new development has arisen in connexion with the by-election to fill the vacancy on the Nairobi Muni-cipal Council for the Hill Ward.

The Nairobi Association had arranged to hold a meeting this evening at the K.D.F. Institute at which all three candidates were invited to speak. Two of them, Mr. C. Rand Overy and Mr. N. E. Frace, Wover, have declined the invitation, chiefly on the ground that the third candidate, Captain J. J. Dobson, is Secretary of the Association.

At the meeting to be held to-night, Captain Dobson will be the only candidate to give an address.

FOREIGN HEMP TO BE ALLOWED FREE INTO BRITAIN.

Rope Makers Protected.

VIGOROUS CAMPAIGN SUGGESTED TO EAST AFRICAN GROWERS.

asternation has been caused among East African sisal interests in London by the announcement that foreign sisal will still be admitted free to Britain and that no preference will be given to the Empire-grown article.

ish rope makers now have a 50 per cent. anti-dumping protection against foreign cordage, but unfortunately for the East African asal industry the foreign rope maker is their best customer.

is feared that the combination of sterling depreciation with the high protective duty now imposed will restrict purchases of East African shall by foreign countries and that the already depressed industry will consequently suffer another disastrous setback.

A vigorous campaign by East African growers is being urged in London.

WE can guarantee you quite free the thrill of your life when you put your foot right down on the accelerator of one of the New Fords. For sheer, effortless speed there is nothing to touch them.

Moreover, as has been amply demonstrated in the recent Hill Clinic Contest at Bracken-hurst, they are at their best on a steep grade where the going is rough and treacherous. Dear Sire,

The Chrysler 65, I bought in January,
1929, has just completed 50,000 miles, starts
at the first kick, does 20 m.p.g. of petrel,
3,006 m.p.g. of oil, averages 13,000 miles per
act of tyres, has cost to far Sh. -901 per mile
for repairs and hasn't a rattle. The all-in
cost is therefore about 28 cents per mile.

Yours faithfully,
