Fearing Loss of a British Submarine.

FAILED TO RISE AFTER NEAR SHOOT COAST.

54 Men on Board.

FEVERISH RESCUE ATTEMPTS BY AID OF SEARCHLIGHTS.

The loss of a British submarine with six officers and 48 men is feared.

The first suggestion of tragedy was when the wireless operator on board the patrol ship failed to get any messages from the submarine which had driven some three miles from the coast.

Attempts at rescue are proceeding feverishly. The submarine was so equipped as to be able to remain under for 48 hours in an emergency.

Casual Revelation of New Speed Record.

BRILLIANT DASH FROM ROME TO SHORES OF VICTORIA.

48 Hours to Kismu.

FLYING SCIENTISTS' UNEXPECTED ARRIVAL IN NAIROBI.

Without any sort of preliminary announcement two Italian airmen have just returned from a flight from Europe to Kenya.

Their intention was to set up a new record for a flight to the Cape and although a delay at Kismu derailed their plan, they are returning to Rome in order to attempt to make the flight from Italy to South Africa in three and a half days.

Yesterday afternoon they arrived at Nairobi from an American steamer which is spending a holiday flying about the world.

A New Holiday.

Kenya and its people have been so busy that they have not had time to go to the Cape and although a delay at Kismu derailed their plan, they are returning to Rome in order to attempt to make the flight from Italy to South Africa in three and a half days.

Stubborn Fight at Murrayfield. VICTORY IN STORM OF WIND AND RAIN.

In the last match of their tour the South African team headed by the captain, J. H. van der Merwe, defeated the Scots at Murrayfield, Edinburgh, and thus, by defeating all the home countries, repeated the triumph of the 1912 touring side.

As a spectacle the match was a disappointment to the crowd, estimated at one 40,000, from the material fact that the home players were absent.

Locust Expert's Gloomy Forecast of Invasion.

PRESENT OUTBREAK MAY LAST ANOTHER TWO YEARS.

Dr. Uvarov's Advice.

REPETITIONS ALMOST INEVITABLE DURING NEXT DECIDE.

Dr. Uvarov of the Imperial Institute of Entomology who is probably the foremost living authority on locusts, declares there is scarcely any doubt that the present locust infestation in East Africa will continue for at least one or two years and possibly much longer.

He is of the opinion that the repetition of the terrible experience of the last few years will occur some or later within the next ten or fifteen years with even greater epidemic consequences.

More Laying Reported.

An expert opinion on the locust position in East Africa has been given for the use of the Joint East African Board in its recent conference with the Colonial Offices. Dr. Uvarov, probably the foremost living authority on the question, is he is presently identified with the Imperial Institute of Entomology. Dr. Uvarov pointed out that the locusts had passed very favourably (Continued on page 2).
