READY RESPONSE TO THE "E.A. STANDARD" CAMPAIGN.

Widespread Interest

EXPERTS AND VISITORS UNANIMOUSLY ADVISE A VIGOROUS PUBLICITY ADVANCE.

The "East African Standard" launched its Publicity and Settlement Campaign on April 11. Over the Top to Progress, the page-wide heading of the first article expressed in half a dozen words the association of ideas which must govern and direct the new movement.

East Africa is fighting a grim battle against a relentless enemy of economic depression and financial embarrassment. The struggle has entered a most momentous phase. Encouraging, spirit-breaking phase of stagnation paralleled by the trough waves of 1917-1918.

What is needed now is a determination to break the straits. The territories have to "over the top," out into the depressing no man's land of the future and push forward to progressive prosperity.

During the past fortnight twelve columns of the "East African Standard" have been devoted to special interviews and stories bearing on Publicity. In these dozen columns are the experiences of experts, the criticisms of visitors and the advice of public.

There has been enough discussion. What is needed now is a Policy.

Time for Action.

These impressive words have been the substance of the message of the day. During the past few weeks many people in Kenya have been busy in Kenya.

Old world ways, habits of easy living, habits of easy living, habits of easy living.

When it comes to the future of Kenya, the people are also to be congratulated.

Author Meeting. The "East African Standard" has been the subject of a special meeting.

Majority of 6 for Second Reading of Oath Bill.

Mr. DE VALERA DETERMINED TO REMOVE "HUMILIATING SHAM".

Obstacle to Progress.

Mr. COSGRAVE AND THE REPUBLICAN LEADER'S LOST HALD.

The Bill which aims at the removal of the obligation to take the oath of Allegiance to the King in the Irish Free State passed its second reading in the Dail by 77 votes to 71.

Mr. Cosgrave, late President of the Free State Executive declared that Mr. De Valera's main purpose was to remove a "humiliating sham" at the only way in which to do this was to pass the Bill.

Mr. De Valera said the Bill would take the declaration of co-regency of nations within the British Commonwealth and would remove the obligation to take the oath of Allegiance to the King in the Irish Free State.

No Hostility to Britain.

Mr. Cosgrave declared that it was his intention to pass the Bill in the Dail to-day and that he would not be deterred by the opposition of the Irish Free State Executive.

**Why Basic Grant is Being Reduced.**

**OFFICIAL EXPLANATION.**

**Part of the General Revenue.**

The basic grant from Government to the various district councils in Kenya has been reduced by £1,000,000 for the financial year 1926-27. This reduction is due to the fact that the Government has decided to reduce the basic grant from £1,000,000 to £800,000. This decision was taken by the Government on the 15th of March 1926.

The result of this, as explained in the Kenya Gazette, is that the Government will be able to reduce the basic grant from £1,000,000 to £800,000. This decision was taken by the Government on the 15th of March 1926.

AND THE OPERATING COSTS TOO HIGH.

"The Editor," "E.A. Standard," Sir—Your report of questions asked by the Hon. T. J. O'Brien, M.L.A., on the working of the Wheat Pool and the wheat industry, published by Government should be of good interest not only to farmers but to the business community generally.

The Outline in question precisely compared all wheat growers to sell their wheat through the Agency. The sole means of disposal by Government is the Kenya Farmers' Association, which is organized body representing a large number of wheat growers. The Commission reported in December last year that the wheat industry was a very much interested body.

From this it means being invited to consider the General Manager of the K.F.A. addressed a meeting of the Kenya Farmers' Association, which was held in Nairobi, Kenya, on the 12th of August, 1932.

Reading the report given you by Government to Mr. D. Hillier, it appears that for maintenance of wheat farmers, who are said to be 120,000 bags of wheat. The "Establishment" charges of the Government are estimated at 75 cents per bush. The Government is said to be making a profit of 10 cents per bush.
