themselves. This decision is a relief for many civil servants who have been struggling with the financial burden of these levies. It is hoped that this will encourage more people to join the civil service.

Supplementary Estimates.

The Acting Governor-General has issued a circular regarding the supplementary estimates for the current year. These estimates are essential for the Government to maintain its operations and provide services to the people. It is hoped that these estimates will be approved by the Legislative Council.

REDUCTION IN PRICE OF

The Kenya Quick Letter File.

for up-to-the-minute Filing Systems.

This is one File.

This is the one which makes all your papers available immediately.

1. Illustration No. 1 shows the file with the papers securely bound into the folder. Every paper is in position for immediately reference.
2. One of the great advantages of this file is that the margins are plainly visible, thus you have a complete reference to all details on the pages.
3. Remember, that you can remove or add any paper you wish without disturbing the other papers in the file. Your papers are always in order — always neat — always tidy. It is the one file which definitely supercedes any other file placed on the market.

The mechanism is fitted with manilla covers, in six colors, foolscap size. The fittings are metal and highly nickel plated.

The only file file with all the advantages of the level arch file.
Prices—Foolscap Size: Shs. 102.00 Gross.
Shs. 9.00 Net.
